The Track of Sand is Andrea Camilleri's twelfth outing in the wryly humorous Inspector Montalbano series. Inspector Montalbano rises one morning to find the carcass of a horse on the beach in front of his seaside home. But no sooner do his men arrive, than the body has mysteriously vanished, leaving only a track in the sand. Before long Rachele, a beguiling equestrian champion, turns up at police headquarters to report her horse missing. The horse had been stabled at the grounds of a certain Saverio Lo Duca, one of the richest men in Sicily. Lo Duca has lost one of his own horses too. Montalbano, his curiosity piqued, investigates, but before long things take a more disturbing turn . . . But who has Montalbano upset within this strange, unfamiliar world of horse-racing? And what has the Mafia to do with it all? The Track of Sand is followed by the thirteenth novel in the series, The Potter's Field. PRAISE FOR THE SERIES "A magnificent series of novels" Sunday Times "There's a deliciously playful quality to the mysteries Andrea Camilleri writes about a lusty Sicilian police detective named Salvo Montalbano." New York Times Book Review "Camilleri as crafty and charming a writer as his protagonist is an investigator." The Washington Post "The books are full of sharp, precise characterizations and with subplots that make Montalbano endearingly human ... Like the antipasti that Montalbano contentedly consumes, the stories are light and easily consumed, leaving one eager for the next course." New York Journal of Books

NATIONAL BESTSELLER After nursing a broken engagement with Jane Austen novels and Absolut, Courtney Stone wakes up and finds herself not in her Los Angeles bedroom or even in her own body, but inside the bedchamber of a woman in Regency England. Who but an Austen addict like herself could concoct such a fantasy? Not only is Courtney stuck in another woman's life, she is forced to pretend she actually is that woman; and despite knowing nothing about her, she manages to fool even the most astute observer. But not even her level of Austen mania has prepared Courtney for the chamber pots and filthy coaching inns of nineteenth-century England, let alone the realities of being a single woman who must fend off suffocating chaperones, condom-less seducers, and marriages of convenience. This looking-glass Austen world is not without its charms, however. There are journeys to Bath and London, balls in the Assembly Rooms, and the enigmatic Mr. Edgeworth, who may not be a familiar species of philanderer after all. But when Courtney's borrowed brain serves up memories that are not her own, the ultimate identity crisis ensues. Will she ever get her real life back, and does she even want to?

Bobby London's legendary career as an underground cartoonist has spanned decades. London created his most enduring character, the outrageous and irrepressible Dirty Duck in 1971. He was a founding member of the infamous Air Pirates, and produced strips for National Lampoon during the heyday of that massively influential magazine. After departing the Lampoon, the cigar-chomping Dirty Duck and his creator found a home at Playboy magazine. He wrote and drew the syndicated Popeye newspaper strip for six years until a major controversy ended his tenure on Segar's sailor. This oversized volume will collect nearly all of London's influential Dirty Duck strips, from Air Pirates Funnies, National Lampoon, Playboy and other publications. Many of the strips have been scanned from the original art in the artist's vast personal archives, including rare and unpublished preliminary drawings. A contemporary of Gilbert Shelton, R. Crumb and the ZAP crew, London's legacy is a major piece of history in the great American art form. In 1978 London was awarded the

prestigious Yellow Kid Award for best writer/artist at the Lucca Comics Festival for his work on Dirty Duck. Introduction by Drew Friedman."

For readers familiar with Gurdjieff's cosmology will here find further examinations of the systems outlined in by Ouspensky in Search of the Miraculous.

Hailed as the most restrictive immigration bill in the nation, the Beason-Hammon Alabama Taxpayer & Citizen Protection Act (known as HB 56) went into effect in September 2011. Its intent was to create jobs for Alabamians by making the lives of undocumented immigrants in the state impossible, so that they would self-deport. It failed. Here We May Rest offers a comprehensive explanation of how and why HB 56 came about and reports on its effects on immigrant communities. Author Silvia Giagnoni argues that the legislation was anti-immigrant, not merely "anti-illegal immigration" as its proponents claimed. Building a case against the legalistic framework through which the bill was promoted, Giagnoni dissects the role the media, and Fox News specifically, played in criminalizing immigrants as well as mainstreaming immigrant-haters, which created the xenophobic climate that paved the way for the Trump Presidency. The new immigrants of Alabama take center stage in the second part of the book, reclaiming their role in the cultural, social, and economic development of the state. Giagnoni concludes with an appeal against any form of social segregation because only direct contact -- "massive, prolonged, equal and intimate," as Howard Zinn argued -- will cure the stereotyping and prejudice that feed ignorance and foster fear.

Paul Klee (1879-1940) produced a unique, extraordinarily popular group of works; higher beings not only stand for spirituality, but also for skepticism and doubt toward religion and questions of faith. Besides the biographical references and iconographic phrases, the publication sheds light on

individual works, such as 'Angelus Novus', which inspired Walter Benjamin to develop his legendary concept of the "Angel of History."

Perhaps as early as 1787, Austen began to write poems, stories, and plays for her own and her family's amusement. Austen later compiled "fair copies" of these early works into three bound notebooks, now referred to as the "Juvenilia," containing pieces originally written between 1787 and 1793.

In 1940, Walt Disney released his second feature film: Pinocchio, based on Carlo Collodi's 1883 Italian children's novel. The film was groundbreaking: it pioneered the latest animation and sound technology of the era, and established a blueprint for Disney filmmaking that remains intact today. It became the first animated feature to win a competitive Academy Award® (in fact, it won two), and earned a place on the roster of the National Film Registry. Pinocchio's crucial role has endured decades, given its rare 100% rating on the film website Rotten Tomatoes and the lively discourse that continues to surround the film today. To celebrate the film's 75th anniversary, author J.B. Kaufman presents a complete history of the making of Pinocchio, from source material to rerelease. Pinocchio, published in partnership with the Walt Disney Family Foundation and the Walt Disney Family Museum, is an in-depth exploration of the making of the film. Academy Award-winning animator and film historian John Canemaker says of Pinocchio: "In great detail, J. B. Kaufman reveals the struggles, triumphs and disappointments encountered by Disney and his staff during the creation of this sacred monster of a film. Woven here is a once-upon-a-time story sure to fascinate and inform readers, an exciting adventure into the inner workings of a one-of-a kind studio and team at its creative peak." Go behind the scenes with stories of the inner workings of the Golden Age of Animation, the animators' personalities and story changes like why Jiminy Cricket's character almost got left on the cutting room floor. Over 300 photographs, illustrations and concept sketches - many of which are available for the very first time - accompany the story behind the story. Become a part of the wild, legendary ride that was the making of Pinocchio.
