In his analysis of Europe's ambivalence toward jihadist terror and the spread of aggressive Islamism, with particular emphasis on the European responses—or lack thereof—to this violent anti-modernism, Russell A. Berman describes how some European countries opt for appeasement and apologetics, whereas others muster the strength to defend their way of life and stand up for freedom. He describes a complex continent of different nations and traditions to further our understanding of the range of reactions to Islamism.

Making Sense of Tantric Buddhism fundamentally rethinks the nature of the transgressive theories and practices of the Buddhist Tantric traditions, challenging the notion that the Tantras were “marginal” or primitive and situating them instead—both ideologically and institutionally—within larger trends in mainstream Buddhist and Indian culture. Critically surveying prior scholarship, Wedemeyer exposes the fallacies of attributing Tantric transgression to either the passions of lusty monks, primitive tribal rites, or slavish imitation of Saiva traditions. Through comparative analysis of modern historical narratives—that depict Tantrism as a degenerate form of Buddhism, a primal religious undercurrent, or medieval ritualism—he likewise demonstrates these to be stock patterns in the European historical imagination. Through close analysis of primary sources, Wedemeyer reveals the lived world of Tantric Buddhism as largely continuous with the Indian religious mainstream and deploys contemporary methods of semiotic and structural analysis to make sense of its seemingly repellent and immoral injunctions. Innovative, semiological readings of the influential Guhyasamaja Tantra underscore the text's overriding concern with purity, pollution, and transcendent insight—issues shared by all Indic religions—and a large-scale, quantitative study of Tantric literature shows its radical antinomianism to be a highly managed ritual observance restricted to a sacerdotal elite. These insights into Tantric scripture and ritual clarify the continuities between South Asian Tantrism and broader currents in Indian religion, illustrating how thoroughly these “radical” communities were integrated into the intellectual, institutional, and social structures

of South Asian Buddhism.

DISCIPLE IV UNDER THE TREE OF LIFE is the final study in the four-phase DISCIPLE program and is prepared for those who have completed BECOMING DISCIPLES THROUGH BIBLE STUDY. The study concentrates on the Writings (Old Testament books not in the Torah or the Prophets), the Gospel of John, and Revelation. Emphasis on the Psalms as Israel's hymnbook and prayer book leads natural to an emphasis on worship in the study. Present through the entire study is the sense of living toward completion - toward the climax of the message and the promise, extravagantly pictured in Revelation. The image of the tree and the color gold emphasize the prod and promise in the Scriptures for DISCIPLE IV: UNDER THE TREE OF LIFE. The word under in the title is meant to convey invitation, welcome, sheltering, security, and rest - home at last. Commitment and Time Involved 32 week study Three and one-half to four hours of independent study each week (40 minutes daily for leaders and 30 minutes daily for group members) in preparation for weekly group meetings. Attendance at weekly 2.5 hour meetings. DVD Set Four of the five videos in this set contain video segments of approximately ten minutes each that serve as the starting point for discussion in weekly study sessions. The fifth video is the unique component that guides an interactive worship experience of the book of Revelation. Under the Tree of Life Scriptures lend themselves to videos with spoken word, art, dance, music, and drama. Set decorations differs from segment to segment depending on the related Scripture and its time period. Set decoration for video segments related to the Writings generally has a Persian theme. Set decoration for the New Testament video segments emphasizes the simpler life of New Testament times.

A debut novel about luck and love, and winning a sweepstakes, with a cast of characters who will charm readers from the very first page The HomeSweetHome Network has just announced this year's lucky winner of a brand-new, fully loaded dream home: Janine Brown of Cedar Falls, Iowa. For Janine "Janey" Brown, hearing her name called on the TV has the hallmarks of one of her aunt Midge's harebrained plans designed to bring Janey into a world outside the one she once shared with her fiancé. Janey, however, is reluctant to give up the safety and sanctity she finds in her tiny kitchen, submerging her anxiety and grief in the pursuit of the perfect pot-au-feu. Meanwhile, across town, Janine "Nean" Brown just knows that this house is her destiny. Good fortune took its sweet time showing up in her life, but better late than never. And now that it's here, the house promises an escape from the latest in her revolving door of crappy jobs and drunk boyfriends. This house will turn her into someone the world sees, instead of the bedraggled girl who others look past without a thought. Both Janine Browns head for Christmas Cove, Maine, to claim the prize they both rightfully think is theirs. When their lives and personalities intersect, however, they discover that more than just a million-dollar dream home awaits them at the water's edge. These three women (oh yes, Aunt Midge comes along for the ride!) arrive at their newfound mansion only to uncover what exactly it means to truly be "home." Filled with wit and charm, *The Good Luck Girls of Shipwreck Lane* is Kelly Harms's enchanting and heartfelt debut--a testament to the many, many ways love finds us, the power of a home-cooked meal, and just what it means to be lucky.

