Parliament and  
Administration in India  
Taylor & Francis  
A classic work in  
postcolonial studies,  
Masks of Conquest  
describes the  
introduction of English  
studies in India under

British rule and  
illuminates the  
discipline's  
transcontinental  
movements and  
derivations, showing  
that the origins of  
English studies are as  
diverse and diffuse as  
its future shape. In her  
new preface, Gauri  
Viswanathan argues  
forcefully that the  
curricular study of

English can no longer be understood innocently or inattentively to the imperial contexts in which the discipline first articulated its mission.

To get the job you want you need a CV that really does the job. This practical, bestselling book will show you exactly how to present your skills, identify your achievements and communicate these successfully. You will learn to focus on your strengths and find out which skills to highlight for which kind of job. The author suggests different styles and uses for a CV, showing how to get the most from your most powerful marketing

tool, whatever your background or current situation. And you will find invaluable advice on what to do once you've got an interview.

*The Highest Stage of Capitalism* South Asia Books

“What the Communist Manifesto is to the capitalist world, *Annihilation of Caste* is to India.” —Anand Teltumbde, author of *The Persistence of Caste* B.R. Ambedkar’s *Annihilation of Caste* is one of the most important, yet neglected, works of political writing from India. Written in 1936, it is an audacious denunciation of Hinduism and its caste system. Ambedkar – a figure like W.E.B. Du Bois – offers a scholarly critique of Hindu scriptures, scriptures

that sanction a rigidly hierarchical and iniquitous social system. The world's best-known Hindu, Mahatma Gandhi, responded publicly to the provocation. The hatchet was never buried. Arundhati Roy introduces this extensively annotated edition of *Annihilation of Caste* in "The Doctor and the Saint," examining the persistence of caste in modern India, and how the conflict between Ambedkar and Gandhi continues to resonate. Roy takes us to the beginning of Gandhi's political career in South Africa, where his views on race, caste and imperialism were shaped. She tracks Ambedkar's emergence as a major political figure in the national movement,

and shows how his scholarship and intelligence illuminated a political struggle beset by sectarianism and obscurantism. Roy breathes new life into Ambedkar's anti-caste utopia, and says that without a Dalit revolution, India will continue to be hobbled by systemic inequality. *Masks of Conquest*  
Taylor & Francis  
Argues for an original, unorthodox conception about the relationship between globalization and contemporary nationalism. While the prevailing view holds that nationalism and globalization are forces of clashing opposition, Sabanadze establishes that these tend to become allied forces. Acknowledges that nationalism does react against the rising globalization and

represents a form of resistance against globalizing influences, but the Basque and Georgian cases prove that globalization and nationalism can be complementary rather than contradictory tendencies.

Nationalists have often served as promoters of globalization, seeking out globalizing influences and engaging with global actors out of their very nationalist interests. In the case of both Georgia and the Basque Country, there is little evidence suggesting the existence of strong, politically organized nationalist opposition to globalization.

Discusses why, on a broader scale, different forms of nationalism develop differing attitudes towards

globalization and engage in different relationships. Conventional wisdom suggests that sub-state nationalism in the post-Cold War era is a product of globalization.

Sabanadze's work encourages a rethinking of this proposition. Through careful analysis of the Georgian and Basque cases, she shows that the principal dynamics have little, if anything, to do with globalization and much to do with the political context and historical framework of these cases. This book is a useful corrective to facile thinking about the relationship between the 'global' and the 'local' in the explanation of civil conflict. Neil MacFarlane, Lester B.

Pearson Professor of International Relations and fellow at St. Anne's College, Oxford University and chair of the Oxford Politics and International Relations Department.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved,

reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

*Teaching in a Digital Age* Fundamentals of Education

The second edition of this user-friendly text for students taking introductory courses in politics builds on the success of the first edition. It provides completely updated

and stimulating coverage of topics essential to the understanding of contemporary politics. Ideal for students taking combined degrees at introductory level in politics and the social sciences, it emphasises the individual and social dimension of politics and covers theories and concepts in an accessible way. New features in the second edition include: \* new examples drawn from Western democracies and other political systems \* expanded sections on nationalism, religion, alternative politics, globalisation and ethnic conflict \* updated examples from the most contemporary political events \* biographies of key political thinkers

and figures.

Watch Professor Melkote talk about Communication for Development: Theory and Practice for Empowerment and Social Justice This book critically examines directed social change theory and practice while presenting a conceptual framework of development communication to address inequality and injustice in contemporary contexts. This third edition features significantly revised and updated chapters to include the latest

scholarship on, and practices of, media and communication for development. It explores empowerment and social justice to individuals and communities around the world in the context of increasing globalization. Tracing the history of development communication, it looks objectively at diverse approaches and their supporters, and goes on to provide models for the future. It also offers a new chapter presenting the authors' framework foregrounding empowerment and social justice as goals for development communication in the 21st century. The earlier editions of this book, *Communication for Development in the*

*Third World* (1991 and 2001), are established core texts for courses on development communication throughout the world.

Explore the fascinating history of south-east Asia *A Short History of South-East Asia*, Sixth Edition is the latest in a series of updated texts spotlighting this fascinating region.

