In recent years, the disciplines of biblical studies and systematic theology have grown apart and largely lost the means of effective communication with one another. Unfortunately, this relational disconnect affects more than just these particular fields of study; it impacts the life of the church as a whole. The first St. Andrews Conference on Scripture and Theology brought leading biblical scholars and systematic theologians together in conversation, seeking to bridge the biblical-theological gap.

In the case of true love, the soul is given to the other long before the body. Carolina suffers the terrible and gruesome murder of her father in circumstances surrounded by mystery, intrigue and danger. The young Detective Nicolás Valdés is drawn into a centuries old battle between two allies become foes. Together Carolina and Nicolás fight against the killers who lurk in the shadows, while they grow ever more drawn to each other in a web of repressed desire. They pursue a hidden

secret that could change the world, and for which many are prepared to kill. Nothing is as it seems, and who will live and who will die in this struggle is uncertain. Some pursue power and some pursue truth, and some, the lucky few, find love.

In the life of a pastor, it can be tempting to offer half-truths that make everyone happy and the pastor popular. Speaking difficult truths may anger or alienate church members, but authentic pastoral care sometimes requires it. How can those in ministry speak honestly in the inevitable awkward situations they face? Here a wise and witty pastor-storyteller draws on his church life experiences over the past twenty-five years--including sermons, funerals, and board meetings--to offer nitty-gritty guidance on handling the uncomfortable situations that all pastors face. Utilizing humor and encouragement and speaking across denominational lines, Frank Honeycutt examines a variety of biblical contexts where the truth of Jesus is difficult to hear, but direly needed--especially in settings where half-truths are the norm. He shows pastors how to courageously speak the truth no matter the risk or cost.

"David Icke...has exposed the global network of families behind Big Banking, Big Biotech, Big Food,

Big Government, Big Media and Big Pharma in book after book as his awareness has expanded -- and he takes this on to still new levels of exposure in Remember Who You are...the key is in the title. We are enslaved because we identify with our body and our name, when these are only vehicles and symbols for what we really are -- Infinite Awareness, Infinite Consciousness. We are imprisoned in the realms of the five senses and 'little me' when we are All That Is, All That Has Been and all That Can Ever Be. To breach the perceptual walls of the Saturn-Moon Matrix and bring and end to mass human enslavement, we need to awaken to our true identity." -- Publisher's description.

Creating an unconventional portrait of the life and thought of an Enlightenment historian and scientist, this study focuses upon Jeremy Belknap's letters, journals, and essays, which provide a clear sense of how a dialogue with the past can yield an appreciation of life and acceptance of self. Author of the three volume History of New Hampshire and the two volume American Biography, Jeremy Belknap (1744-1798) was the American Plutarch because he used the past to learn more about his own life and the lives of others. He experienced the past vicariously through his imagination and experientially through his journeys throughout New England in search of clues to

the explanation of the natural and human past of America. The book is built around Belknap's engaging correspondence with his friend Ebenezer Hazard, as well as Belknap's own travel journals of his expeditions to upstate New York and throughout New Hampshire. His journey to the White Mountains of New Hampshire in 1784 was the climax of his active inquiry into the past. Far from a dry, historiographical account, this study provides a fluid and descriptive narrative of Belknap, his journeys, and his times. This is a unique portrayal of human nature in general and 18th century society in particular.

Who are the Jews and Israelites of the Bible, and why do they matter? The Bible records their early history and offers a guide to identifying them today, but more is needed to truly understand their significance. "In The Truth behind Truths," author Cedric Boswell shares the history of the Jews as revealed in the Bible. He asks pertinent questions not often seen in typical histories and provides Scriptures in support of his answers. Beginning with Adam, Boswell relates different stories of Jews in the Bible and how they are truly the chosen people of God. Boswell argues that those who currently call themselves Jews do not fit the historic evidence in their looks or how they were dispersed from Israel. He discusses skin pigmentation and explains that many of the early Jewish people were black and not white. He then explores the subject of God's elect, the genealogy of the Jews, and the tribes of Israel. In the last section, Boswell tackles the heavy yet crucial subject of redemption. An unorthodox and intriguing study, "The Truth behind Truths" seeks to open your eyes to new questions and new perspectives on the Jews of the Bible.

Living a life of sin for many years had me in bondage. I was a slave to sin. I was living my life a lie, wanting to find the truth. I have fought the demon for many years. To defeat the demon, you've got to find out what demons fear. See, the devil and his demons like to plant fear in you and feed off it. If you don't give them no fear to eat, they will soon get weak and die. You can't play around with Satan and his evil army, because they are not playing. If they are not playing, well, neither am I. I fear nobody but God. It wasn't until I gave my life to Jesus Christ that I began to feel free. You see, at the shout of the name "Jesus," we know the demons tremble. I am no longer a friend of this evil world; I am a friend of God's. I am protected, guided, and comforted. I feel like a bird that has been let out of the cage I've been in for years. And these wings that God gave me were meant to fly. I will now soar all the way to my destiny, feeling like a free bird, thanks to my Lord and Savior, Jesus the Christ! Amen! Jesus is the Truth and the Life, and no one comes to the Father except through the Son. And Jesus is the Son of God. He rose from the dead after three days with all power in his hands. God is in control. So if you want true freedom, try Jesus. He's all right.

The Truth Shall Set Your Wallet Free is aimed at debunking the myths that prevent people from achieving their wealth goals. And the first myth that needs to be bashed is that financial advisors are only for the very rich. In fact, there are more financial advisors who cater to modest-income Americans than those who cater to the rich. Myths propagated by the media, regulators, and even the financial industry itself harm every American, from those at the poverty level to billionaires and everyone in between. This is the first time a holistic view of the entire advice market has been written by a non-advisor industry insider, without bias from any of the financial services sectors.

What is the role of the will in believing the good news of the gospel? Why is there so much controversy over free will throughout church history? R. C. Sproul finds that Christians have often been influenced by pagan views of the human will that deny the effects of Adam's fall. In *Willing to Believe*, Sproul traces the free-will controversy from its formal beginning in the fifth century, with the writings of Augustine and Pelagius, to the present. Readers will gain understanding into the nuances separating the views of Protestants and Catholics, Calvinists and Arminians, and Reformed and Dispensationalists. This book, like Sproul's *Faith Alone*, is a major work on an essential evangelical tenet.
