The Art of the Deal

Trump: The Art of the Deal

President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America’s foremost deal-maker. “I like thinking big. I always have. To me it’s very simple: If you’re going to be thinking anyway, you might as well think big.”—Donald J. Trump

Here is Trump in action—how he runs his organization and how he runs his life—as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and challenges conventional thinking. But even a maverick plays by rules, and Trump has formulated time-tested guidelines for success. He isolates the common elements in his greatest accomplishments; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker’s art. And throughout, Trump talks—really talks—about how he does it. *Trump: The Art of the Deal* is an unguarded look at the

mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for *Trump: The Art of the Deal* “Trump makes one believe for a moment in the American dream again.”—The New York Times “Donald Trump is a deal maker. He is a deal maker the way lions are carnivores and water is wet.”—Chicago Tribune “Fascinating . . . wholly absorbing . . . conveys Trump’s larger-than-life demeanor so vibrantly that the reader’s attention is instantly and fully claimed.”—Boston Herald “A chatty, generous, chutzpa-filled autobiography.”—New York Post

Summary: Trump Crooked
 Lane Books

This work attempts to understand the chaotic and enigmatic presidency of Donald Trump through Neustadt's iconic work on presidential power and bargaining. Neustadt's model explains much of Trump's difficulties in office, but not his relative success. It argues he defies expectation due to new political realities such as party polarization, a transformed media, and the administrative presidency.

Trump Simon and Schuster

Summary: Trump Springer Nature

Summer 2018: Two years into President Donald J. Trump's first term in office, America has never been greater. The Even Greater Wall along the Mexican border is under construction, paid for by Mexico. Americans have more money in their pockets thanks to lower taxes and the president's creative money-raising strategies. (Who else would have thought to pay for FEMA's budget by suing the Catholic Church over property damage caused by acts of God?) And while Trump's detractors may call him a tyrant, the American people love bullies when the victim is Congress: every time they impeach the president, his approval rating skyrockets. Ever conscious of his hugely important historical legacy, The Donald plucks disgraced tabloid reporter Jimmie Bernwood--the man responsible for publishing the infamous Ted Cruz sex tape--from the depths of anonymity to become his official biographer, giving him enviable access to the gold-plated White House and all of its secrets. When Trump's previous biographer turns up dead, Bernwood must do some real investigative

reporting, get to the bottom of a long series of murders...and, if it's absolutely unavoidable, save the country. The Day of the Donald is a hilariously hair-raising look at the (possible) future of America.

Trump: The Art of the Deal Random House

This revelatory biography of Melania Trump from Pulitzer Prize-winning Washington Post reporter Mary Jordan "deftly, and without agenda, decodes Melania [Trump]" (NBC News) who is far more influential in the White House than most people realize. Based on interviews with more than one hundred people in five countries, *The Art of Her Deal: The Untold Story of Melania Trump* draws an unprecedented portrait of the first lady. While her public image is of an aloof woman floating above the political gamesmanship of Washington, behind the scenes Melania Trump is not only part of President Trump's inner circle, but for some key decisions she has been his single most influential adviser. Throughout her public life, Melania Trump has purposefully worked to remain mysterious. With the help of key people speaking publicly for the

first time and never-before-seen documents and tapes, *The Art of Her Deal* looks beyond the surface image to find a determined immigrant and the life she had before she met Donald Trump. Mary Jordan traces Melania's journey from Slovenia, where her family stood out for their nonconformity, to her days as a fledgling model known for steering clear of the industry's hard-partying scene, to a tiny living space in Manhattan she shared platonically with a male photographer, to the long, complicated dating dance that finally resulted in her marriage to Trump. Jordan documents Melania's key role in Trump's political life before and at the White House, and shows why he trusts her instincts above all. The picture of Melania Trump that emerges in *The Art of Her Deal* is one of a woman who is savvy, steely, ambitious, deliberate, and who plays the long game. And while it is her husband who became famous for the phrase "the art of the deal," it is she who has consistently used her leverage to get exactly what she wants. This is the story of the art of her deal.
