Exams are important. The results can change lives and stressing about them can damage performance and undermine young peoples' confidence. This exam stress management programme requires very little time or effort to use and provides a straightforward, practical guide to exam stress management. Written by an experienced educational psychologist, this short, explanatory book is accompanied by simple, easy to follow audio files which lead the listener through a sequence of five relaxation sessions to reduce stress, increase focus and plan for success. Using the book as a guide you simply listen to the audio tracks and follow what they say. All tracks have been designed so that they are easy to digest and applicable in the middle of a busy day. To sum up, this book:

- Provides practical and easy to follow steps to help anyone cope with exam stress
- Teaches relaxation techniques that can be used to reduce stress wherever you find it
- Offers a real stress knowledge base to teachers and family members supporting students with exam stress

This important guide is suitable for secondary school students as well as college and university students. The easy to follow relaxation sessions will be of interest to anyone studying for examinations who wishes to lower their exam stress levels.

The Omicron Invasion Penguin

An outcast. An ancient war. A waiting destiny. Hope Casey is the girl everyone loves to hate. A weird outcast more in love with her astrophysics than clothes and parties. She hides in the school library to survive. Until Hope realizes her gift for physics flows from an alternate universe. A powerful, supernatural girl lives on the other side of space, who looks exactly like Hope. She is real -- Dinah. Hope plans to compete for the school's highest award. But her amazing physics draw the wrath of the school's preeminent honors queen Caitlin Crawford. Caitlin intends to win the top honor and will not allow a nobody like Hope to upstage her. Let the epic takedown wars begin. Hope's enemy, Caitlin concocts a

vicious scheme, Operation Solve Hopeless Case, unleashing Hope's enemies against her. All to destroy Hope's science dreams, girls around school ensnare her in a vicious nightmare. On the other side of space lives an ancient race of beings, where Dinah feels and sees Hope's terror. And Dinah's questions about the suffering girl on Earth land her in deep trouble. Now these two girls in mirror universes embark on their shared path, unveiling an ancient war that begs for one savior. Enjoy this different flavor of science fiction adventure in which Harry Potter meets Mean Girls.

In this universe, it's dog-eat-dog. And only the strongest will survive....Lieutenant Becky Keller's brain is fitted with a processing core which can outthink and outfly the most advanced battle computers in the Space Corps. Not only that, she's blessed with the gift of the psi and her intuition is unparalleled in the military. Keller finds herself partnered with another one from the labs. Joe Nation is packed with so many augmentations, he can't remember which parts of his body are real anymore. All he knows is covert ops, and with his stealth and assault modules, there's no one better at it than Nation. The pair of them are given a mission - take the Retaliator class SC Gundar, infiltrate the Isob-2 processing facility of a semi-hostile alien species known as Estral, and find out if they're breaking the terms of a peace treaty. It's easier said than done. The Estral are spoiling for war and they don't want human agents poking around in their business. Deep within the Isob-2 facility, something hostile awaits and no one in the Space Corps is prepared for it. What begins as a standard in-out mission, leads Keller and Nation into a full-scale conflict with both the Estral and a new, completely unexpected enemy. The first of the Transcended have come and they aren't looking for peace.

When a Daklan annihilator drops out of lightspeed, make sure you're in a different solar system. Humanity is trapped in a decades-long conflict with a warlike alien species known as Daklan. The military's high command has played it safe for too long and now defeat seems inevitable. Dealing with the consequences on the frontline, warship captain Carl Recker is a

man with enemies on both sides. A routine mission takes him to a distant world upon which he finds technology from a war fought by an unknown species. The Daklan are interested in it too, and they have an annihilator class battleship at their disposal, while Recker is flying the smallest lightspeed capable warship in the human fleet. What follows will test Recker to his limits. Relentlessly pursued by the unstoppable battleship and seemingly forsaken by his superiors, he must hunt down answers from the past while fighting enemies from the present. Powerful relics of an ancient, terrible war are scattered on the fringes - finding them and unlocking their secrets may be the only hope for humanity. War from a Distant Sun is a traditional-style science-fiction action adventure. Expect space combat, ruthless aliens, mysterious tech and lots more.

Void Blade Shannon Humphrey

Following his successful mission to recover the missing warship ESS Crimson, Captain John Duggan finds himself unredeemed in the eyes of his superiors. His duties resume and this time he's given something easy - escort a cargo ship to a distant planet and bring it home safely. But war is never so predictable and a straightforward mission becomes something much more important. The outcome may well determine the future of humanity. Someone has terrible plans for the ESS Crimson and Duggan is about to find himself party to endless destruction. Even as worlds die, a new threat is waiting on the horizon. Bane of Worlds is a universe-spanning sci-fi adventure, which continues the Survival Wars series.

