A riveting and powerful story of an unforgiving time, an unlikely friendship and an indestructible love

New Kid Knopf Books for Young Readers

'I beg as soon as you get Fielding's Joseph Andrews, I fear in Ridicule of your Pamela and of Virtue in the Notion of Don Quixote's Manner, you would send it to me by the very first Coach.' (George Cheyne in a letter to Samuel Richardson, February 1742) Both Joseph Andrews (1742) and Shamela (1741) were prompted by the success of Richardson's Pamela (1740), of which Shamela is a splendidly bawdy parody. But in Shamela Fielding also demonstrates his concern for the corruption of contemporary society, politics, religion, morality, and taste. The same themes - together with a presentation of love as charity, as friendship, and in its sexual taste - are present in Joseph Andrews, Fielding's first novel. It is a work of considerable literary sophistication and satirical verve, but its appeal lies also in its spirit of comic affirmation, epitomized in the celebrated character of Parson Adams. This revised and expanded edition follows the

text of Joseph Andrews established by Martin C. Battestin for the definitive Wesleyan Edition of Fielding's works. The text of Shamela is based on the first edition, and two substantial appendices reprint the preliminary matter from Conyers Middleton's Life of Cicero and the second edition of Richardson's Pamela (both closely parodied in Shamela). A new introduction by Thomas Keymer situates Fielding's works in their critical and historical contexts. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. “Wild nights are my glory,” the unearthly stranger told them. “I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I’ll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract.” A tesseract (in case the reader doesn’t know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L’Engle’s unusual book. *A Wrinkle in Time*,

winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O’Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg’s father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.
