Now aligned to the Expanded Edition of The Fountas & Pinnell Literacy Continuum! Play and language are critical learning tools for the prekindergarten child. Through play and language, they learn about their world and about themselves. Play and language are also the most important tools for early literacy learning. Think of the young child who takes a memo pad and marker around to family members, "taking orders" for dinner. Like all emergent readers and writers, this child makes no distinction between play and literacy-both involve curiosity, excitement, learning, and discovery. In *Literacy Beginnings*, Irene C. Fountas and Gay Su Pinnell bring their characteristically rich, comprehensive, and

practical insights to the frontier of early literacy. They show you how to tap into young children's curiosity to introduce them to the world of literacy in joyful, engaging ways.

From the day it was released in 2000, Keeping a Nature Journal has struck a profound chord among professional, casual, and occasional naturalists of all ages. In response to this groundswell of enthusiasm, we have revised KEEPING A NATURE JOURNAL, updated the interior design, and created a new cover. Undoubtedly the most exciting new element in this second edition is a portfolio of 32 illustrated pages from Clare Walker Leslie's most recent journals, reproduced in full color. What makes KEEPING A NATURE JOURNAL so popular? It is inspiring and easy to use. Clare and co-author Charles Chuck E. Roth offer simple techniques to give first-time journal-keepers the confidence to go outside, observe the natural world, and sketch and write about what they see. At the same time, they motivate long-time journal-keepers to hone their powers of observation as they immerse themselves in the mysteries of the natural world. Clare and Chuck stress that the journal is a personal record of daily experience and the world around us. Nature's beauty can be observed everywhere, whether in the city, suburbs, or country.