Suns of the Aranol iUniverse

Back from their encounter with the Sirona, Mahra and her team must employ their newfound knowledge to counter the ongoing threat. After the Sirona start showing their hand, the time to act is upon them. Mahra must find out more about her new abilities, and also discover the source of the mystery that is starting to follow her. It is now becoming much more than revenge. It's about all of their futures.

Hope Defined Anthony James

Captain John Duggan and his crew are stranded deep in hostile territory. Their spaceship, the ESS Crimson is damaged beyond

repair. Enemy warships hunt them, eager to locate the vessel which has caused so much damage to their military. All seems lost. Duggan is not a man to go down without a fight. Determined to take matters into his own hands, he leads his squad across the surface of an inhospitable planet in order to make a raid upon an enemy base. What happens there sets in motion a series of events which carry Duggan and his men towards a prize of inconceivable value. Nothing worth having comes easy - a single error will result in failure and the deaths of his soldiers, as well as denying humanity the greatest of gifts. Duggan has made a promise to get his squad home and there's only one way for him to succeed. The Valpian awaits. *Guns of the Valpian* is a science fiction adventure and the sixth book in the Survival Wars series.

Renegade Star Galaxy's Edge: Savage Wars

NEW NOVEL IN JOHN RINGO'S BLACK TIDE RISING SERIES From his corner office on the forty-fourth floor of the Bank of the Americas tower on Wall Street, Tom Smith, global managing director for security, could see the Statue of Liberty, Battery Park—and a ravening zombie horde. Officially, Smith was paid to preserve the lives and fortunes of employees, billionaires, and other clients. And with an implacable virus that turned the infected into ravenous zombies tearing through the city, the country, and the world, his job just got a lot harder. Good thing Smith, late of the Australian special forces, isn't a man to give up easily. But saving civilization is going to take more than the traditional banking toolbox of lawyers, guns, and money. Smith needs infected human spinal tissue to formulate a vaccine—and he needs it by the truckload. To get it, he will have to forge a shady alliance with both the politicians of the City of New York and some of its less savory entrepreneurs. But all of his back-alley dealing may amount to nothing if he can't stave off the fast-moving disease as it sweeps across the planet, leaving billions dead in its wake. And if he fails, his only fallback is an incomplete plan to move enough personnel to safe havens and prepare to restart civilization. What's more, there are others who have similar plans—and believe it or not, they're even less charitable than a Wall Street investment banker. Sooner or later Smith will have to deal with them. But first he has to survive the Fall. A New Novel in John Ringo's best-selling Black Tide Rising zombie apocalypse series. At the publisher's request, this title is sold without DRM (Digital Rights Management). About Black Tide Rising: “. . . an

entertaining batch of . . . action-packed tales. Certainly, fans of Ringo's particular brand of action-adventure will be pleased.”—Booklist "This anthology broadens Ringo's Black Tide world, serving up doses of humanity amid the ravenous afflicted. Comedy has a place in this harsh reality, and these stories stir adventure and emotion at a frantic clip throughout. Zombie fiction fans will be thrilled.”—Library Journal About the Black Tide Rising Series: “Not only has Ringo found a mostly unexplored corner of the zombie landscape, he's using the zombie frame to tackle a broader theme: the collapse and rebirth of civilization. The zombie scenes are exciting, sure, but its the human story that keeps us involved. A fine series.”—Booklist About Under a Graveyard Sky: “Ringo combines humor and horror in this strong series debut, the thinking reader's zombie novel.”—Publishers Weekly About John Ringo: “[Ringo's work is] peopled with three-dimensional characters and spiced with personal drama as well as tactical finesse.”—Library Journal “. . . Explosive. . . fans. . . will appreciate Ringo's lively narrative and flavorful characters.”—Publishers Weekly “. . . practically impossible not to read in one sitting . . . exceedingly impressive . . . executed with skill, verve, and wit.”—Booklist “Crackerjack storytelling.”—Starlog BLACK TIDE RISING SERIES: Under a Graveyard Sky To Sail a Darkling Sea Islands of Rage and Hope Strands of Sorrow Black Tide Rising *Crimson Tempest* Routledge

