AN INSTANT NEW YORK TIMES BESTSELLER! The first daughter is for the Throne. The second daughter is for the Wolf. For fans of Uprooted and The Bear and the Nightingale comes a dark, sweeping debut fantasy novel about a young woman who must be sacrificed to the legendary Wolf of the Wood to save her kingdom. But not all legends are true, and the Wolf isn't the only danger lurking in the Wilderwood. As the only Second Daughter born in centuries, Red has one purpose—to be sacrificed to the Wolf in the Wood in the hope he'll return the world's captured gods. Red is almost relieved to go. Plagued by a dangerous power she can't control, at least she knows that in the Wilderwood, she can't hurt those she loves. Again. But the legends lie. The Wolf is a man, not a monster. Her magic is a calling, not a curse. And if she doesn't learn how to use it, the monsters the gods have become will swallow the Wilderwood—and her world—whole. "A brilliant dark fantasy debut!" —Jodi Picoult, NYT bestselling author

IS THERE REALLY A BETTER WAY TO SELL? Straight from the work of two expert sales consultants comes "decision intelligence," a genuinely customer-centric approach tailor-made for social enterprises. DR. ROY WHITTEN and SCOTT ROY are the founders of Whitten & Roy Partnership. WRP maintains a global consultant network and has served organizations in over 40 countries. Inside Sell Well, Do Good, you'll discover how transformative science exposes a root problem in sales: the belief - held by salespeople and clients alike - that selling is fundamentally a process of pitching, persuading, and pressuring people to buy. This single conviction leads to individual behaviors and organizational systems that become self-perpetuating, dysfunctional, and unproductive for everyone involved, creating conditions that undermine the mission of social enterprises and limit their impact. Using real stories from over a decade of field work, the authors put you into the training room to break through old habits and fixed mindsets. Follow in the footsteps of thousands of salespeople and executives as you learn to transform your team. Get to the heart of customer-centric selling and explore how to: - Master your attitude to produce your best work - Lead compelling conversations that result in committed action - Educate your customers to help them make the right buying decision - Build a selling system that changes the behavior of sales agents and their customers. No hype or hyperbole - just actionable insight from two seasoned executives who believe that selling is the heartbeat of business and who know that how a social enterprise sells will determine its ultimate value to the customers it serves.
