**Encyclopedia of Great Popular Song Recordings** Random House Digital, Inc.  
(Book). For the first time ever, Rock Tracks lists every artist and song to appear on Billboard 's "Modern Rock Tracks" (also known as "Alternative") and "Mainstream Rock Tracks" charts all in one combined, comprehensive A-to-Z artist listing! This all-inclusive format gathers all chart data from both charts in one master listing so it's easy for you to instantly compare your favorite artist's achievements on either or both of Billboard 's two premier Rock charts.

[The Billboard Guide to Writing and Producing Songs That Sell](#) Hal Leonard Corporation

The Bloomsbury Handbook of Rock Music Research is the first comprehensive academic survey of the field of rock music as it stands today. More than 50 years into its life and we still ask - what is rock music, why is it studied, and how does it work, both as music and as cultural activity? This volume draws together 37 of the leading academics working on rock to provide answers to these questions and many more. The text is divided into four major sections: practice of rock (analysis, performance, and recording); theories; business of rock; and social and culture issues. Each chapter combines two approaches, providing a summary of current knowledge of the area concerned as well as the consequences of that research and suggesting profitable subsequent directions to take. This text investigates and presents the field at a level of depth worthy of something which has had such a pervasive influence on the lives of millions.

[Songs from Sweden](#) Hal Leonard Corporation

Arranged in sixteen musical categories, provides entries for twenty thousand releases from four thousand artists, and includes a history of each musical genre.

**The Garland Encyclopedia of World Music** Taylor & Francis

Best Music Writing has faithfully collected the year's most compelling writing on music for a decade now, so it's appropriate this special edition be guest-edited by one of the best-known writers on music and popular culture, Greil Marcus, author of *Lipstick Traces*, *Mystery Train*, *Like a Rolling Stone*, and other groundbreaking excursions into the very fabric of music, America, and beyond. As always, Series Editor Daphne Carr has culled an impressively wide range of essays, profiles, news articles, interviews, creative non-fiction, fiction, book reviews, long-format reviews, blog posts, and journal articles on music and music culture, from rock and hip-hop to R&B and jazz to pop, blues, and more. Writers who have been published in *Best Music Writing* include Alex Ross, Jonathan Lethem, Ann Powers, Dave Eggers, Susan Orlean, and more.

*Country Music* ReadHowYouWant.com

Exploring Popular World Music is the first introductory level text written to introduce students to popular music styles from around the world. Focusing on styles that all students will know -- from

Reggae to Klezmer, from Afro-Pop to Kodo drums--the book offers a comprehensive, listening-oriented introduction to the world's popular musical cultures. Each chapter will focus on a specific music style and its associated geographic locale. The salient musical and cultural features associated with each example are discussed in detail to increase our appreciation of the music. Relevant artists will be highlighted and suggestions for further reading and listening will be offered. By the end of the book, the student should be able to 1) recognize a variety of world music styles, 2) articulate musical and cultural knowledge associated with each style, and 3) identify important artists related to the genre. Supplementing the text will be a web site (created by the author) featuring the author's world music map, enabling students to explore pop music cultures as they relate to each other; as well as an iTunes playlist for all the highlighted selections in the book. This book should strongly appeal to Intro to World Music Courses for non-majors who wish to study popular rather than traditional musics of the world, which would encompass a large majority of students enrolled in these courses.

*Made in Korea* PediaPress

To make money, song-writers need a firm, realistic grasp of how songs generate income. This volume demystifies the process of doing business as a songwriter. It walks the reader step-by-step through the process of starting and operating a publishing company, teaches how to pitch songs to publishers, and more.

*The Billboard Book of Top 40 Hits, 9th Edition* Duke University Press

Made in Japan serves as a comprehensive and rigorous introduction to the history, sociology, and musicology of contemporary Japanese popular music. Each essay, written by a leading scholar of Japanese music, covers the major figures, styles, and social contexts of pop music in Japan and provides adequate context so readers understand why the figure or genre under discussion is of lasting significance. The book first presents a general description of the history and background of popular music, followed by essays organized into thematic sections: Putting Japanese Popular Music in Perspective; Rockin' Japan; and Japanese Popular Music and Visual Arts.

*Bruce Springsteen and the Promise of Rock 'n' Roll* John Wiley & Sons

Presents a comprehensive encyclopedia of rock guitar legends examining over three hundred artists beginning in the 1950s and covering a wide range of styles and includes performers such as Chuck Berry, Eric Clapton, Duane Eddy, Buddy Holly, Keith Richards, and more.

**The Band** Bloomsbury Publishing USA

"Here in a single paperback volume is a comprehensive set of essays, written by the leading scholars in the field, that explores all aspects of African music. This handbook provides an introduction to the continent and its many musical forms, including a discussion of issues and processes in the study of African music and a number of regional case studies covering North, West, East, Central, and Southern Africa. Popular music in this region is also a focus. Featuring a sixty-minute audio CD, a glossary, and guides to publications, recordings, and films and videos, this volume will serve as an invaluable resource for teachers, students, and general readers interested in

African musics."--BOOK JACKET. Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

*Popular Music in Japan* W. W. Norton & Company

Based on the author's research in Ho Chi Minh City, Hanoi, and other urban areas in Vietnam, this study of contemporary Vietnamese popular music explores the ways globalization and free market economics have influenced the music and subcultures of Vietnamese youth, focusing on the conflict between the politics of remembering, nurtured by the Vietnamese Communist government, and the politics of forgetting driven by the capitalist interests of the music industry. Vietnamese youth at the end of the second and beginning of the third millennium are influenced by the challenges generated by a number of seemingly opposite ideologies and realities, such as "the past" versus "the present," socialism versus capitalism, and cultural traditionalism versus globalization. Vietnam has undergone a radical demographic shift with a very pronounced youth movement, and consequently, Vietnamese popular culture has been radically reshaped by a young population coming of age in the twenty-first century. As Olsen reveals, the way Vietnamese young people cope with these opposing and contrasting forces is often expressed in their active and passive music making.

