[The Boy with No Shoes](#) Macmillan

Five-year-old Jimmy Rova is the unwanted child of a mother who rejects him, and whose other children bully him. The one thing he can call his own is a pair of shoes, a present from the only person he feels has ever loved him. When they are cruelly taken away, Jimmy spirals down into a state of loneliness and terrible loss from which there seems no recovery. This triumphant story of a boy's struggle with early trauma and his remarkable journey into adulthood is based on William Horwood's own remarkable childhood in south-east England after the Second World War. Using all the skills that went into the creation of his modern classics, Horwood has written an inspiring story of a journey from a past too painful to imagine to the future every child deserves.

[The Friendly Persuasion](#) Random House (UK)

This stunning continuation by William Horwood follows the further adventures of the four most beloved characters in English literature. In this new tale, we find the loyal companions approaching the autumn of their lives, reflecting on their many escapades and preparing to hand over River Bank to the next generation. When the future of the home they know and love suddenly comes under threat, all of the creatures, young and old, must rally together. Enriched once again by the outstanding illustrations of Patrick Benson, *The Willows and Beyond* is another captivating story for audiences and imaginations everywhere.

*Carter's Castle* eBook Partnership

The twelve days of Christmas are fast approaching and Mole is planning to enjoy every one of them with his River Bank friends. So when the normally cheerful Toad desponds at the arrival of Mrs. Ffleshe, an impossibly rude houseguest who every year sets out to protect Toad from overindulgence, Mole must do something about it. But the plan he hatches with Ratty, Badger, and Otter goes horribly wrong. With the prospect of spending Christmas in jail, Mole will have to work hard if he is to salvage some Christmas spirit for his friends. *The Willows at Christmas* is the crowning achievement of William Horwood's enchanting sequels to Kenneth Grahame's *The Wind in the Willows*. The new story is set just after the original, but before Horwood's critically acclaimed *The Willows in Winter*. It will give pleasure to the countless readers around the world who have reveled in each new work. Merry Christmas! "Lovers of *The Wind in the Willows* will feel at home and will laugh a lot with sheer pleasure." - *The Times*

*Duncton Tales* St. Martin's Press

One momentous evening, events are set in motion that will decide the fate of our world and the Hyddenworld - a land lying alongside our own, concealed from human eyes. As earth tremors ravage the Hyddenworld, a child of two worlds is born, a lost gem is found and the Hyddenworld's sleeping Emperor finally wakes. And he requires a powerful gem to sustain his stricken body and time-worn spirit. These events signal the end of a normal life for Jack and his daughter. Judith must find her path as a woman of two worlds, as her unwelcome destiny calls her to unite four powerful gems, so keeping the earth from darkness with their light. If she fails, both human and hydden worlds will face extinction. And to triumph, she must embrace the help of friends - and the love of her greatest friend of all. Series praise: 'The last fifty pages of this book gave me my happiest reading experience in recent years' [FantasyBookReview.co.uk](http://FantasyBookReview.co.uk), 'A real gem of a novel ... It's colourful, it's incredibly creative and this new series is one that will soon become a firm favourite' [FalcataTimes.com](http://FalcataTimes.com) blog, 'This is a return to the traditional; an intimate, delicate and delightfully written novel' [TotalSciFiOnline.com](http://TotalSciFiOnline.com) *The Willows and Beyond* Springer Science & Business Media

In this first of three volumes, wolves driven out of remote regions of Europe set out for the mountains of Czechoslovakia, the mythical heartland of wolfkind, summoned by the fallen gods. They seek to re-establish the position they held long ago, before Man set out to hunt them to extinction.

[Zipping, Zapping, Zooming Bats](#) Tor UK

The adventure of a lifetime is just beginning . . . It has lain lost and forgotten for fifteen hundred years in the ancient heartland of England - a scrap of glass and metal melded by fierce fire. It is the lost core of a flawless Sphere made by the greatest of the Anglo-Saxon CraeftLords in memory of the one he loved. Her name was Spring and contained in the very heart of this work is a spark from the Fires of Creation. But while humans have lost their belief in such things, the Hydden - little people existing on the borders of our world - have not. Breaking the silence of centuries they send one of their own, a young boy, Jack, to live among humans in the hope that he may one day find what has been lost for so long. His journey leads him to Katherine, a girl he rescues from a tragic accident -- it's a meeting that will change everything. It is only through their voyage into the dangerous Hyddenworld that they will realize their destiny, find love and complete the great quest that will save both their worlds from destruction. Their journey begins with Spring . . .

*The Willows in Winter* HarperCollins

Bats fly into the spotlight in this exploration of such basics as where the live, how mothers raise their pups, and how they hunt for food. Included as well is a simple plan for a building a backyard bat house. 1995 "Pick of the Lists" (ABA) Best Children's Science Books 1995 (Science Books and Films)

**Skallagrigg** Paul Zante

The wolves face the task of travelling deeper into the heart of their ancient homeland in the Tatra Mountains of Czechoslovakia.

