 ABSTRACT This paper describes a research  
 regarding emotions of musical

instruments. The goal is to find out  
 whether it is possible to alter a  
 communicated emotion to a listener by  
 using various musical instruments. These  
 instruments are the piano, marimba, alt

sax and cello. Emotions of Musical Instruments - Semantic Scholar paper describes a research regarding emotions of musical instruments. The goal is to find out whether it is possible to alter a communicated emotion to a listener by using various musical instruments. These instruments are the piano, marimba, alt sax and cello. After performing an experiment clear differences are visible, especially on the emotions joy and sadness. [PDF] Emotions of Musical Instruments | Semantic Scholar

Comprehending the complexities of combined emotions. Being able to internalize all of these words and understand the deep richness they can conjure up can help expand the reach of the power of your music. But you don't want to just add these words to your lyrics. That won't do anything. You have to touch people's hearts and minds. Musical Key Characteristics & Emotions | LedgerNote

The present study is focused on exploring the emotional connotations of musical timbre of isolated instrument sounds through the perspective of emotional speech prosody. The stimuli were isolated instrument sounds and

emotional speech prosody categorized by listeners into anger, happiness and sadness, respectively. Frontiers | Emotional Connotations of Musical Instrument ... In the first experiment, 40 novel melodies each representing one of four emotions (happiness, sadness, fear, or anger) were each recorded on four different instruments (an electronic synthesizer, a piano, a violin, and a trumpet), controlling for melody, tempo, and loudness between instruments. It's not what you play, it's how ... - PubMed Central (PMC)
