COLEMAN RISHI

'Entertaining and Delightful' Samuel French, Inc.

Once a royal kingdom and then part of the British Empire, Burma long held sway in the Western imagination as a mythic place of great beauty. In recent times, Burma has been torn apart and isolated by one of the most brutal dictatorships in the world. Now, Zoya of

the, a young member of the Karen tribe in Burma, bravely comes forward with her astonishingly vivid story of growing up in the idyllic green mansions of the jungle, and her violent displacement by the military junta that has controlled the country for almost a half century. This same cadre has also relentlessly hunted Zoya and her family across borders and continents. Undaunted tells of Zoya's riveting adventures, from her unusual childhood in a fascinating remote culture, to her years on the run, to her

emergence as an activist icon. Named for a courageous Russian freedom fighter of World War II, Zoya was fourteen when Burmese aircraft bombed her peaceful village, forcing her and her family to flee through the jungles to a refugee camp just over the border in Thailand. After being trapped in refugee camps for years in poverty and despair, her family scattered: as her father became more deeply involved in the struggle for freedom, Zoya and her sister left their mother in the camp to go to a college in Bangkok to which they had won scholarships. But even as she attended classes, Zoya, the girl from the jungle, had to dodge police and assume an urban disguise, as she was technically an illegal immigrant and subject to deportation. Although,

following graduation, she obtained a comfortable job with a major communications company in Bangkok, Zoya felt called back to Burma to help her mother and her people, millions of whom still have to live on the run today in order to survive—in fact, more villages have been destroyed in eastern Burma than in Darfur, Sudan. After a plot to kill her was uncovered, in 2004 Zoya escaped to the United Kingdom, where she began speaking at political conferences and demonstrations—a mission made all the more vital by her father’s assassination in 2008 by agents of the Burmese regime. Like Ayaan Hirsi Ali, Zoya has become a powerful spokesperson against oppressors, undaunted by dangers posed to her life. Zoya’s love of her people, their land, and

their way of life fuels her determination to survive, and in *Undaunted* she hauntingly brings to life a lost culture and world, putting faces to the stories of the numberless innocent victims of Burma's military

Deep in an Iranian suburb, made rich by the booming oil industry, Clarice Ayvazian lives a comfortable life surrounded by the gentle bickering of her children and her gossiping friends and relatives. Happy being at the heart of her family, she devotes herself to their every need. But when an enigmatic Armenian family move in across the street, something begins to gnaw at Clarice's contentment: a feeling that there may be more to life – and to her –

than this. Dizzy with the sweltering heat and simmering emotions, Clarice begins to feel herself come alive to possibilities previously unimaginable. Set in Iran prior to the Islamic revolution, Zoya Pirzad's award-winning novel crafts an intimate portrait of family life - its joys and its compromises - and how we find a happiness that endures. For fans of Anne Tyler, *Things We Left Unsaid* is a humorous and pointed insight into the hopes and aspirations of Iranians in the years that led to the Islamic Revolution.

Wireless Connectivity: An Intuitive and Fundamental Guide
Wireless connectivity has become an indispensable part, a commodity

associated with the way we work and play. The latest developments, the 5G, next-generation Wi-Fi and Internet of Things connectivity, are the key enablers for widespread digitalization of practically all industries and public sector segments. This immense development within the last three decades have been accompanied by a large number of ideas, articles, patents, and even myths. This book introduces the most important ideas and concepts in wireless connectivity and discusses how these are interconnected, whilst the mathematical content is kept minimal. The book does not follow the established, linear structure in which one starts from the propagation and channels and then climbs up the protocol layers. The structure is, rather,

nonlinear, in an attempt to follow the intuition used when one creates a new technology to solve a certain problem. The target audience is: Students in electronics, communication, and networking Wireless engineers that are specialized in one area, but want to know how the whole system works, without going through all the details and math Computer scientists that want to understand the fundamentals of wireless connectivity, the requirements and, most importantly, the limitations Engineers in energy systems, logistics, transport and other vertical sectors that are increasingly reliant on wireless technology

In a small town on the edge of the Caspian Sea, Edmond Lazarian and his best friend Tahereh pass their days playing together, drifting between the delights of beachcombing and the joys of the sherbet shop. Although Edmond is Armenian and Tahereh is the Muslim daughter of the school's janitor, they remain blissfully unaware of the disquiet that ripples the surface calm of their close-knit community. Yet years later, when Edmond's daughter chooses a Muslim to marry, tensions inevitably build. Unable to keep sidestepping the prejudices around him, Edmond is finally forced to make a choice, and one that will haunt him for years to come. For fans of Anne Tyler, *The Space Between Us* is a poignant, wistful story about belonging and otherness, pride and

prejudice, and the pressures and family expectations that inform our decisions. Brilliantly painting the landscape of intricate social conventions and private emotional conflict, Pirzad has produced an intimate portrait of ordinary Iranians living everyday lives.

The past few years have seen the street emerge as one of the most volatile and engaging sites of a politics in flux. Mass protests, widespread networks, and quick mobilization in the age of social media have instilled a new life in protests and agitations, engendering an entirely new brand of rights agenda in India today. Grassroots activism along with organized, collective action has influenced several landmark legislations, often resulting in progressive outcomes

and policies. Agitation to Legislation finds that such a progression is not so sudden. It examines ways in which social mobilizations influence legislative trajectory, opening up modes of direct engagement between the state and its citizens, between the government and the governed. It simultaneously focuses on political actors and processes that help expand rights and accountability and at the same time resist any attempt to increase representation of under-represented groups. Positive outcomes have depended on political responses and party strategies, either appropriating or reinforcing or disregarding the scale and intensity of public protests and collective action.

Kabul was always more beautiful in the snow. Even the piles of rotting rubbish in my street, the only source of food for the scrawny chickens and goats that our neighbors kept outside their mud houses, looked beautiful to me after the snow had covered them in white during the long night. Though she is only twenty-three, Zoya has witnessed and endured more tragedy and terror than

most people experience in a lifetime. Born in a land ravaged by war, she was robbed of her parents when they were murdered by Muslim fundamentalists. Devastated, she fled Kabul with her grandmother and started a new life in exile in Pakistan. She joined the Revolutionary Association of the Women of Afghanistan (RAWA), an organization that challenged the crushing edicts of the Taliban government, and she took destiny into her own hands, joining a dangerous, clandestine war to save her nation. Direct and unsentimental, Zoya vividly brings to life the realities of growing up in a Muslim culture, the terror of living in a perpetual war zone, the pain of losing those she has loved, the horrors of a woman's life under the Taliban, and the discovered healing and

transformation that lead her on a path of resistance.

Hi! My name is Ashish Deshwal. I want to write a story. I can leave my B. Com's study. Finally I got a story who's name is Rohan. Rohan wants to become a writer. He never wrote a single line. He is in love with a girl. For whom he can do anything. Anything doesn't mean some kind of bad work he wants to do every

good work which Zoya wants to do. He thought Zoya's story his own story.

Apart from that here I means, Ashish thinks that both of their story is mine. Finally a new story begins from here. The story name is – Zoya: “That girl's story who become mine.”

The legend of Zephyr is feared like no

other. That name has echoed through time like a ghost, raising hairs on the necks of those who know the stories. For a thousand years, parents have whispered his name in bedtime stories to frighten naughty children into behaving. Warriors chant his name to conjure their courage and defeat their own demons. Everyone knows the legend of Zephyr. But there are few who know the truth.
