A Medieval Life offers a biography of one woman, a portrait of her world, and an introduction to historical method. A Medieval Life offers a biography of one

woman, a portrait of her world, and an introduction to historical method. Written in a clear and accessible style, it reworks a well-loved book to provide an entirely new resource for students, teachers, and general readers. Like Cecilia Penifader, most people in the Middle Ages were peasants, humble people living socially below the knights, bishops, and kings who figure so large in history books. Judith M. Bennett shows that peasants, too, made history. She explores how peasant lives were closely entangled with the lives and interests of those more privileged, looking at manors as well as villages; parishes, faith, and ritual practices; royal taxes and justice; economy and trade; famine and disease. By moving out from Cecilia's perspective, the book explores the ties and tensions that bound all medieval people—poor as well as rich—into a medieval society. The book also provides a primer on the fact-finding and interpretative debates that are at the heart of the historian's craft. Each chapter includes a new section on how medievalists today are studying such topics as puberty, morals, courtship, and climate change. The illustrations, taken

from the famous Luttrell Psalter, provide a coherent, rich, and interpretatively complex visual program. And the final chapter explores some of the different ways in which historians, for better and for worse, have understood medieval society.

*Many Peoples, One Land* iUniverse Celebrating the wealth of quality multicultural literature recently published for children and young adults, this valuable resource examines the fiction, oral tradition, and poetry from four major

ethnic groups in the United States. Each of these genres is considered in turn for the literature dealing with African Americans, Asian Americans, Hispanic Americans, and Native-American Indians. Taking up where their earlier volume *This Land is Our Land* left off, Helbig and Perkins have teamed up once again to identify and expertly evaluate more than 500 multicultural books published from 1994 through 1999. Both considered authorities in the field of children's literature, the two of them personally selected, read, and evaluated all the books included here. Their insightful annotations help readers carefully consider both literary standards such as plot development, characterization, and style, as well as cultural values as they are represented in these cited works. Each entry also indicates the suggested age and grade level appropriateness of the work. With the proliferation and ever increasing popularity of multicultural literature for children and young adults, this sensitively written volume will serve as an invaluable collection development tool. Teachers, as well as librarians, will find the comprehensiveness and organization of

this bibliography helpful as a guide in selecting appropriate materials for classroom use. Even students will find this book easy to use, with its five indexes identifying works by title, writer, illustrator, grade level, and subject. Public libraries and school media centers will find much use for *Many Peoples, One Land*. Agnes Cecilia Franklin Classics *Letters to Poets* honors and commemorates the hundredth anniversary of Rilke's *Letters to a Young Poet* by partnering a selection of 14 of the country's leading contemporary poets with 14 emerging poets and documenting their correspondences. These poets challenge the hierarchies and pitfalls endemic to the mentoring process, and ask some of the day's toughest, most vital questions concerning race, class, and gender. Spanning a range of not only generations but cultural, aesthetic, and economic backgrounds, these diverse pairings both challenge and support each other artistically and politically. The result is in turns dramatic, enlightening, and entertaining. Contributors include: Anselm Berrigan & John Yau, Brenda Coultas & Victor Hernández Cruz, Truong Tran &

 Using the latest research and a wealth of personal experiences, this is the fact-based, no-nonsense approach to birth, child health, and shared child-rearing you have been waiting for. Many expectant

parents will be surprised and relieved to hear the following- breastfeeding doesn't protect against allergies; sterilising bottles and dummies is unnecessary in most countries; and if you think you shouldn't drink alcohol when breastfeeding, you've been taken in by plain moralism and not scientific evidence. And by the way, you can forget the housework and prescribed routines- as long as you attend to your baby's basic needs and maintain your social and work connections, you'll be doing just fine. Paediatrician Dr Cecilia Chrapkowska runs one of Sweden's most popular parenting blogs, Barnakuten, and is a specialist on vaccinations. Dr Agnes Wold has been named Sweden's Woman of the Year for her tireless work in women's health. Together they present cutting-edge research from around the world that can guide you to make better parenting choices. Drawing on Sweden's famously generous parental leave and enlightened social policies, they also demonstrate the importance of equal parenting, and provide practical tools for parents everywhere to share responsibility equally. Parenthood the Swedish Way is an egalitarian, myth-busting guide through

the maze of challenges that parents face raising healthy, happy families in the twenty-first century.

"Clare: Her Light and Her Song" is a vivid portrait of a strong woman who scandalizes family and friends to follow her beloved mentor, Francis of Assisi, in a life of joyous poverty. Thoroughly researched, this biography faithfully depicts Clare as seen by her

contemporaries, including cardinals and popes. Her story is enriched by accounts of the wars, political intrigues and towering figures of the tumultuous thirteenth century in which she played a significant role. The first woman to receive Papal approval for her own Rule of Life, Clare continues as a model for women of the twenty-first century.
