This first collection of Judith Plaskow's essays and short writings traces her scholarly and personal journey from her early days as a graduate student through her pioneering contributions to both feminist theology and Jewish feminism to her recent work in sexual ethics. Accessibly organized into four sections, the collection begins with several of Plaskow's foundational essays on feminist theology, including one previously unavailable in English. Section II addresses her nuanced understanding of oppression and includes her important work on anti-Judaism in Christian feminism. Section III contains a variety of short and highly readable pieces that make clear Plaskow's central role in the creation of Jewish feminism, including the essential "Beyond Egalitarianism." Finally, section IV presents her writings on the significance of sexual ethics to the larger project of transforming Judaism. Intelligently edited with the help of Rabbi Donna Berman, and including pieces never before published, *The Coming of Lilith* is indispensable for religious studies students, fans of Plaskow's work, and those pursuing a Jewish education.

"It's hard to talk clearly about investing and make sense to ordinary readers at the same time. Katsenelson gives a lucid

explanation of today's markets with sound advice about how to make money while avoiding the traps that the market sets for exuberant bulls and frightened bears alike." — Thomas G. Donlan, Barron's "A thoroughly enjoyable read. Provides a clear framework for equity investing in today's 'sideways' and volatile markets useful to everyone. Clear thinking and clear writing are not often paired - well done!" — Dick Weil, CEO, Janus Capital Group "The bible for how to invest in the most tumultuous financial market environment since the Great Depression. A true guidebook for how to build wealth prudently." — David Rosenberg, Chief Economist & Strategist, Gluskin Sheff + Associates Inc. "A wonderful, grounded read for new and seasoned investors alike, Katsenelson explains in plain English why volatility and sideways markets are a stock picker's best friend." — The Motley Fool, www.Fool.com Praise for Active Value Investing "This book reads like a conversation with Vitaliy: deep, insightful, inquisitive, and civilized." — Nassim Nicholas Taleb, author of *The Black Swan* "Thoroughly enjoyable . . . for the thoughtful and often entertaining way in which it is delivered. . . Katsenelson takes his reader step by step into the mind of the value investor by relating, in a fictional addendum to *Fiddler on the Roof*, the story of Tevye's purchase of Golde, the cow. He also describes his own big-time gambling evening (he was willing to lose a maximum of \$40) and that of a half-drunken, rowdy fellow blackjack player to stress the importance of process. He then moves on to the fundamental principles of active value investing. What differentiates this book from so many others on value investing is that it describes, sometimes through the use of

case studies, the thinking of a value investor. Not just his models or his metrics but his assessments. Katsenelson is an empiricist who weighs facts, looks for contraindications, and makes decisions. He makes value investing come alive. This may be a little book, but it's packed with insights for both novices and experienced investors. And it is a delight to read." —Seeking Alpha

This book is a how-to for new and experienced CFOs. It is one place for new CFOs to get information on how to start in their job as well as continuing reference on many issues-such as personnel, accounting and reporting, banking, credit, taxes, and so on." —Gail W. Sevier, CPA, Member/Manager of Marrs, Sevier & Company LLC *My Promised Land* John Wiley & Sons Winner of the 2017 AESA Critic's Choice Book Award This book provides multiple perspectives on the dual struggle that teacher educators currently face as they make sense of edTPA while preparing their pre-service teachers for this high stakes teacher exam. The adoption of nationalized teacher performance exams

has raised concerns about the influence of corporate interests in teacher education, the objectivity of nationalized teaching standards, and ultimately the overarching political and economic interests shaping the process, format, and nature of assessment itself. Through an arc of scholarship from various perspectives, this book explores a range of questions about the goals and interests at work in the roll out of the edTPA assessment and gives voice to those most affected by these policy changes, teacher educators, and teacher education students.

Disaster on the Horizon is a behind-the-scenes investigative look at the worst oil well accident in US history, which led to the current environmental and economic catastrophe on the Gulf Coast. Cavnar uses his 30 years in the business to take readers inside the disaster, exposing the decisions leading up to the blowout and the immediate aftermath. It includes personal accounts of the survivors, assembled from testimony during

various investigations, as well as personal interviews with survivors, witnesses, and family. It also provides a layman's look at the industry, its technology, people, and risks. It deconstructs events and decisions made by BP, Transocean, and the US Government before and after the disaster, and the effects of those decisions, both good and bad. Cavnar explains what happened in the Gulf, explores how we arrived at deep water drilling in the first place and then charts a course for how to avoid these disasters in the future.

