This book investigates Italian foreign cultural policy from the 1947 Constitution to the present. How has Italy conveyed its language and culture to the outside world? Where does the Italian experience fit into a wider international context? Finally, what can be learned from the answers to such questions in relation to the Italian experience in Australia?

Rhythm Brought to Life
A Rhythmic Primer
This volume is the first comprehensive study of the influence of English Pre-Raphaelitism on Italian art and culture in the late nineteenth century. Analysis of the cultural relations between Italy and Britain has focused traditionally on the special place that Italy had in the British imagination, but the cultural and artistic exchanges between the two countries have been much misunderstood. This book aims to correct this imbalance by placing Pre-Raphaelitism in its European context. It explores the nature of its influence on Italy, how it was transmitted, and how it was manifested, by focusing on the role of Italian Anglophiles, the

English communities in Florence and Rome, the writings of Gabriele D'Annunzio, and a number of Italian artists active in Tuscany and Rome. The works of Cellini, Ricci, Gioja, De Carolis, and Sartorio in particular fully demonstrate the impact of Pre-Raphaelitism on the young Italian school of painting which found in the English movement an ideal link with its glorious past on which it could build a new artistic identity. These artists show that English Pre-Raphaelitism was one of the most powerful single influences on fin-de-siecle Italian culture.

The Arthur of the Italians OUP Oxford

This volume is intended to fill a need long felt by teachers who, year after year, have their students read Dante's Inferno in world literature or Italian language courses. The student is fascinated by Dante's overpowering visual imagination, and illustrative material directly treating or at least influenced by the Inferno is often sought. However, such a search can be carried on with some comprehensiveness only in the largest libraries in America, and then often only in the rare book rooms of these libraries. In the three decades, in conjunction with the 700th anniversary of Dante's birth in 1265, several magnificent volumes dealing with illustrations to the Divine Comedy have been published. However, many of these are foreign-language editions rarely found on American library shelves. Additionally, such volumes are both expensive and specialized, covering specific time periods, such as the miniatures in the illuminated manuscripts of the fourteenth and fifteenth centuries, the earliest printed editions of the fifteenth and sixteenth centuries, or the illustrations of a single artist, such as Botticelli, Signorelli, or Blake. Illustrations to Dante's Inferno offers to a general readership, in a relatively compact and inexpensive format, a critical overview of illustrations to the Inferno from the age of Dante to modern times. Professor Nassar has selected more than 400 plates (many in color) for inclusion in this volume. His criteria for selection are those of a literary critic seeking fidelity to the tone and texture of a literary masterpiece, as is discussed in the introduction. He has organized the selections in a canto-by-canto format, which will prove convenient for both the teacher and student and will also allow for comparative studies. Also included are a select list of illustrated editions, a select bibliography, and a comprehensive

index.

This is the first comprehensive book on the Arthurian legend in medieval and Renaissance Italy since Edmund Gardner's 1930 *The Arthurian Legend in Italian Literature*. Arthurian material reached all levels of Italian society, from princely courts with their luxury books and frescoed palaces, to the merchant classes and even popular audiences in the piazza, which enjoyed shorter retellings in verse and prose. Unique assemblages emerge on Italian soil, such as the *Compilation of Rustichello da Pisa* or the innovative *Tavola Ritonda*, in versions made for both Tuscany and the Po Valley. Chapters examine the transmission of the French romances across Italy; reworkings in various Italian regional dialects; the textual relations of the prose *Tristan*; narrative structures employed by Italian writers; later ottava rima poetic versions in the new medium of printed books; the Arthurian-themed art of the Middle Ages and Renaissance; and more. *The Arthur of the Italians* offers a rich corpus of new criticism by

scholars who have brought the Italian Arthurian material back into critical conversation.

Recently, chapters on individual Irish-language authors have formed part of publications regarding modern Irish art and culture in general. Such chapters are welcome but they have excited the curiosity of readers to the degree that longer, more detailed works are now required to put writing in Irish into perspective. In this study of four modern poets (two each from two generations), Sewell attempts to illustrate not only the accumulative but the transformative nature of tradition. Chapters 1 and 2 turn from the mid-20th century master Seán Ó Riordáin to the contemporary poet Cathal Ó Searcaigh because the comparison and contrast highlights significant aspects of the amazing development of Irish poetry and, indeed, society in the period. Here, importantly, the word 'development' is meant in a neutral way - the image used is that of a zig-zag movement in the pattern of the continuing Irish tradition. Chapter 3 returns to the slightly earlier, major Irish-language poet Máirtín Ó Direáin. In doing so, it returns home (from the internationalism of the previous chapter on Searcaigh) to Ireland - a major focus and concern for the more solely traditionalist Ó Direáin. This switch back (in time, geography, social mores or outlook) fits and illustrates Sewell's concept of the zig-zag movement of a country's culture as it proceeds from generation to generation. The positioning, therefore, has a thematic purpose. The fourth and final chapter focuses on the contemporary poet Nuala Ní Dhomhnaill who has managed to synthesise tradition and modernity (central concerns of this book) and who, in doing so, has become the current trail-blazer of Irish poetry in either language.
