The election ultimately stymied both political currents, proving to be an end for both the Progressive movement and the world peace movement.

The autobiography of West Indies fast-bowling legend turned Sky pundit, Michael Holding. As one of the fastest bowlers the world has seen, Michael Holding went by the haunting nickname 'Whispering Death', claiming 249 Test wickets. Despite having not laced his bowling boots since 1989, it remains a fitting sobriquet. As a commentator and administrator, Holding has delivered his views on cricket in the same manner that he played the game: he speaks softly with a rich Jamaican rhythm and is calculated in either criticism or compliment. NO HOLDING BACK charts his effortless transition from one of the great players to one of the great pundits. Holding graphically describes his days as a player, looking back at how he tried to deliberately hurt batsmen on the wastelands of Kingston, and his first match for Jamaica when he almost collapsed from exhaustion - after only four overs! There is time, too, to divulge what it was like to tour with the West Indies, and unmissable insights about sharing a dressing room with other legends of the game like Clive Lloyd, Sir Viv Richards and Malcolm Marshall. Holding does not shirk the big issues, as he discusses how the West Indies have slipped following their halcyon days, openly assesses Brian Lara and laments the hypocrisy over the state of the game in the region. The controversy surrounding the Allen Stanford \$20m spectacle, the ICC's handling of the abandoned England v Pakistan match, player power, illegal bowling actions and the threat of Twenty20 to the Test game are all subjects which Holding tackles with characteristic knowledge and class.

The book that inspired the major new motion picture *Mandela: Long Walk to Freedom*. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's antiapartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality. LONG WALK TO FREEDOM is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures. Here for the first time, Nelson Rolihlahla Mandela tells the extraordinary story of his life--an epic of struggle, setback, renewed hope, and ultimate triumph.

Greg Chappell: Not Out brings his many years of experience to the fore to discuss Australia's

favourite sport from all angles, including scandals, mental skills, and the future of the game. Greg Chappell's retirement as a cricketer was the conventional end of a great sporting career. But it was only the start of an equally lively journey. An original thinker and a peerless judge of talent, Chappell commands respect and is widely sought after for his views on all things cricket. He has seldom been away from the thick of it. Here, he tells all. Forty years since the underarm, Chappell takes us inside the secretive world of selection. He tells the story of Twenty20's forerunner Super 8s, and reveals his insights from an eventful stint as coach of India. He speaks frankly on a decade at Cricket Australia, including warning signs he saw ahead of the Newlands scandal, and calls for greater focus on the game's mental skills. Chappell also unveils a blueprint for the future of Australian cricket. He argues forcefully that the game has drifted too far from the type of lean, hungry system that helped to take the national team to the top. Greg Chappell: Not Out is a uniquely insightful and entertaining look at cricket, and a must-read for all fans of the sport.

Who'd make it into the best England team ever? And you can choose anyone, regardless of when they might have played. Would W.G. Grace be playing alongside Denis Compton and David Gower? Or Kevin Pietersen? The debate could be endless, so who better to make the selection than Geoffrey Boycott, himself one of England's all-time highest scoring Test batsmen and now the game's most forthright, shrewd and iconoclastic commentator. Based on his own fresh analysis and interpretation of the statistics, Boycott has come up with his own, sometimes surprising Best Eleven of all time. And he's not just cast a critical eye over England's finest either. Every other test-playing nation comes under the spotlight. You may not agree - in fact, you're almost certain not to - but each player has been carefully chosen and the case for his inclusion forcefully argued in what is sure to be the most entertaining, thought-provoking and memorable cricket books of the year from one of the game's most outspoken and enduring characters.

* SHORTLISTED FOR THE TELEGRAPH SPORTS BOOK AWARDS * Robin Smith was one of England's most popular cricketers of the 1990s. The Judge, as he was known to all, took on some of the most dangerous fast bowlers of all time with a skill and fearlessness that ensured hero status. His savage square cut drew roars of approval from fans all around the world, especially those of his beloved England and Hampshire. But when he was prematurely dumped from the England set-up at the age of 32, he had to face his toughest opponent of all - himself. Smith suffered a debilitating loss of identity, especially when he retired from professional cricket in 2003, and struggled to deal with the contradictions in his personality. Was he the Judge, the fearless warrior, or Robin Smith, the frantic worrier? Without a support structure to transition from cricket to the outside world, Smith suffered from mental health, alcohol, marital and financial problems until he hit rock bottom and planned to

take his own life. In *The Judge - More than Just a Game*, he revisits his experience of extreme darkness and challenges received wisdom about masculinity and mental health. He also shares the many highs and lows of his eventful international and county career, including his exhilarating battles with the West Indies and his struggles against mystery spin. And he reflects fondly on a time when cricketers worked hard and partied even harder; a time almost unrecognisable to the modern day.

Playing It My Way Faber & Faber

Spell-binding Spells is a book for everyone who loves cricket. It is about stunning spells—those few overs that occur rarely in cricket, when bowlers weave magic and batsmen are mesmerized. What did the stunning bowling spells of Anil Kumble, Narendra Hirwani, Ravichandran Ashwin, Padmakar Shivalkar, and Yuzvendra Chahal achieve that Kapil Dev's career best spell could not? Curtly Ambrose and Sarfraz Nawaz, 14-years apart, bowled identical deadly spells against the same opposition taking 7 wickets for 1 run. Who were the hapless victims? Why did Gary Gilmour of Australia with an ODI bowling average of 10.31 and Clarrie Grimmett of Australia after taking 13 wickets in a Test in two magnificent spells, never play for their respective countries again? *Spell-binding Spells* looks at 50 of the most magnificent bowling spells in the history of cricket and answers some of these questions. VVS Laxman says: "This book is a tribute to bowlers, a breed that has never profited from the benefit of the doubt in a sport whose rules have historically always favoured batsmen. This nice little treatise is a reminder that we must ensure that the history of this game continues to get passed on from one generation to the next."