*The Pursuit of Mind* Random House (UK)

The triumphant third volume of the unique and magical *Duncton Chronicles* The ruthless war against the Stone has almost been won by disciples of the Word - only wild Siabod and mysterious Beechenhill still hold out, and everywhere the followers of the Stone go in peril of their lives. Yet in the shadows of *Duncton Wood* a new light is shining. For the Stone Mole has come, to revive the moles' faith in themselves and in the ancient power of the Stone to defeat and deny the evil Word. But it is a task that will demand a greater sacrifice than any mole has yet to face... A story of courage, loyalty and the power of love... inspired by the shadows and light of England's most beautiful countryside. 'A massive read... more readable and rewarding than *The Lord of the Rings*' *The Times* *The Duncton Chronicles* *Duncton Wood* *Duncton Quest* *Duncton Found*

[City of Dark Hearts](#) Canelo

Historian Gary Lachman delivers a fascinating, rollicking biography of literary and cultural rebel Colin Wilson, one of the most adventurous, hopeful, and least understood intellects of the past century. You will embark on the intellectual ride of a lifetime in this rediscovery of the life and work of writer, rebel, and social experimenter Colin Wilson (1931-2013). Author of the classic *The Outsider*, Wilson, across his 118 books, purveyed a philosophy of mind power and human potential that made him one of the least understood and most important voices of the twentieth century. Wilson helped usher in the cultural revolution of the 1960s with his landmark work, *The Outsider*, published in 1956. *The Outsider* was an intelligent, meticulous, and unprecedented study of nonconformity in all facets of life. Wilson, finally, became a prolific and unparalleled historian of the occult, providing a generation of readers with a responsible and scholarly entry point to a world of mysteries. Now, acclaimed historian Gary Lachman, a friend of Wilson and a scholar of his work, provides an extraordinary and delightful biography that delves into the life, thought, and evolution of one of the greatest intellectual rebels and underrated visionaries of the twentieth century.

*Distant Worlds* Voyager

Receiving a text from Sasha, my girlfriend, at work was always risky. Especially when she wanted to know if her girlfriend was horny. A short and sweet (and filthy) story.

**The Wind in the Willows** HarperCollins UK

This book recounts the epic saga of how we as human beings have come to understand the Solar System. The story of our exploration of the heavens, Peter Bond reminds us, began thousands of years ago, with the naked-eye observations of the earliest scientists and philosophers. Over the centuries, as our knowledge and understanding inexorably broadened and deepened, we faltered many times, frequently labored under misconceptions, and faced seemingly insurmountable obstacles to understanding. Yet, despite overwhelming obstacles, a combination of determined observers, brilliant thinkers, courageous explorers, scientists and engineers has brought us, particularly over the last five decades, into a second great age of human discovery. At our present level of understanding, some fifty years into the Space Age, the sheer volume of images and other data being returned to us from space has only increased our appetite for more and more detailed information about the planets, moons, asteroids, and comets of the Solar System. Taking a much-needed overview of how we now understand these "distant worlds" in our cosmic neighborhood, Bond not only celebrates the extraordinary successes of planetary exploration, but reaffirms an important truth: For seekers of knowledge, there will always be more to explore. An astonishing saga of exploration... In this much-needed overview of "where we stand today," Peter Bond describes the achievements of the astronomers, space scientists, and engineers who have made the exploration of our Solar System possible. A clearly written and compelling account of the Space Age, the book includes: • Dramatic accounts of the daring, resourcefulness, and ferocious competitive zeal of renowned as well as almost-forgotten space pioneers. • Clear explanations of the precursors to modern astronomy, including how ancient natural philosophers and observers first took the measure of the heavens. • More than a hundred informative photographs, maps, simulated scenarios, and technical illustrations--many of them in full color. • Information-dense appendices on the physical properties of our Solar System, as well as a comprehensive list of 50 years of Solar System missions. Organized into twelve chapters focused on the objects of our exploration (the individual planets, our Moon, the asteroids and comets), Bond's text shows how the great human enterprise of space exploration may on occasion have faltered or wandered off the path, but taken as a whole amounts to one of the great triumphs of human civilization.

**Harvest** Gale / Cengage Learning

A woman desperate to turn a new page heads to the Scottish coast and finds herself locked in a battle of wills with an infuriatingly aloof bookseller in this utterly heartwarming debut, perfect for readers of *Evvie Drake Starts Over*. "Humor and charm abound. . . . [This] love story hits the spot."—Publishers Weekly  
Thea Mottram is having a bad month. She's been let go from her office job with no notice—and to make matters even worse, her husband of nearly twenty years has decided to leave her for one of her friends. Bewildered and completely lost, Thea doesn't know what

to do. But when she learns that a distant great uncle in Scotland has passed away, leaving her his home and a hefty antique book collection, she decides to leave Sussex for a few weeks. Escaping to a small coastal town where no one knows her seems to be exactly what she needs. Almost instantly, Thea becomes enamored with the quaint cottage, comforted by its cozy rooms and lovely but neglected garden. The locals in nearby Baldochrie are just as warm, quirky, and inviting. The only person she can't seem to win over is bookshop owner Edward Maltravers, to whom she hopes to sell her uncle's book collection. His gruff attitude—fueled by an infamous, long-standing feud with his brother, a local lord—tests Thea's patience. But bickering with Edward proves oddly refreshing and exciting, leading Thea to develop feelings she hasn't experienced in a long time. As she follows a thrilling yet terrifying impulse to stay in Scotland indefinitely, Thea realizes that her new life may quickly become just as complicated as the one she was running from.

**Duncton Quest** Pan Macmillan