With revised chapters for all of the countries in this geographic area, this interesting text paints a remarkable overview of the characters and events

that have shaped this part of the world. Founded upon a deeply perceptive observation of the late founding Prime Minister of Singapore Lee Kuan Yew, this book brings shape to the idea that 'to understand the present and to anticipate the future, one must know enough of the past, enough to have a sense of the history of a people.' With an approachable writing style and comprehensive content, this unique text was written for business readers interested in improving their understanding of this important region. With globalization continuing to gain momentum, south-east Asia is emerging as an important business sector for many industries. Not only

does this open up professional opportunities, it exposes individuals in other parts of the world to the unique histories and cultures of the area. If you are interested in learning more about the region, this abbreviated text is a wonderful resource. Explore historic and political developments that have taken place throughout south-east Asia Quickly navigate text organized by country, allowing you to dive into the events that have shaped Brunei, Cambodia, East Timor, Indonesia, Lao PDR, Malaysia, Myanmar, the Philippines, Singapore, Thailand, and Vietnam Gain an important global perspective, which can prove valuable on personal and professional levels

Leverage your new understanding of the region's past to better understand its present and anticipate its future *A Short History of South-East Asia*, Sixth Edition is an abbreviated history of south-east Asia written with business readers in mind.

**An Introduction to Statistical Methods and Data Analysis**

Atlantic Publishers & Dist

Munoo, a young boy forced to leave his hill village to fend for himself and discover the world. His journey takes him far from home to towns and cities, to Bomboy and Simla, sweating as servant, factory-worker and rickshaw driver. It is a fight for survival that illuminates, with raw immediacy, the grim fate of the masses in pre-Partition India.

**The General Theory of Employment, Interest and Money**

Verso Books

What Is Political

Theory? provides

students with a

comprehensive

overview of the current state of the discipline.

Eleven substantive

chapters address the

most pressing topics in

political theory today,

including: - what

resources do the classic texts still provide for political theorists? - what areas will political theorists focus on in the future? - can western political theory alone continue to provide a framework for responding to the challenges of modern political life? The authors assess the intellectual challenges to conventional political theory, such as post-structuralism and the scientific study of politics, that have revitalized the field in the last 30 years. They also broaden the perspective to take in non-western ideas and to reconceptualize political theory in the light of specifically global challenges. Students and teachers of political theory and political philosophy will find this book

invaluable in understanding the factors that have shaped current political theory and which will guide its future development.

**Coolie** Motilal Banarsidass Publishe Yayati, Girish Karnard's first play, was written in 1960 and won the Mysore State Award in 1962. It is based on an episode in the Mahabharata, where Yayati, one of the ancestors of the Pandavas, is given the curse of premature old age by his father-in-law, Shukracharya, who is incensed by Yayati's infidelity. Yayati could redeem this curse only if someone was willing to exchange his youth with him. It is his son, Pooru, who finally offers to do this for his father. The play

examines the moment of crisis that Pooru's decision sparks, and the dilemma it presents for Yayati, Pooru, and Pooru's young wife.

Critique of Judgment

OUP India

In 1810, while still at Eton, Percy Bysshe Shelley published *Zastrozzi*, the first of his two early Gothic prose romances. He published the second, *St. Irvyne; or, The Rosicrucian*, a year later. These sensationalist novels present some of Shelley's earliest thoughts on irresponsible self-indulgence and violent revenge, and offer remarkable insight into an imagination that is strikingly modern. This new Broadview Literary Texts edition also brings together the

fragmentary remains of Shelley's other prose fiction, including his chapbook, *Wolfstein*, and contemporary reviews both by Shelley and about his work.

**Communication for Development**

Chandler House Press

The pamphlet here presented to the reader was written in the spring of 1916, in Zurich. In the conditions in which I was obliged to work there I naturally suffered somewhat from a shortage of French and English literature and from a serious dearth of Russian literature. However, I made use of the principal English work on imperialism, the book by J. A. Hobson, with all the care that, in my opinion, work

deserves. This pamphlet was written with an eye to the tsarist censorship. Hence, I was not only forced to confine myself strictly to an exclusively theoretical, specifically economic analysis of facts, but to formulate the few necessary observations on politics with extreme caution, by hints, in an allegorical language—in that accursed Aesopian language—to which tsarism compelled all revolutionaries to have recourse whenever they took up the pen to write a “legal” work. It is painful, in these days of liberty, to re-read the passages of the pamphlet which have been distorted, cramped, compressed in an iron vice on account of the censor. That the period of

imperialism is the eve of the socialist revolution; that social-chauvinism (socialism in words, chauvinism in deeds) is the utter betrayal of socialism, complete desertion to the side of the bourgeoisie; that this split in the working-class movement is bound up with the objective conditions of imperialism, etc.—on these matters I had to speak in a “slavish” tongue, and I must refer the reader who is interested in the subject to the articles I wrote abroad in 1914-17, a new edition of which is soon to appear. In order to show the reader, in a guise acceptable to the censors, how shamelessly untruthful the capitalists and the social-chauvinists who have deserted to their

side (and whom Kautsky opposes so inconsistently) are on the question of annexations; in order to show how shamelessly they screen the annexations of their capitalists, I was forced to quote as an example—Japan! The careful reader will easily substitute Russia for Japan, and Finland, Poland, Courland, the Ukraine, Khiva, Bokhara, Estonia or other regions peopled by non-Great Russians, for Korea. I trust that this pamphlet will help the reader to understand the fundamental economic question, that of the economic essence of imperialism, for unless this is studied, it will be impossible to understand and appraise modern war and modern politics.

*Imperialism* Orient Blackswan  
The Present Volume Has A Wide Coverage. It Includes Papers Written By A Dozen Economists Spread Over The Entire Country. The Fields Covered In The Papers Include Agriculture, Industry, Banking, Human Development And Science And Technology Policy. The Response To The Two Volumes Released Earlier Was So Encouraging That It Has Led To The Publication Of The Present Third Volume.