Sir Curtly Ambrose is one of the most famous cricket players of all time. He is also notorious for his silence. Now, for the first time, Curtly will tell his story. One of the leading - and most lethal - fast bowlers of all time, Curtly Ambrose played 98 Tests and 176 One Day Internationals for the West Indies, and for much of his career topped the ICC player rankings. He was an integral part of the iconic West Indies teams of the late 1980s and early 1990s whilst also bearing witness to their decline throughout the 1990s and beyond. A formidable sportsman, Curtly has unique insight into the extreme highs and debilitating lows of international cricket. But during his career Curtly Ambrose was notorious for his silence. He rarely spoke to the media and, if he did, it was usually to rebuff an interview, which earned him the infamous reputation of 'Curtly talks to no one!'. In this, his autobiography, Curtly will tell the story of his life with the West Indies team for the very first time. From his colourful upbringing in Antigua, through to the turbulent politics of both nation and dressing room, the book takes you behind the scenes to give a fascinating insight into the career of an iconic sportsman. With his customary honesty, Curtly will discuss his relationship with both the game and his teammates and competitors, and will talk in depth about key moments in his career, including his extraordinary spell against Australia in 1992, taking 7-1. From the culture of West Indian cricket to experiencing post-Apartheid cricket in South Africa, as well as touching on his relationship with cricket mogul and notorious financier Allen Stanford, the book will speak to fans of works such as C.L.R. James's *Beyond a Boundary*, as well as fans of cricket and sports biography. It

also includes forewords from legendary cricket commentary Richie Benaud and Steve Waugh.

Cricket Odyssey is a skilfully executed, lovingly constructed, book: a literary celebration of over a century-and-a-half of cricket. It has narrative and character study blended in a dexterously refined, yet readable form. It not only manages to pervade the essential of the essentials of some of cricket's greatest players — from Dr W G Grace to Steve Waugh; from Sir Don Bradman, Sachin Tendulkar to Rahul Dravid; from Sir Learie Constantine and Sir Gary Sobers to Jacques Kallis; from Ray Lindwall to Wasim Akram; and, from Clarrie Grimmett to Anil Kumble and Muttiah Muralitharan — but, it also brings to life a classy and effulgent cricketing collage. More than a lively, encapsulated grandeur of individual brilliance, or cricketing chemistry, of each player epitomised in its canvas, *Cricket Odyssey* explores not only the many-resplendent delights of cricket, but it also delineates a deftly woven work of art — of the game's scientific foundation, art and grammar, and its players' phenomenal exploits, acts of courage, grandeur, and 'shortfall.' A journey through nostalgia, and a living monument to a living philosophy, it is, in sum, a 'must-read' and 'must-keep' book for all avid cricket fans across the globe.

Phil Tufnell, cricket legend and national treasure, has populated his very own Cricket Hall of Fame with a deliciously eclectic collection of cricket legends and offbeat characters, with joyful results. From boyhood heroes, to legendary team-mates, to fearsome opponents, to idiosyncratic umpires and broadcasters, Tuffers has gathered together the most enchanting cast of cricketing figures every assembled. And it wouldn't be a Tuffers tome if there weren't a number of captivating appearances from some unexpected quarters, including some genuinely off-the-wall, non-cricketing inductees to keep life interesting in this very personal Hall of Fame. By turns eccentric and warm-hearted, Tuffers' Cricket Hall of Fame is a joy for all cricket fans.

In order to identify the 25 greatest cricketers of all time, ESPN assembled a panel of eminent cricket authorities. The result of their deliberations became the basis for ESPN's Legends of Cricket. The panel included Richie Benaud, Dickie Bird, Allan Border, Ian Botham, Ian Chappell, Sunil Gavaskar and Sir Richard Hadlee. The final 'legends' and the order in which they belong generated considerable debate. Most agree that Sir Donald Bradman is entitled to be No. 1, and Sir Garfield Sobers No. 2, but after that, opinions diverge. Can you compare WG Grace with Sachin Tendulkar? Who was the greatest West Indian fast bowler? Was Ian Botham, Sir Richard Hadlee, Imran Khan or Kapil Dev the best all-rounder of the '80s? Has Dennis Lillee's impact on the game been greater than that of Shane Warne? Greg Chappell is here; how about Steve Waugh and Allan Border? Which South Africans make the top 25? In Legends of Cricket, Geoff Armstrong profiles each of the champions who made the top 25. The profiles feature the opinions of more than 40 current and former Test stars, including 21 Test captains, the world's most famous umpire and a number of high-profile commentators and writers. What do the greats profiled here have in common? They all have powerful personalities, an unerring self-belief, courage and an unshakeable love for the game. Some are more flamboyant and charismatic than others, and not all are natural leaders, but every one has brought something new and extraordinary to cricket. Genuine Legends can do that.