It can feel like we're swimming in a sea of corruption. It's unclear who exactly is in charge and what role they play. The same influential people seem to reappear time after time in different professional guises, pressing their own agendas in one venue after another. According to award-winning public policy scholar and anthropologist Janine Wedel, these are the powerful "shadow elite," the main players in a vexing new system of power and influence. In this groundbreaking book, Wedel charts how this shadow elite, loyal only to their own, challenge both governments' rules of accountability and business codes of competition to accomplish their own goals. From the Harvard economists who helped privatize post-Soviet Russia and the neoconservatives who have helped privatize American foreign policy (culminating with the debacle that is Iraq) to the many private players who daily make public decisions without public input, these manipulators both grace the front pages and operate behind the scenes. Wherever they maneuver, they flout once-sacrosanct boundaries between state and private. Profoundly original, *Shadow Elite* gives

us the tools we need to recognize these powerful yet elusive players and comprehend the new system. Nothing less than our ability for self-government and our freedom are at stake.

"The last great work of the age of reason, the final instance when all human knowledge could be presented with a single point of view ... Unabashed optimism, and unabashed racism, pervades many entries in the 11th, and provide its defining characteristics ... Despite its occasional ugliness, the reputation of the 11th persists today because of the staggering depth of knowledge contained with its volumes. It is especially strong in its biographical entries. These delve deeply into the history of men and women prominent in their eras who have since been largely forgotten - except by the historians, scholars"-- The Guardian, <https://www.theguardian.com/books/booksblog/2012/apr/10/encyclopedia-britannica-11th-edition>.

NEW YORK TIMES BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND THE ECONOMIST Winner of the Natan Book Award, the National Jewish Book Award, and the Anisfield-Wolf Book Award An authoritative and deeply personal narrative history of the State of Israel, by one of the most influential journalists writing about the Middle East today Not since Thomas L. Friedman's groundbreaking *From Beirut to Jerusalem* has a book captured the essence and the beating heart of the Middle East as keenly and dynamically as *My Promised Land*. Facing unprecedented internal and external pressures, Israel today is at a moment of existential crisis. Ari Shavit draws on interviews, historical documents, private diaries, and letters, as well as his own family's story, illuminating the pivotal moments of the Zionist century to tell a riveting narrative that is larger than the sum of its parts: both personal and national, both deeply human and of profound historical dimension. We meet Shavit's great-grandfather, a British Zionist who in 1897 visited the Holy Land on a Thomas Cook tour and understood that it was the way of the future for his people; the idealist young farmer who bought land from his Arab neighbor in the 1920s to grow the Jaffa oranges that would create Palestine's booming economy; the visionary youth group leader who, in the 1940s, transformed Masada from the neglected ruins of an extremist sect into a powerful symbol for Zionism; the Palestinian who as a young man in 1948 was driven with his family from his home during the expulsion from Lydda; the immigrant orphans of Europe's Holocaust, who took on menial work and focused on raising their

children to become the leaders of the new state; the pragmatic engineer who was instrumental in developing Israel's nuclear program in the 1960s, in the only interview he ever gave; the zealous religious Zionists who started the settler movement in the 1970s; the dot-com entrepreneurs and young men and women behind Tel-Aviv's booming club scene; and today's architects of Israel's foreign policy with Iran, whose nuclear threat looms ominously over the tiny country. As it examines the complexities and contradictions of the Israeli condition, *My Promised Land* asks difficult but important questions: Why did Israel come to be? How did it come to be? Can Israel survive? Culminating with an analysis of the issues and threats that Israel is currently facing, *My Promised Land* uses the defining events of the past to shed new light on the present. The result is a landmark portrait of a small, vibrant country living on the edge, whose identity and presence play a crucial role in today's global political landscape. Praise for *My Promised Land* "This book will sweep you up in its narrative force and not let go of you until it is done. [Shavit's] accomplishment is so unlikely, so total . . . that it makes you believe anything is possible, even, God help us, peace in the Middle East."—Simon Schama, *Financial Times* "[A] must-read book."—Thomas L. Friedman, *The New York Times* "Important and powerful . . . the least tendentious book about Israel I have ever read."—Leon Wieseltier, *The New York Times Book Review* "Spellbinding . . . Shavit's prophetic voice carries lessons that all sides need to hear."—*The Economist* "One of the most nuanced and challenging books written on Israel in years."—*The Wall Street Journal*
