A Memoir Rosetta Books

Briefly describes Hitler's childhood, education, initial involvement in politics, rise to power, conduct of the war, plans to murder millions of innocent civilians, final military defeat, and suicide

[The Rise and Fall of the Third Reich](#) Oxford University Press

Here is the first uncensored and intimate account of Germany in the Second World War. Here is the private, personal, utterly revealing journal of a great foreign correspondent, in which he tells the things he saw and experienced during the seven terrible years in which Hitler rose to power and conquered most of the continent. Millions of Americans who listened to William L. Shirer's remarkable broadcasts from Berlin and other European cities can read the things that couldn't be said through censored microphones. Nowadays, the name of William L. Shirer is virtually a household word among those interested in the study of his era. This is because of the publication in 1960 of his authoritative masterpiece, "The Rise and Fall of the Third Reich". Shirer had been virtually the only correspondent able to report on the startling events which occurred during the period 1934 to 1940, with the rise to power and eventual domination by Adolph Hitler. Shirer had been near to Hitler during this period and he almost alone was able to report first hand on the startling events of that period. Shirer was the only Western Correspondent in Vienna on March 11, 1938 when the German Troops marched in and took over Austria. Shirer alone was the one who reported the surrender by France to Germany on June 22, 1940, even before the Germans reported it. During this entire time, Shirer kept a diary, a record of events many of which could not be publicly reported because of censorship by the Germans. In December 1940, Shirer learned that the Germans were building a case against him for espionage, which was punishable by death. Shirer did the right thing: He escaped and fortunately was able to take most of his diary with him.

[Radio Broadcasts from Nazi Germany](#) Rosetta Books

A concise and timely account of Hitler's—and Fascism's—rise to power and ultimate defeat, from one of America's most famous journalists. American journalist and author William L. Shirer was a correspondent for six years in Nazi Germany—and had a front-row seat for Hitler's rise to power. His most definitive work on the subject, *The Rise and Fall of the Third Reich*, is a riveting account defined by first-person experience interviewing Hitler, watching his impassioned speeches, and living in a country transformed by war and dictatorship. William Shirer was originally commissioned to write *The Rise and Fall of Adolf Hitler* for a young adult audience. This account loses none of the immediacy of *The Rise and Fall of the Third Reich*—capturing Hitler's rise from obscurity, the horror of Nazi Germany's mass killings, and the paranoia and insanity that marked Hitler's downfall. This book is by no means simplified—and is sure to appeal to adults as well as young people with an interest in World War II history. "For nearly 100 years William L Shirer has spoken to us of fascism, Nazis, and Hitler. . . . [He] tells the unvarnished truth as he experienced it. . . . I figured this school-type book wasn't going to tell me anything new. But when I started reading, I realized that I wasn't reading for the facts anymore. I listened to his story and heard the urgency in his voice: a voice from nearly 60 years ago telling us the truth about today." —Daily Kos

*The Rise and Fall of the Third Reich*A History of Nazi GermanySimon and Schuster

The Long Night Rosetta Books

Philip Riteman is a Holocaust survivor whose mission is to educate today's youth on the atrocities committed against millions of Jews and Gentiles by Adolf Hitler's Nazi regime during World War II. From the Pruzhany Ghetto, Poland, Philip and his family were deported to Auschwitz-Birkenau.

There, his entire family was exterminated. As the lone survivor, Philip was used as a forced labourer

in five concentration camps, where he witnessed the cruellest treatments that can be inflicted on human beings: degradation, dehumanization, starvation, hard labour, daily beatings, torture, and deliberate, cold-blooded murder. Millions of Souls is told in three parts. First is Philip's account of life in his hometown and as an eyewitness to the struggle for survival in the concentration camps. Second is the story of Philip's exodus to Newfoundland after the war, where he discovered that there was still some humanity left in the world. Third is the story of Philip Riteman today, and his commitment to spreading his message: "Hate destroys people, communities, and countries. Love binds us all together and makes a better world." Philip Riteman's story was recorded by Mireille Baulu-MacWillie during a series of interviews at Philip's home in Nova Scotia, Canada.

Polemic novel based on McCarthy hearings and other current political scandals.

The Rise and Fall of Adolf Hitler The Rise and Fall of the Third ReichA History of Nazi Germany National Book Award Winner: The definitive account of Nazi Germany and "one of the most important works of history of our time" (The New York Times). When the Third Reich fell, it fell swiftly. The Nazis had little time to destroy their memos, their letters, or their diaries. William L. Shirer's sweeping account of the Third Reich uses these unique sources, combined with his experience living in Germany as an international correspondent throughout the war. *The Rise and Fall of the Third Reich* earned Shirer a National Book Award and continues to be recognized as one of the most important and authoritative books about the Third Reich and Nazi Germany ever written. The diaries of propaganda minister Joseph Goebbels, as well as evidence and other testimony gained at the Nuremberg Trials, could not have found more artful hands. Shirer gives a clear, detailed, and well-documented account of how it was that Adolf Hitler almost succeeded in conquering the world. With millions of copies in print, *The Rise and Fall of the Third Reich* is a chilling and illuminating portrait of mankind's darkest hours. "A monumental work." —Theodore H. White

The Mind of Adolf Hitler Pan

Published to commemorate the 70th anniversary of World War II, this completely new account of one of the deadliest conflicts in history opens with the buildup of hostility leading up to the war and concludes with the war's impact on modern history. 1,200 photos.

Hitler St. Martin's Press

After setting the stage with a look at the founding of the Republic in 1871, describes the political, social, and religious divisions in the country, the "Maginot Line complex" growing out of military trust in a defensive war, and the deleterious effect of the tragedy of World War I.

A New History Knopf

The classic history of Adolph Hitler's rise to power and his dramatic defeat.

