Between the Devil and the Deep Random House
From the Sunday Times bestselling author comes a harrowing and moving memoir about two innocent and frightened 'unfosterable' children

who do not know what it means to be loved. This is the third book in the series. The shock that strikes Casey and her family when Ashton and Olivia arrive is immeasurable. Two dirty, frightened little waifs stand before them, huge eyes staring around their new surroundings. Ashton - 9, Olivia - 6, have the same urchin look; hair

running wild with head lice, filthy nails and skin covered in scabs. And the smell is horrific. The eldest two children of a group of five siblings, Casey had only been told they were coming two days earlier. But it was an emergency, temporary placement, and they were only due to stay a couple of weeks... Casey is desperate to help these

poor, lost children, who have been taken away from their family because they were considered at risk, but before she can even start to understand the horrific things that have happened in the past, she has to teach them the most basic of behaviours. Ashton and Olivia have no barriers and no sense of what's right and wrong - her challenges begin with the toilet and eating habits. The weeks roll into months and the months roll on, but bit by bit the children are starting to

feel like they truly belong to a family, for the first time. With this new found security and love, gradually they start to reveal what really happened to them and their siblings at home, and slowly Casey can help them start to rebuild their young lives.

TERRIFIED ... It was supposed to be a harmless camping trip. Six wayward teenagers who'd run into trouble with the law, and their court-appointed

guardians, Sara and Martin Randhurst. Three nights on a small, deserted island off of Michigan's upper peninsula. A time to bond, to learn, to heal. Then Martin told a campfire story about the island's history. Of the old civil war prison hidden in there, and the starving confederate soldiers who resorted to cannibalism to stay alive. Everyone thought it was funny. They even laughed when Martin pretended to be dragged off into the woods. But Martin didn't

come back. And neither did Sara when she went in search of him. Then the laughter stopped. ... TO DEATH The group soon began to realize that this deserted island wasn't so deserted after all. And perhaps Martin's ridiculous story had more truth to it than anyone thought. What's the most horrifying thing you can imagine? This is a hundred times worse ... TRAPPED by Jack Kilborn It starts where other horror ends A Word of Warning: This is the long-awaited follow-up to AFRAID, one

of the most horrifying books ever written. Originally scheduled to be released in paperback in 2010, the publisher read the first version of the manuscript and refused to release it. The author made extensive changes, rewriting much of the story. The publisher still refused. This is a disturbing, terrifying book. You may think you're brave enough to handle it. But you're probably not ... Contains bonus excerpts from ENDURANCE by Jack Kilborn, and AFRAID by Jack Kilborn, as well as

DESERT PLACES by Blake Crouch. But that's not all ... Taking advantage of ebook format and technology, the author is also proud to offer as a bonus; the entire original first draft of TRAPPED. This ebook package contains two versions of the same book, dramatically different in parts. See what was cut. See what was changed. Read new characters, new scenes, and a different ending. Decide for yourself which version you prefer.

Rising Water Anchor
 The harrowing story of five men who were sent into a dark, airless, miles-long tunnel, hundreds of feet below the ocean, to do a nearly impossible job—with deadly results A quarter-century ago, Boston had the dirtiest harbor in America. The city had been dumping sewage into it for generations, coating the seafloor with a layer of

“black mayonnaise.” Fisheries collapsed, wildlife fled, and locals referred to floating tampon applicators as “beach whistles.” In the 1990s, work began on a state-of-the-art treatment plant and a 10-mile-long tunnel—its endpoint stretching farther from civilization than the earth’s deepest ocean trench—to carry waste out of the harbor. With this impressive feat of engineering, Boston was poised to show the country how to rebound from environmental ruin.

But when bad decisions and clashing corporations endangered the project, a team of commercial divers was sent on a perilous mission to rescue the stymied cleanup effort. Five divers went in; not all of them came out alive. Drawing on hundreds of interviews and thousands of documents collected over five years of reporting, award-winning writer Neil Swidey takes us deep into the lives of the divers, engineers, politicians, lawyers, and investigators involved in the tragedy

and its aftermath, creating a taut, action-packed narrative. The climax comes just after the hard-partying DJ Gillis and his friend Billy Juse trade assignments as they head into the tunnel, sentencing one of them to death. An intimate portrait of the wreckage left in the wake of lives lost, the book—which Dennis Lehane calls "extraordinary" and compares with *The Perfect Storm*—is also a morality tale. What is the true cost of these large-scale construction

projects, as designers and builders, emboldened by new technology and pressured to address a growing population's rapacious needs, push the limits of the possible? This is a story about human risk—how it is calculated, discounted, and transferred—and the institutional failures that can lead to catastrophe. Suspenseful yet humane, *Trapped Under the Sea* reminds us that behind every bridge, tower, and tunnel—behind the infrastructure that makes modern life possible—lies

unsung bravery and extraordinary sacrifice. Trapped Vintage This "intense reading experience"* is a Printz Honor Book. Shawn McDaniel's life is not what it may seem to anyone looking at him. He is glued to his wheelchair, unable to voluntarily move a muscle—he can't even move his eyes. For all Shawn's father knows, his son may be suffering. Shawn may want a release. And as long as he is unable to communicate his true feelings to his father, Shawn's life is in

danger. To the world, Shawn's senses seem dead. Within these pages, however, we meet a side of him that no one else has seen—a spirit that is rich beyond imagining, breathing life. *Booklist starred review
The Last House on Needless Street Penguin The incredible true story of the twelve boys trapped with their coach in a flooded cave in Thailand and their inspiring rescue—as seen in Ron Howard's *Thirteen Lives*. On June 23, 2018, twelve members of the

Wild Boars soccer team and their coach were exploring the Tham Luang cave complex in northern Thailand when disaster struck. A rainy season downpour flooded the tunnels, trapping them as they took shelter on a shelf of the dark cave. Eight days of searching yielded no signs of life, but on July 2 they were discovered by two British divers. The boys and their coach were eventually rescued in an international operation that took three days. What could have been a

terrible tragedy became an amazing story of survival. Award-winning author Marc Aronson brings us the backstory behind how this astounding rescue took place. *Rising Water* highlights the creative thinking and technology that made a successful mission possible by examining the physical, environmental, and psychological factors surrounding the rescue. From the brave Thai Navy SEAL who lost his life while placing oxygen tanks along the

passageways of the cave, to the British divers that ultimately swam the boys to safety, to the bravery of the boys and their coach, this is the breathtaking rescue that captivated the entire world.

 "So many memories I would like to forget. But

they are vividly etched in my mind, and impossible to erase. My name is Cecylia Ziobro; the only child born to my parents. I am a Polish American who survived my early childhood years in the Nazi slave labor camps of World War II." During World War II, a young Polish American girl named Cecylia was imprisoned in a Nazi labor camp. After more than sixty years, with the sincere encouragement from her friends and family, she has decided to share her extraordinary

story. In surprising detail, Cecylia recounts the daily struggle, physical and mental anguish, humiliation, fear and yes, even humor of her otherwise bleak life in the camps. Hers is a story that centers around a little-known aspect of the war, and it is told here from a fresh perspective, that of a young girl facing unimaginable horror--and unexpected hope--as a prisoner in a Nazi labor camp.