This is an era of increasingly complex problems, fewer and fewer resources to address them, and failing solutions. Is it possible to find viable solutions to the challenges we face today as individuals, communities, and nations? This inspiring book takes readers on a learning journey to seven communities around the world to meet people who have "walked out" of limiting beliefs and assumptions and "walked on" to create healthy and resilient communities. These Walk Outs who Walk On use their ingenuity and caring to figure out how to work with what they have to create what they need. In India, we meet people from Shikshantar, a community that is rejecting the modern culture of money, with its emphasis on self-interest and scarcity, in favor of a gift culture based on

generosity and reciprocity. In Zimbabwe, we discover the capacity people have to adapt and invent new ways of surviving and thriving in the face of total systems collapse. Through essays, stories, and beautiful color photographs, Wheatley and Frieze immerse us in these communities that are accomplishing extraordinary things by relying on everyone to be an entrepreneur, a leader, an artist. From Mexico to Greece, from Columbus, Ohio, to Johannesburg, South Africa, we discover that every community has within itself the ingenuity, intelligence, and inventiveness to solve the seemingly insolvable. "It's almost like we discovered a gift inside ourselves," one Brazilian said, "something that was already there." "This book gives insight and beauty to the new world beyond consumerism and all of its side effects. Written with poetic and reflective grace, it is an intimate journey through communities that are creating a future with their own hearts, hands, and relationships." —Peter Block, author of *Community* and coauthor of *The Abundant Community* The Enhanced Edition includes 25 minutes of animation, video, and audio. The animation shows the "Two Loops Theory of Change" with a voiceover from co-author Deborah Frieze. Three videos show inspirational "Walk On" communities in Brazil, South Africa, and India. This edition also includes the "Walk Out Walk On" theme song. Margaret Wheatley cofounded and led the Berkana Institute, a global foundation that partners with people developing healthy and resilient communities. Deborah Frieze succeeded her as Berkana's president and created the Berkana Exchange with many of the people described in this book. Margaret is the author of several books, including *Leadership* and *The New Science, A Simpler Way, Turning to One Another, Finding Our Way, and Perseverance*.

As America becomes more and more racially diverse, Rich Benjamin noticed a phenomenon: Some communities were actually getting less multicultural. So he got out a map, found the whitest towns in the USA -- and moved in. A journalist-adventurer, Benjamin packed his bags and embarked on a 26,909-mile journey throughout the heart of white America, to some of the fastest-growing and whitest locales in our nation. Benjamin calls these enclaves "Whitopias." In this groundbreaking book, he shares what he learned as a black man in Whitoopia. Benjamin's journey to unlock the mysteries of Whitoopia took him from a three-day white separatist retreat with links to Aryan Nations in North Idaho to exurban mega-churches down South, and many points in between. A compelling raconteur, bon vivant, and scholar, Benjamin reveals what Whitopias are like and explores the urgent social and political implications of this startling phenomenon. Benjamin's groundbreaking study is one of few to have illuminated in advance the social and political forces propelling the rise of Donald Trump. After all, Trump carried 94 percent of America's Whitoopian counties. And he won a median 67 percent of the vote in Whitoopia compared to 46 percent of the vote nationwide. Leaving behind speculation or sensationalism, Benjamin explores the future of whiteness and race in an increasingly multicultural nation.

In this series, acclaimed comics scholar Dr. Julian Darius argues that the DC Universe is old enough to have produced a canon of classic stories. Here, he analyzes this canon as it pertains to the Justice League and DC's universe-wide crossovers. Since 1940, DC Comics has been bringing its heroes together, first as the Justice Society, then (beginning in 1960) as the Justice League, and finally (beginning in 1985) in universe-wide crossovers. Shared super-hero universes achieved widespread attention in the wake of Marvel's movies, but DC's been paving the way since 1940. A decade in the making, *CLASSICS ON INFINITE EARTHS* takes readers on a tour of this history, using discussion of classic stories as a unique way of illuminating the history and evolution of the DC Universe. In the process, Dr. Julian Darius offers what may be the very first long-term study of how to manage such a shared universe. From Sequart Organization. More info at <http://sequart.org>