The greatest conflict the galaxy has ever known... They were the Savages. Raiders from our distant past. Elites who left Earth to create tailor-made utopias aboard the massive lighthuggers that crawled through the darkness between the stars. But the people they left behind on a dying planet didn't perish in the dystopian nightmare the Savages had themselves created: they thrived, discovering faster-than-light technology and using it to colonize the galaxy ahead of the Savages, forming fantastic new civilizations that surpassed the wildest dreams of Old Earth. Until the Savages came in from the Darkness... When a Savage hulk lands on glittering New Vega, one of the crown jewels of the post-Earth galaxy, a coalition of planetary governments amasses their forces to respond to the post-human Savage Marines who've come to sack and enslave. But what the coalition forces find is something far more sinister than the typical Savage hit-and-run: this time, the Savages have come to stay. Witness the intense

beginning of THE SAVAGE WARS, the epic conflict, built into the lore of GALAXY'S EDGE, that will encompass over a thousand years of brutal fighting. Only the greatest military force in the galaxy can bring this war to an end... and the galaxy will never again be the same. Experience the beginning of the Legion. Experience the Savage Wars. Also available in audio book format performed by Stephen Lang (Avatar, Gods & Generals).

Smiles in Africa Anthony James

A republic under attack. A reluctant soldier. An all-out fight for the galaxy's soul. David Cohen prays he'll live to see the other side of his first deployment. His people thought they had left war behind when they fled Earth centuries ago. Time, though, has not dulled the hatred and intolerance of their erstwhile oppressors. To defend his homeland's freedom, David abandons his dream of becoming a rabbi for the battlefield... and discovers a side of himself he is not sure he can live with. David's focus is clear when the bullets are flying. In the long hours after, he must reckon with the toll that blood and blame bring upon his mind. Can he square the tenets of his faith against his responsibility to crew and country? Nothing has prepared him to make decisions that could cause ruin or an end to generations of conflict... except for trust in God, himself, and those who serve under him. If David Cohen survives it all, who will he be? Echoes of the Past: Fight the Good Fight is the first book in a military sci-fi trilogy that takes an unflinching look at sacrifice, duty, and the scars left on the minds of those who serve. The trials and tactics of a starship commander are only part of the story... because every soldier faces battles within.

Hugo Award-winning editor Gardner Dozois' annual anthology has long been considered the standard by which other best-of-the-year SF collections are judged. After two decades' worth of superlative science fiction, Dozois now presents a retrospective compilation culling from the last 20 years. Here under one banner is some of the finest work by the genre's leading authors, with a

star-studded list of contributors that features among others: Stephen Baxter, Greg Bear, William Gibson, Terry Bisson, Greg Egan, Ursula K. Le Guin, Robert Reed, Robert Silverberg, Bruce Sterling, Charles Stross, Michael Swanwick, Gene Wolfe. A number of the selections are now considered classics. Some notable stories include: 'Blood Music', Greg Bear's Hugo-winning exploration of nanotechnology. 'Bears Discover Fire', Terry Bisson's tongue-in-cheek consideration of future ursine evolution. 'The Left Hand of Darkness', Ursula K. Le Guin's coming-of-age SF tale. 'The Winter Market', in which William Gibson returns to the subject that made him a cultural icon, cyberpunk. With work spanning two decades, this is the most significant science fiction short story anthology published in years.

Daughter of Atrocity Renegade Star

Earth's Fury. A gun to shatter a god ship. The human Confederation has provided unexpected resistance to the Vraxar invading forces, but now the price must be paid. The mighty enemy warship Ix-Gorghal has discovered the location of humanity's populated worlds and its arrival in New Earth orbit promises death for the billions living there. At first, it seems the invaders will have everything their own way. They send in troops and deploy a ring of satellites to isolate the planet from the main comms network. After that, it should all be plain sailing.... On the New Earth Tucson military base, there are personnel who will never accept defeat - men and women who will keep fighting even when the cause seems lost. Lieutenant Eric McKinney is one of them. An unexpected message from a lone fleet warship high above the planet sends him on a mission to rescue the only man on New Earth with the activation codes for two unfinished warships on the Tucson base - the battleship Ulterior-2 and an experimental gun called Earth's Fury. Fleet Admiral John Duggan is the man with the keys. He's got a mission of his own and if it succeeds, it will ensure total annihilation for both sides. Duggan can see no other way out. Meanwhile, Captain Charlie Blake has other problems. In order to help the people of New Earth, he's forced to defy orders, putting his life and his future in jeopardy. He's one of the few men with the skill and audacity to get Earth's Fury into orbit - assuming it will even fly. It won't be easy. The Vraxar are a cruel and unpredictable foe, and at the first sign of a threat, they will surely destroy New Earth without hesitation. Earth's Fury is a high-action science fiction adventure

and the fourth book in the Obsidian Fleet series.

