The Red and the Black Stendhal - First published in 1830, The Red and the Black, is widely considered the masterpiece of 19th century French author Marie-Henri Beyle, known more commonly by his pen name, Stendahl. It follows the ambitions of Julien Sorel, a young man raised in the French countryside who wishes to rise above his provincial station by climbing the social ranks of Parisian society. Through a series of events, Juliens talent and hard work give way to deception and hypocrisy when he realizes the limitations for advancement of a sincere and honest man of humble origins. Although Julien achieves much which he aspires to, ultimately his pride gets the better of him when he commits a violent crime of passion, leading to his tragic downfall. Through the deep psychological introspection of Julien we see Stendhals unique literary genius, the remarkable way in which

he allows readers to live in the minds of his characters. Set against the backdrop of the July Revolution of 1830, The Red and the Black is a narrative which embodies the rich social conflict of that time. This edition is translated with an introduction by Horace B. Samuel.

Cet ouvrage, destiné à tous ceux qui s'intéressent au monde du

livre, met en lumière les faits surprenants de l'édition d'aujourd'hui : fécondations par des modèles d'affaire extérieurs, dilution des frontières entre livre et production multimédia et arrivée de nouveaux acteurs dans le paysage. L'objectif est de permettre à chacun de situer les évolutions actuelles par rapport au métier traditionnel du livre.

Présenté sous la forme de 101 questions organisées en cinq parties, cet ouvrage couvre successivement : - les tendances actuelles et nouvelles technologies, - les différents systèmes de publication, - les nouveaux poids lourds de l'édition et le phénomène de mondialisation, - les spécificités de l'édition en France et à l'étranger - les changements de mentalité actuelles au-delà des spécificités nationales. L'articulation des 101 questions permet au lecteur d'établir son propre parcours en se référant à l'index et à la table des matières. De nombreux exemples et illustrations agrémentent ce travail de synthèse et donnent à l'analyse un éclairage pertinent.

In August 1936 a Hungarian writer in his mid-thirties arrives by train in Venice, on a journey overshadowed by the coming war and charged with intense personal nostalgia. Aware that he might never again visit this land whose sites and scenes had once exercised a strange and terrifying power over his imagination, he immerses himself in a stream of discoveries, reappraisals and inevitable self-revelations. From Venice, he traces the route taken by the Germanic invaders of old down to Ravenna, to stand, fulfilling a lifelong dream, before the

sacred mosaics of San Vitale. This journey into his private past brings Antal Szerb firmly, and at times painfully, up against an explosive present, producing some memorable observations on the social wonders and existential horrors of Mussolini's new Roman Imperium. UNC Press Books

Just a century ago, cheese was still a relatively regional and European phenomenon, and cheese making techniques were limited by climate, geography, and equipment. But modern technology along with the recent artisanal renaissance has opened up the diverse, time-honored, and dynamic world of cheese to enthusiasts willing to take its humble fundamentals—milk, starters, coagulants, and salt—and transform them into complex edibles. *Artisan Cheese Making at Home* is the most ambitious and comprehensive guide to home cheese making, filled with easy-to-follow instructions for making mouthwatering cheese

and dairy items. Renowned cooking instructor Mary Karlin has spent years working alongside the country's most passionate artisan cheese producers—cooking, creating, and learning the nuances of their trade. She presents her findings in this lavishly illustrated guide, which features more than eighty recipes for a diverse range of cheeses: from quick and satisfying Mascarpone and Queso Blanco to cultured products like Crème Fraîche and Yogurt to flavorful selections like Saffron-Infused

Manchego, Irish-Style Cheddar, and Bloomy Blue Log Chèvre. *Artisan Cheese Making at Home* begins with a primer covering milks, starters, cultures, natural coagulants, and bacteria—everything the beginner needs to get started. The heart of the book is a master class in home cheese making: building basic skills with fresh cheeses like ricotta and working up to developing and aging complex mold-ripened cheeses. Also covered are techniques and equipment, including drying, pressing, and brining, as well as molds

and ripening boxes. Last but not least, there is a full chapter on cooking with cheese that includes more than twenty globally-influenced recipes featuring the finished cheeses, such as Goat Cheese and Chive Fallen Soufflés with Herb-Citrus Vinaigrette and Blue Cheese, Bacon, and Pear Galette. Offering an approachable exploration of the alchemy of this extraordinary food, *Artisan Cheese Making at Home* proves that hand-crafting cheese is not only achievable, but also a fascinating and rewarding process.
