Draw the Dark Scholastic Inc.

A thrilling tale of adventure, romance, and one girl's unyielding courage through the darkest of nightmares. Epidemics, floods, droughts--for sixteen-year-old Lucy, the end of the world came and went, taking 99% of the population with it. As the weather continues to rage out of control, and Sweepers clean the streets

of plague victims, Lucy survives alone in the wilds of Central Park. But when she's rescued from a pack of hunting dogs by a mysterious boy named Aidan, she reluctantly realizes she can't continue on her own. She joins his band of survivors, yet a new danger awaits her: the Sweepers are looking for her. There's something special about Lucy, and they will stop at nothing to have her.

The Forest of Hands and Teeth Penguin

There are stories where the girl gets her prince, and they live happily ever after. (This is not one of those stories.) Jenna Lord's first sixteen years were not exactly a fairy tale. Her father is a controlling psycho and her mother is a drunk. She used to count on her older brother—until he shipped off to Iraq. And then, of course, there was the time she almost died in a fire. There are stories where the monster gets the girl, and everyone cries for his

innocent victim. (This is not one of those stories either.) Mitch Anderson is many things: A dedicated teacher and coach. A caring husband. A man with a certain...magnetism. And there are stories where it's hard to be sure who's a prince and who's a monster, who is a victim and who should live happily ever after. (These are the most interesting stories of all.) *Drowning Instinct* is a novel of pain, deception, desperation, and love against the odds—and the rules.

Blood Ninja Simon and Schuster

Out of sight, out of their minds: It's a school-trip splatter fest and

completely not cool when the other kids in her class go all braindead on new girl Bobby. The day of the ski trip, when the bus comes to a stop at a roadside restaurant, everyone gets off and heads in for lunch. Everyone, that is, except Bobby, the new girl, who stays behind with rebel-without-a-clue Smitty. Then hours pass. Snow piles up. Sun goes down. Bobby and Smitty start to flirt. Start to stress. Till finally they see the other kids stumbling back. But they've changed. And not in a good way. Straight up, they're zombies. So the wheels on the bus better go round and round freakin' fast, because that's the only thing keeping Bobby and Smitty from becoming their classmates' next meal. It's kill or be killed in these hunger games, heads are gonna roll, and homework is most definitely gonna be late. Combining the chill of *THE SHINING*, the thrill ride of *SPEED*, the humor of *SHAUN OF THE DEAD*, and the angst of *THE BREAKFAST CLUB*, Kirsty McKay's *UNDEAD* is a bloody mad mash-up, a school-trip splatter-fest, a funny, gory, frighteningly good debut!

The Yellowstone supervolcano nearly wiped out the human race. Now, almost a year after the eruption, the survivors seem determined to finish the job. Communities wage war on each other, gangs of cannibals roam the countryside, and what little government survived the eruption has collapsed completely. The ham radio has gone silent. Sickness, cold, and starvation are the survivors' constant companions. When it becomes apparent that their home is no longer safe and adults are not facing the stark realities, Alex and Darla must create a community that can survive the ongoing disaster, an almost impossible task requiring even more guts and more smarts than ever--and unthinkable

sacrifice. If they fail . . . they, their loved ones, and the few remaining survivors will perish. This epic finale has the heart of Ashfall, the action of Ashen Winter, and a depth all its own, examining questions of responsibility and bravery, civilization and society, illuminated by the story of an unshakable love that transcends a post-apocalyptic world and even life itself.

The Dickens Mirror Simon and Schuster

Aimee and Alan have unusual pasts and secrets they prefer to keep hidden. Aimee's deceased mother struggled with mental illness and hallucinations, and Aimee thinks it could be hereditary. Alan is Courtney's cousin. His family moved to Maine when Courtney's father went missing. It's not just Alan's dark good looks that make him attractive. He is also totally in touch with a kind of spiritual mysticism from his Native American heritage. And it's not long before Aimee has broken up with her boyfriend . . . But it's not Aimee or Alan who is truly haunted - it's Courtney. In a desperate plea to find her father, Courtney invites a demonic presence into her life. Together, Aimee and Alan must exorcise the ghost, before it devours Courtney - and everything around her.