*All Music Guide* PediaPress

A vibrant biography of one of the greatest rock 'n' rollers, the America that made him, and the America he made. This smart, incisive biography traces Bruce Springsteen's evolution from a young artist who wasn't sure what he wanted to say to an acclaimed musician with a distinctive vision for a better society. Brilliantly analyzing and evoking Springsteen's output, Marc Dolan unveils the pulsing heart of his music: its deep personal, political, and cultural resonances, which enabled Springsteen to reflect on his experiences as well as the world around him. The book is now updated with a new chapter on *The Promise*, *Wrecking Ball*, and the 2012 tour.

*Excursions in World Music* Bloomsbury Publishing USA

(Guitar Collection). John Prine has been a pillar of American folk music for close to 50 years. His storytelling song style is loved by millions for its honest charm, insight and wit. This collection of 15 transcriptions features some of the best songs of his career, transcribed note-for-note in standard notation and tab. Now you can learn the licks, chords and lyrics just the way Prine plays and sings them! Songs include: *Angels from Montgomery* \* *Illegal Smile* \* *In Spite of Ourselves* \* *Paradise* \* *Sam Stone* \* and more.

*Best Music Writing 2009* Routledge

*Popular Music and Parenting* explores the culture of popular music as a shared experience between parents, carers and young children. Offering a critical overview of this topic from a popular music studies perspective, this book expands our assumptions about how young audiences and caregivers engage with music together. Using both case studies and wider analysis, the authors examine music listening and participation between children and parents in both domestic and public settings, ranging across children's music media, digital streaming, live concerts, formal and informal popular music education, music merchandising and song lyrics. Placing young children's musical engagement in the context of the music industry, changing media technologies, and popular culture, *Popular Music and Parenting* paints a richly interdisciplinary picture of the intersection of popular music with the parent-child relationship.

*Focus On: 100 Most Popular Billboard Mainstream Top 40 (Pop Songs) Number-one Singles* Psychology Press

The field of Popular Music Studies is growing, but still lacks some basic reference materials. *The Chronology of American Popular Music, 1899-2000* fills this gap by offering a comprehensive overview of the field. It will be a must-own for libraries and individuals interested in this growing field of research.

*The International Who's Who in Popular Music 2002* e-artnow sro

*Made in Korea: Studies in Popular Music* serves as a comprehensive and thorough introduction to the history, sociology, and musicology of contemporary Korean popular music. Each essay covers the major figures, styles, and social contexts of pop music in Korea, first presenting a general description of the history and background of popular music in Korea, followed by essays, written by leading scholars of Korean music, that are organized into thematic sections: History, Institution, Ideology; Genres and Styles; Artists; and Issues.

*Bass Guitar For Dummies* Taylor & Francis

In *Segregating Sound*, Karl Hagstrom Miller argues that the categories that we have inherited to think and talk about southern music bear little relation to the ways that southerners long played and heard music. Focusing on the late nineteenth century and the early twentieth, Miller chronicles how southern music—a fluid complex of sounds and styles in practice—was reduced to a series of distinct genres linked to particular racial and ethnic identities. The blues were African American. Rural white southerners played country music. By the 1920s, these depictions were touted in folk song collections and the catalogs of "race" and "hillbilly" records produced by the phonograph industry. Such links among race, region, and music were new. Black and white artists alike had played not only blues, ballads, ragtime, and string band music, but also nationally popular sentimental ballads, minstrel songs, Tin Pan Alley tunes, and Broadway hits. In a cultural history filled with musicians, listeners, scholars, and business people, Miller describes how folklore studies and the music industry helped to create a "musical color line," a cultural parallel to the physical color line that came to define the Jim Crow South. Segregated sound emerged slowly through the interactions of southern and northern musicians, record companies that sought to penetrate new markets across the South and the globe, and academic folklorists who attempted to tap southern music for evidence about the history of human civilization. Contending that people's musical worlds were defined less by who they were than by the music that they heard, Miller challenges assumptions about the relation of race, music, and the market.

*Segregating Sound* Hal Leonard Corporation

This series has been written and compiled by Canadians for Canadians and supports the Provincial Music Curriculum Guidelines. Canada Is... Music includes songs to enjoy and help teach the elements of music, step-by-step lesson plans and strategies for successful learning experiences, units of study and songs that integrate music with other areas of the curriculum, song recordings with separate accompaniment tracks, listening materials and activities, and more.

*Popular Music of Vietnam* Billboard Books

*Popular Music Theory and Analysis: A Research and Information Guide* uncovers the wealth of scholarly works dealing with the theory and analysis of popular music. This annotated bibliography is

an exhaustive catalog of music-theoretical and musicological works that is searchable by subject, genre, and song title. It will support emerging scholarship and inquiry for future research on popular music.
