An Introduction to Akkadian Literature John Wiley & Sons

Coptic in 20 Lessons is written by the author of the most authoritative reference grammar of the Coptic language, and is

based on decades of pedagogical experience. In easy steps and simple explanations, it teaches the patterns and syntax of Sahidic Coptic, along with the most useful vocabulary. Drills, compositions, and translation exercises enable the student to gain fluency. All words that occur more than fifty times in the Sahidic New Testament are introduced lesson by lesson in vocabulary lists, which are arranged by semantic field and accompanied by both Greek equivalents and English glosses. The book concludes with three chapters of the Gospel of Mark, in which all new vocabulary is glossed in footnotes. Coptic in 20 Lessons is the ideal resource for use in the classroom or for teaching oneself Coptic. Critical acclaim for this book: "Coptic in 20 Lessons is the up-to-date teaching grammar that Coptic studies has long needed. ... There is no better way to learn Coptic." David Brakke, Indiana University "Layton brings to this book a life-long experience of teaching, combined with the authority of his masterly Coptic Grammar, arguably the best grammar of Sahidic Coptic ever written, from which the present work is distilled... A state-of-the-art account." Ariel Shisha-Halevy, Hebrew University

The Elements of Hittite Teach Yourself

All you need to read and understand Babylonian.

A Concise Grammar, Workbook, and Lexicon Peeters Publishers Gwendolyn Leick's approachable survey introduces the Babylonians, the people, the culture and the reality behind the popular myth of Babylon. Spanning some 1800 years in the history of the Babylonians, from the time of Hammurabi, famous for his Law-Code, to the time when Alexander's heirs ruled the Near East, Leick examines how archaeological discoveries and cuneiform tablets recovered from Babylonian cities allow us an impression of the Babylonian people and their society, their intellectual and spiritual preoccupations. Exploring the lives of kings and merchants, women and slaves, and the social, historical, geographical and cultural context in which their extraordinary civilization flourished for so many centuries, The Babylonians has provided scholars and students with a dazzling new insight into this fascinating world.

Beginner's Assyrian McGraw-Hill

The Quest for Babylonian Tannaic Traditions Cambridge University Press

This book initiates the reader into the study of Akkadian literature from ancient Babylonia and Assyria. With this one relatively short volume, the novice reader will develop the literary competence necessary to read and interpret Akkadian texts in translation and will gain a broad familiarity with the major genres and compositions in the language. The first part of the book presents introductory discussions of major critical issues, organized under four key rubrics: tablets, scribes, compositions, and audiences. Here, the reader will find descriptions of the tablets used as writing material; the training scribes received and the institutional contexts in which they worked; the general characteristics of Akkadian compositions, with an emphasis on poetic and literary features; and the various audiences or users of Akkadian texts. The second part surveys the corpus of Akkadian literature defined inclusively, canvassing a wide spectrum of compositions. Legal codes, historical inscriptions, divinatory compendia, and religious texts have a place in the survey alongside narrative poems, such as the Epic of Gilgamesh, Enuma elish, and Babylonian Theodicy. Extensive footnotes and a generous bibliography guide readers who wish to continue their study. Essential for students of Assyriology, An Introduction to Akkadian Literature will also prove useful to biblical scholars, classicists, Egyptologists, ancient historians, and literary comparatists.

Reading and Writing in Babylon Gregorian Biblical BookShop
Best known today from biblical accounts of his exploits and ignominious end, the Assyrian king Sennacherib (704-681 B.C.) was once the ruler of all western Asia. In his capital at Nineveh, in what is now northern Iraq, he built what he called the "Palace without Rival." Though only scattered traces of this magnificent structure are visible today, contemporary written descriptions and surviving wall reliefs permit a remarkably detailed reconstruction of the appearance and significance of the palace. An art historian trained in ancient Near East philology, archaeology, and history, John Malcolm Russell marshals these resources to investigate the meaning and political function of the palace of Sennacherib. He contends that the meaning of the monument cannot be found in images or texts alone; nor can these be divorced from architectural context. Thus his study combines discussions of the context of inscriptions in Sennacherib's palace with reconstructions of its physical appearance and analyses of the principles by which the subjects of Sennacherib's reliefs were organized to express meaning. Many of the illustrations are published here for the first time, notably drawings of palace reliefs made by nineteenth-century excavators and photographs taken in the course of the author's own excavations at Nineveh.

Complete Middle Egyptian Routledge

The authorship of this dictionary is enough to state that no Akkadianist will want to be without it. It is incredibly good value for money.

Enhanced Edition BRILL

Explore an insightful account of the reception of Mesopotamia in modern cinema In Reception of Mesopotamia on Film, Dr. Maria de Fátima Rosa explores how the Ancient Mesopotamian civilization was portrayed by the movie industry, especially in America and Italy, and how it was used to convey analogies between ancient and contemporary cultural and moral contexts. Spanning a period that stretches from the beginning of the 20th century to the present day, the book explores how the Assyrian and Babylonian elites, particularly kings, queens, and priestesses, were perceived and represented on screen by filmmakers. A focus on the role played by Ancient Near Eastern women and on the polytheistic religion practiced in the land between the rivers will be provided. This book also offers an insightful interpretation of the bias message that most of these films portray and how the Mesopotamian past and Antiquity brought to light and stimulated the debate on emerging 20th century political and social issues. The book also offers: A thorough introduction to the Old Testament paradigm and the romanticism of classical authors A comprehensive exploration of the literary reception of the Mesopotamian legacy and its staging Practical discussions of the rediscovery, appropriation, and visual reproduction of Assyria and Babylonia In-depth examinations of cinematic genres and cinematographic contexts Perfect for students of the history of antiquity and cinematographic history, Reception of Mesopotamia on Film is also an invaluable resource for anyone with an interest in reception studies.

A Comprehensive Guide to Reading and Understanding

Babylonian, with Original Texts Complete BabylonianAll you

need to read and understand Babylonian.Complete Babylonian Beginner to Intermediate CourseA Comprehensive Guide to Reading and Understanding Babylonian, with Original Texts How did the invention of writing in the ancient world change our way of thinking, recording, and remembering forever? In this wide-ranging study, Charpin discusses the place of literacy in the early civilization of Babylonia in the time between 2500 and 500 BC. Writing at this time was used for domestic record keeping, tracking inventory and sales, for inscriptions and tombs, and for communicating with gods. He argues for a much wider spread of literacy than previously thought and explains the historical and social contexts within which literacy proliferated in early Babylon.

A Companion to Ancient Near Eastern Languages University Press of Amer

Hittite is the earliest attested Indo-European language and was the language of a state which flourished in Asia Minor in the second millennium BC. This exciting and accessible introductory course, which can be used in both trimester and semester systems, offers in ten lessons a comprehensive introduction to the grammar of the Hittite language with ample exercises both in transliteration and in cuneiform. It includes a separate section of paradigms, a grammatical index, as well as a list of every cuneiform sign used in the book. A full glossary can be found at the back. The book has been designed so that the cuneiform is not essential and can be left out of any course if so desired. The introduction provides the necessary cultural and historical background, with suggestions for further reading, and explains the principles of the cuneiform writing system.
