Pearson Longman

Navigate is a brand new, six-level General English course tailored exclusively to adults. The course takes an innovative approach to reading and listening based on academic research as to how adults best learn languages. It teaches reading and listening from the bottom up, giving learners the skills they need to understand the next text they will read and hear, not just the one they are reading or hearing now. The content has been extensively piloted and reviewed in ELT classrooms across the world, giving teachers the confidence that it really works. The first 3 levels are publishing early 2015 (A2, B1 and B1+) with the next 3 levels following early 2016.

The listening and reading texts are drawn from a range of authentic sources. An in-depth treatment of grammar enables students to work out grammatical rules and helps them achieve greater accuracy through a better understanding of how language works. There is a thorough skills syllabus, with all four skills systematically developed and integrated through related tasks. There is extensive work on vocabulary, with particular emphasis on the most frequently used verbs, phrasal verbs, idioms, and compounds. Integrated pronunciation practice is provided throughout. 'Postscript' sections provide an opportunity to practise everyday English in situations (such as airports and hotels), or survival areas (such as telephones and directions). There is a particular focus on

the grammar of spoken English. The topics - including homelessness, pre-nuptial agreements, and the effects of tourism - have all been chosen to appeal to adults and young adults.
