Without any forewarning, the madness struck. One moment the busy steel-mill town of Keystone was a peaceful industrial community... the next, it had become a shambles of murder, madness and ruthless midnight slaughter. Horror walked its streets, and terror lurked in every close-locked home... Could the Spider, hastening to answer the distressed call of the dismayed inhabitants, prevail against the death which struck from darkness? A stranger in a place of madness, unsupported by friends or allies, Richard Wentworth faces his greatest test-alone!

Claymore, Vol. 14 Steeger Books

Following the Pulitzer prize-winning collection *Stag's Leap*, Sharon Olds gives us a stunning book of odes. Opening with the powerful and tender "Ode to the Hymen," Olds addresses and embodies, in this age-old poetic form, many aspects of love and gender and sexual politics in a collection that is centered on the body and its structures and pleasures. The poems extend parts of her narrative as a daughter, mother, wife, lover, friend, and poet of conscience that will be familiar from earlier collections, each episode and memory burnished by the wisdom and grace and humor of looking back. In such poems as "Ode to My Sister," "Ode of Broken Loyalty," "Ode to My Whiteness," "Blow Job Ode," and "Ode to the Last Thirty-Eight Trees in New York City Visible from This Window," Olds treats us to an intimate examination that, like all her work, is universal, by turns searing and charming in its honesty. From the bodily joys and sorrows of childhood to the deaths of those dearest to us, Olds shapes the world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.

True Accounts of Slave Rescues: Then and Now Penguin

It was my first day as a brand new high school teacher. But I got dumped that morning. Via text. And then one of my students hit on me. And the rest of the day was a complete mess. The beautifully single Mr. Drake McCain found me in my classroom, feeling sorry for myself. And not sixty seconds later he had me laughing and electricity racing through my blood. My family is broken and complicated. I literally don't know my biological father's name. My mother is absent and my half-brother barely knows who she is. But Drake? He's not complicated. He's sweet and kind and insanely adorable, and comes from a wonderful family. He is everything I want. The chemistry between us? It's there in spades. I keep telling myself that I should be feeling really awful and depressed since I just got dumped a few days ago. But I keep getting this ridiculous smile on my face every time Drake is around and it's kind of hard to keep telling myself that. I'm Kaylee Ray. I believe in fairytales and happily ever after's, and maybe the search for Prince Charming is over. Cue reality check.

'Janey is like a whirlwind of selflessness. A beautiful spirit in a beautiful country doing a beautiful

thing. I encourage my children to be more 'Janey'. With more positive spirits like Janey, the world would be a better place.' - Ben Fogle In 2014 and in her mid-twenties, Janey Lowes had been a vet for just two years when she left her home in County Durham and went travelling. Visiting Sri Lanka, she was horrified to see the state of so many of the island's dogs, in particular the three million strays. Over 5,000 miles from home, Janey decided there and then that she was going to move to the island indefinitely and do everything within her power to help them. She raised £10,000 to get started, setting up a charity called WECare Worldwide, and began work. Frightened, determined and excited all at the same time, she found a local who was willing to work with her and began scouring the streets for dogs in need. Some she patched up as best she could at the roadside, others she brought back and treated in a make-shift surgery she had cobbled together in her new home. With very little equipment, she and her small team came up with new and ingenious ways to treat the animals. In this highly inspiring and heartfelt book full of challenges and adventure, Janey introduces us to her world and the tireless work she carries out. As she says, 'I feel as though all these dogs are my dogs and I have a responsibility to them.' In it, we meet many of the colourful characters who have come to offer help, along with innumerable street dogs who have suffered all sorts of trauma and injury, only to be scooped up by Janey and her team and saved. *Liar's Winter* Carson-Dellosa Publishing

The new grand theory of leadership by Ram Charan . . . The breakthrough book that links know-how—the skills of people who know what they are doing— with the personal and psychological traits of the successful leader. How often have you heard someone with a commanding presence deliver a bold vision that turned out to be nothing more than rhetoric and hot air? All too often we mistake the appearance of leadership for the real deal. Without a doubt, intelligence, vision, and the ability to communicate are important. But something big is missing: the know-how of running a business—the capacity to take it in the right direction, do the right things, make the right decisions, deliver results, and leave the people and the business better off than they were before. For well over four decades, Ram Charan has been learning in the most visceral way the underlying reasons why leaders succeed and fail. As one of the most influential advisers to top management teams of leading companies around the world, he has had a front-row seat to observe the cause and effect of leadership practices and behaviors. Ram Charan's insight into the real content of leadership provides you with the eight fundamental skills needed for success in the twenty-first century: • Positioning (and, when necessary, repositioning) your business by zeroing in on the central idea that meets customer needs and makes money • Connecting the dots by pinpointing patterns of external change ahead of others • Shaping the way people work together by leading the social system of your business • Judging people by getting to the truth of a person • Molding high-energy, high-powered, high-ego people into a working team of leaders in which they equal more than the sum of their parts • Knowing the destination where you want to take your business by developing goals that balance what the business can become with what it can realistically achieve • Setting laser-sharp priorities that become the road map for meeting your goals • Dealing creatively and positively with societal pressures that go beyond the economic value creation activities of your business Know-How is the missing link of leadership. By showing how the eight know-hows link to, interact with, and reinforce personal and psychological traits, Ram Charan provides a holistic and innovative portrait of successful leaders of the twenty-first century.

"Wonderful . . . J. V. Jones is a striking writer." So says Robert Jordan, the author of *The Wheel of Time* epic fantasy series. And Jones lives up to that praise in the highly charged epic adventure of

Ash March and Raif Sevrance, two outcasts whose fate are entwined by ancient prophecies and need, in the cold, dark world that threatens to be torn asunder by a war to end all wars. Isolated by their birthrights, they are but two who fight the dreaded Endlords, and their strength and courage will be needed if the world is to be saved from darkness." Raif, wrongly accused and cut off from his clan by the treachery of their new headman, has a talent for killing that is part of his curse and his burden. But he bears another burden of greater weight. Ash is a sacred warrior to the Sull, an ancient race whose numbers have declined. Raised as a foundling, never knowing her true history, she must learn to accept the terrible gifts of her heritage. But as Ash learns more of her greater fate, Raif's task looms dark and desperate, for he must journey through the nightmare realm of the Want, a place where even the Sull now fear to tread.
