The Kybalion: Hermetic Philosophy is a book claiming to be the essence of the teachings of Hermes Trismegistus. We take great pleasure in presenting to the attention of students and investigators of the Secret Doctrines this little work based upon the world-old Hermetic Teachings. There has been so little written upon this subject, notwithstanding the countless references to the Teachings in the many works upon occultism, that the many earnest searchers after the Arcane Truths will doubtless welcome the appearance of this present volume. The purpose of this work is not the enunciation of any special philosophy or doctrine, but rather is to give to the students a statement of the Truth that will serve to reconcile the many bits of occult knowledge that they may have acquired, but which are apparently opposed to each other and which often serve to discourage and disgust the beginner in the study. Our intent is not to erect a new Temple of Knowledge, but rather to place in the hands of the student a Master-Key with which he may open the many inner doors in the Temple of Mystery through the main portals he has already entered. There is no portion of the occult teachings possessed by the world which have been so closely guarded as the fragments of the Hermetic Teachings which have come down to us over the tens of centuries which have elapsed since the lifetime of its great founder, Hermes Trismegistus, the "scribe of the gods," who dwelt in old Egypt in the days when the present race of men was in its infancy. Contemporary with Abraham, and, if the legends be true, an instructor of that venerable sage, Hermes was, and is, the Great Central Sun of Occultism, whose rays have served to illumine the countless teachings which have been promulgated since his time. All the fundamental and basic teachings embedded in the esoteric teachings of every race may be traced back to Hermes. Even the most ancient teachings of India undoubtedly have their roots in the original Hermetic Teachings. **The Power of Birthdays, Stars & Numbers** Turtleback

Born on December 3rd? You're an ambitious, hardworking "idea

person" and a dynamic leader. Born on December 14th? You're

the "traveling salesperson" of the zodiac and a gifted marketer.

All Sagittarians are charming, intelligent, and adventure-seeking,

but which day of the month you're born on can determine the way

in which you use those traits to your best advantage. In this

exciting new book, master astrologer Phyllis Vega gives a detailed

analysis for each birthday in the year, combining astrology and

numerology to paint a true picture of the characteristics, desires,

and destinies of people born on that day. If you were born

October 5th, you're a skilled negotiator with a gift for making

money. But if you were born just four days later, you're a

compassionate dreamer with spiritual inclinations. Aries is the sign of the determined ram, but if you were born on April 7th, you are idealistic and inspiring.