Fifty-three years after it vanished, Earth's only Super-Devastator warship, the ESS Crimson sends out a distress signal... Humanity is fighting against an implacable foe. The Ghosts - a ruthless alien race - seem hell-bent on wiping out mankind. They have a vast warfleet and their technology is advancing at a terrible rate. Captain John Nathan Duggan and his crew are given a mission - find the missing ESS Crimson and bring it home. Little does Duggan realise, this is no ordinary mission. As he struggles against enemies both within and without, he desperately tries to unlock the mystery surrounding the Crimson's disappearance and the unknown weapons it carries. He soon discovers the missing warship might be the only hope for salvation that mankind has left. When everything is veiled in secrecy nothing is easy, as Duggan is about to find out. Crimson Tempest is the first instalment in an epic sci-fi action-adventure series.

Managing Stress in Secondary Schools: A Whole-School Approach for Staff and Students, second edition, introduces a practical stress management programme for use in schools and colleges. Drawing from current theory and evidence-based practice on anxiety, stress and mental health, it offers student lesson plans, plus a staff self-training session, with concrete activities to develop crucial stress management skills in both staff and students. The programme provides direct training in stress reduction skills, supported by online resources, designed to fit into timetabled PSHE lessons. Key features of this manual include: Simple and flexible lesson plans that can be performed either at the start of timetabled PSHE lessons or as full stress management lessons on their own. A staff self-training session plan that serves both as preparation for leading lessons with students and facilitates the development of stress management skills among staff. Downloadable audio relaxation recordings. Downloadable handouts to encourage students' relaxation practice at home. Downloadable PowerPoint slides to guide tuition. With lessons covering the causes and effects, as well as strategies on preventing and managing stress, this is an invaluable resource for teachers and other school staff involved in the PSHE curriculum. It would be of particular interest to those supporting students preparing for exams.

Inferno Sphere. A bomb to end all bombs. The ruthless species of biomechanical aliens known as Vraxar have been driven away from the Confederation planet Atlantis. They are not defeated and their unprovoked attack has given them the means to locate the rest of the Confederation worlds. However, the Vraxar are not predictable and their next move is completely unforeseen. This time, the Juniper orbital is the target. Lieutenant Eric McKinney is onboard, waiting for his next deployment. The arrival of the Vraxar pushes him once more into action and he finds himself in the unenviable position of fighting a battle which is already lost. There is a chance to pull off a victory of sorts - to come back from the brink of total disaster. McKinney must once again team up with Captain Charlie Blake to try and inflict a stunning, unexpected defeat on the Vraxar. It will not be easy. Meanwhile, out on the fringes of Confederation Space further trouble is brewing, adding complications to an already perilous situation. Where there is conflict, there is opportunity. The opening stages of

the war have begun and humanity will not sit back tamely and wait for death. Alliances must be formed and ancient, terrible weapons brought out of storage. When it comes to the Vraxar, nothing will be straightforward...Inferno Sphere is a high-action science fiction adventure and the second book in the Obsidian Fleet series.

For Captain John Duggan, it seems like war never ends. Each success brings another mission and more death. Following events at the Helius Blackstar, Duggan is given the Space Corps' newest warship - a heavy cruiser armed to the teeth with the latest weapons and technology. A prospector craft, the SC Lupus, has gone missing and his superiors want to find out what happened and the aggressors dealt with accordingly. The wrecked spaceship is soon found. However, nothing is as it seems. What Duggan finds on a distant planet turns everything on its head. With the survival of humanity potentially in the balance, Duggan - a man forever chained by duty - is required to take the biggest risk of all. The man who has faced everything is about to come up against

an opponent he cannot possibly defend himself against. Chains of Duty is a science fiction adventure and the third book in the Survival Wars series.

Jacob Bronowski (1908-1974) lived through what he described as 'the two great catastrophes of the twentieth century: the rise of Hitler in 1933 and the dropping of the atomic bombs in 1945', and yet the keynote of his astonishingly rich and varied life and work was an enduring optimism. Bronowski was a professional scientist, scientific administrator, poet, philosopher, dramatist and television and radio personality, possessing an energy and versatility that make him a rare figure in our cultural history. His final achievement, the groundbreaking television series *The Ascent of Man*, first shown in 1973, influenced and inspired millions of ordinary people by bringing an awareness of human evolution and the adventure of science into their homes. Anthony James describes his own journeys to key locations in Bronowski's television series *The Ascent of Man*, from Auschwitz, a monument to human depravity that has haunted the conscience of

contemporary society, to Iceland, where democracy in northern Europe was born more than a thousand years ago. Bronowski would not have been surprised by our dilemmas today, but he would have insisted that confidence in our ascent as a species is a far greater force than the cynical destructiveness of politicians. Although human beings are inevitably fallible, the pursuit of knowledge is, in Bronowski's philosophy, an adventure: in his own words a 'happy passion'.