A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.

The Germans Who Resisted Nazi Rule New York : Simon and Schuster

Michael Burleigh's *The Third Reich* presents a major study of one of the twentieth century's darkest periods. Until now there has been no up-to-date, one-volume, international history of Nazi Germany, despite its being among the most studied phenomena of our time. *The Third Reich* restores a broad perspective and intellectual unity to issues that have become academic subspecialties and offers a brilliant new interpretation of Hitler's evil rule. Filled with human and moral considerations that are

missing from theoretical accounts, Michael Burleigh's book gives full weight to the experience of ordinary people who were swept up in, or repelled by, Hitler's movement and emphasizes how international themes for Nazi Germany appealed to many European nations. It also focuses on the Nazi's wartime conduct to dominate the Continental economy and involve gigantic population transfers and exterminations, recruitment of foreign labor, and multinational armies.

1939-1945 Simon and Schuster

"Riveting...An elegantly composed study, important and even timely" (Kirkus Reviews, starred review) history of the Third Reich—how Adolf Hitler and a core group of Nazis rose from obscurity to power and plunged the world into World War II. In "the new definitive volume on the subject" (Houston Press), Thomas Childers shows how the young Hitler became passionately political and anti-Semitic as he lived on the margins of society. Fueled by outrage at the punitive terms imposed on Germany by the Versailles Treaty, he found his voice and drew a loyal following. As his views developed, Hitler attracted like-minded colleagues who formed the nucleus of the nascent Nazi party. Between 1924 and 1929, Hitler and his party languished in obscurity on the radical fringes of German politics, but the onset of the Great Depression gave them the opportunity to move into the mainstream. Hitler blamed Germany's misery on the victorious allies, the Marxists, the Jews, and big business—and the political parties that represented them. By 1932 the Nazis had become the largest political party in Germany, and within six months they transformed a dysfunctional democracy into a totalitarian state and began the inexorable march to World War II and the Holocaust. It is these fraught times that Childers brings to life: the Nazis' unlikely rise and how they consolidated their power once they achieved it. Based in part on German documents seldom used by previous historians, *The Third Reich* is a "powerful...reminder of what happens when power goes unchecked" (San Francisco Book Review). This is the most comprehensive and readable one-volume history of Nazi Germany since the classic *The Rise and Fall of the Third Reich*.

On the Rise and Fall of Nazi Germany Simon & Schuster

Chronicles the Nazi's rise to power, conquest of Europe, and dramatic defeat at the hands of the Allies.

Millions of Souls Macmillan

An alarming, deeply reported analysis of how close—and how often—the world has come to nuclear annihilation, and why we are once again on the brink.

The Rise and Fall of Adolf Hitler Young Voyageur

The classic history of Adolph Hitler's rise to power and his dramatic defeat

How the End Begins Dutton Caliber

The prominent journalist, historian, and author—an eyewitness to some of the most pivotal events of the twentieth century—tells the story of his final years. In the last book of a three-volume series, William L. Shirer recounts his return to Berlin after the Third Reich's defeat, his shocking firing by

CBS News, and his final visit to Paris sixty years after he first lived there as a cub reporter in the 1920s. It paints a bittersweet picture of his final decades, friends lost to old age, and a changing world. More personal than the first two volumes, this final installment takes an unflinching look at the author's own struggles after World War II—and his vindication after the publication of *The Rise and Fall of the Third Reich*, his most acclaimed work. It also provides intimate details of his often-troubled marriage. This book gives readers a surprising and moving account of the last years of a true historian—and an important witness to history.

Hitler: Downfall Simon & Schuster

The author of the international bestseller *The Rise and Fall of the Third Reich* offers a personal account of life in Nazi Germany at the start of WWII. By the late 1930s, Adolf Hitler, Führer of the Nazi Party, had consolidated power in Germany and was leading the world into war. A young foreign correspondent was on hand to bear witness. More than two decades prior to the publication of his acclaimed history, *The Rise and Fall of the Third Reich*, William L. Shirer was a journalist stationed in Berlin. During his years in the Nazi capital, he kept a daily personal diary, scrupulously recording everything he heard and saw before being forced to flee the country in 1940. *Berlin Diary* is Shirer's first-hand account of the momentous events that shook the world in the mid-twentieth century, from the annexation of Austria and Czechoslovakia to the fall of Poland and France. A remarkable personal memoir of an extraordinary time, it chronicles the author's thoughts and experiences while living in the shadow of the Nazi beast. Shirer recalls the surreal spectacles of the Nuremberg rallies, the terror of the late-night bombing raids, and his encounters with members of the German high command while he was risking his life to report to the world on the atrocities of a genocidal regime. At once powerful, engrossing, and edifying, William L. Shirer's *Berlin Diary* is an essential historical record that illuminates one of the darkest periods in human civilization.

Berlin Diary DK Publishing (Dorling Kindersley)

An acclaimed historian unfolds a monumental, eyewitness page-turner on the tragic fall of France to Hitler's Third Reich at the outset of WWII. As an international war correspondent and radio commentator, William L. Shirer didn't just research the fall of France. He was there. In just six weeks, he watched the Third Reich topple one of the world's oldest military powers—and institute a rule of terror and paranoia. Based on in-person conversation with the leaders, diplomats, generals, and ordinary citizens who both shaped the events of this time and lived through them on a daily basis, Shirer shapes a compelling account of historical events—without losing sight of the personal experience. From the heroic efforts of the Freedom Fighters to the tactical military misjudgments that caused the fall and the daily realities of life for French citizens under Nazi rule, this fascinating and exhaustively documented account from one of the twentieth Century's most important historians makes the events of the fall accessible to a younger audience in vivid and memorable style.
