Franz Kafka, the author has very nicely narrated the story of Gregou Samsa who wakes up one day to discover that he has metamorphosed into a bug. The book concerns itself with the themes of alienation and existentialism. The author has written many important stories, including "The Judgement", and much of his novels "Amerika", "The Castle", "The Hunger Artist". Many of his stories were published during his lifetime but many were not. Over the course of the 1920s and 30s Kafka's works were published and translated instantly becoming landmarks of twentieth-century literature. Ironically, the story ends on an optimistic note, as

the family puts itself back together. The style of the book epitomizes Kafka's writing. Kafka very interestingly, used to present an impossible situation, such as a man's transformation into an insect, and develop the story from there with perfect realism and intense attention to detail. The *Metamorphosis* is an autobiographical piece of writing, and we find that parts of the story reflect Kafka's own life.

With the intrigue of a psychological thriller, Camus's masterpiece gives us the story of an ordinary man unwittingly drawn into a senseless murder on an Algerian beach. Behind the intrigue, Camus explores what he termed "the nakedness of man faced with the absurd" and describes the condition of reckless alienation and spiritual exhaustion that characterized so much of twentieth-century life. First published in 1946; now in translation by Matthew Ward.

A classic of Holocaust literature from "one of the great masters of the short novel."

—The New Yorker In the Vilna Ghetto

during World War II, Nazi Commandant Schoger demands that all children be sent to the death camp. When Abraham Lipman pleads with him to spare their lives, Schoger reconsiders, and tells Lipman there will be a chess match between himself and Lipman's only surviving son, Isaac, a chess prodigy. If Isaac wins, the children will live, but Isaac will die. If Isaac loses, the children will die, but Isaac will live. Only a draw will save the ghetto from this terrible predicament. The chess game begins: a nightmarish contest played over the course of several evenings, witnessed by an audience impotent to act, staking the lives of their children on a stalemate. This is a moving story of a father and a son who shame their cruel perpetrator with their dignity, spirit, and extraordinary courage. Stalemate speaks to the power of humor even under the direst circumstances. As a parable that gives voice to the unspeakable, Stalemate is an antidote to despair. "Gripping . . . a truly memorable work." —Booklist

More than one year on the New York Times bestseller list! Richard Bach's timeless and uplifting classic of hope and love "We're the bridge across forever, arching above the sea, adventuring for our pleasure, living mysteries for the fun of it, choosing disasters triumphs challenges impossible odds, testing ourselves over and again, learning love and love and love!" "The opposite of loneliness, it's not togetherness. It is intimacy." "Look in a

mirror and one thing's sure: what we see is not who we are." "Next to God, love is the word most mangled in every language. The highest form of regard between two people is friendship, and when love enters, friendship dies." "There are no mistakes. The events we bring upon ourselves, no matter how unpleasant, are necessary in order to learn what we need to learn; whatever steps we take, they're necessary to reach the places we've chosen to go." *The Ballads of Kukutis* Diamond Pocket Books Pvt Ltd

Because of his political views, Kazys Boruta spent years in prison both before and after WWII. In the last phase of his life in Soviet Lithuania, he earned a living by translations published under a pseudonym. Most of Whitehorn's *Windmill* (Baltaragio malūnas) was written in 1942, during the German occupation. Bearing a lyrical style that gives full rein to the oral folktale tradition Lithuania is famous for, the novel is by turns romantic, farcical, fantastic, and tragic. The sense of spirituality that permeates the work reflects Lithuania's pagan roots that were overlaid with an occasionally over-zealous Catholicism not so very long ago. The story is about Whitehorn the miller's efforts to find a match for his beautiful daughter, Jurga, against various calamities with and among suitors, neighbors, priests

and other inhabitants of the village, and ultimately against the devil's spell. The interesting plot made the novel popular as juvenile literature, too.

This book illustrates that the idea of a 'national' literature is profoundly problematic. Chapters on boundaries and crisscrossing show how a nation and its writers' works do not exist in isolation from their history. Stressing migration and (inter)cultural dialogue, authors explore how the characters in the texts establish a sense of belonging both within the context of migrations and within the context of Lithuania since its independence. The final series of essays in this book discusses Lithuanian literature abroad that is in translation.

"Its relevance lashes you across the face." —Stephen Metcalf, *The Los Angeles Times*

• "A redemptive book, one that wills the reader to believe, even in a time of despair." —Roger Lowenstein, *The Washington Post*

A haunting tale of human resilience and hope in the face of unrelieved horror, Albert Camus' iconic novel about an epidemic ravaging the people of a North African coastal town is a classic of twentieth-century literature. The townspeople of Oran are in the grip of a deadly plague, which condemns its victims to a swift and horrifying death. Fear, isolation and claustrophobia follow as they are forced into quarantine. Each person responds in their own way to the lethal disease: some resign themselves to fate, some seek blame, and a few, like Dr. Rieux, resist the terror. An immediate triumph when it was published in 1947, *The Plague* is in part an allegory of

France's suffering under the Nazi occupation, and a timeless story of bravery and determination against the precariousness of human existence. *(Inter)Cultural Dialogue and Identity in Lithuanian Literature*

Emerging from the ruins of the former Soviet Union, the literature of the Baltic states of Lithuania, Latvia and Estonia is analyzed from the fruitful perspective of postcolonialism, a theoretical approach whose application to former second-world countries is in its initial stages. This groundbreaking volume brings scholars working in the West together with those who were previously muffled behind the Iron Curtain. They gauge the impact of colonization on the culture of the Baltic states and demonstrate the relevance of concepts first elaborated by a wide range of critics from Frantz Fanon to Homi Bhabha. Examining literary texts and the situation of the intellectual reveals Baltic concerns with identity and integrity, the rewriting of previously blotted out or distorted history, and a search for meaning in societies struggling to establish their place in the world after decades - and perhaps millennia - of oppression. The volume dips into the late Tsarist period, then goes more deeply into Soviet deportations to the Gulag, while the main focus is on works of the turning-point in the late 1980s and 1990s. Postcolonial concepts like mimicry, subjectivity and the Other provide a new discourse that yields fresh insights into the colonized countries' culture and their poignant attempts to fight, to adapt and to survive. This book will be of interest to literary critics, Baltic scholars, historians and political scientists of Eastern Europe, linguists, anthropologists, psychologists, sociologists, working in the area of postcommunism and anyone interested in learning more about these ancient and vibrant cultures.
