 How do we know that Emily Dickinson wrote poems? How do we recognize a poem when we see one? In Dickinson's Misery, Virginia Jackson poses fundamental questions about reading habits we have come to take for granted. Because Dickinson's writing remained largely unpublished when she died in 1886, decisions about what it was that Dickinson wrote have been left to the editors, publishers, and critics who have brought Dickinson's work into public view. The familiar letters, notes on advertising fliers, verses on split-open envelopes, and collections of verses on personal stationery tied together with string have become the Dickinson poems celebrated since her death as exemplary lyrics. Jackson makes the larger argument that the century and a half spanning the circulation of Dickinson's work tells the story of a shift in the publication, consumption, and interpretation of lyric poetry. This shift took the form of what this book calls the "lyricization of poetry," a set of print and pedagogical practices that collapsed the variety of poetic genres into lyric as a synonym for poetry. Featuring many new illustrations from Dickinson's manuscripts, this book makes a major contribution to the study of Dickinson and of nineteenth-century American poetry. It maps out the future for new work in historical poetics and lyric theory.

 What links the popular songs "You'll Never Walk Alone", "Send in the Clowns", "Memory" and "I Am What I Am"? They all originated in Broadway musicals. Song of the Season is for those who believe that the score is at the heart of a musical and is the essential building block on which the rest of a show is built. Through a systematic historical survey from 1891 to 2023 it argues that the best musicals survive because of their songs, from early 20th century classics such as Show Boat and Oklahoma! through to the contemporary sound of Dear Evan Hansen and Hamilton. Looking at outstanding songs from each Broadway season, the development and history of the musical is illustrated with a fresh perspective. As song styles and popular music tastes changed throughout the decades this structure charts the progress of American showtunes alongside popular music forms as songs evolved from the waltz and ragtime to jazz, rock, rap and hip-hop. Factual analysis and historical context combine to offer a rich picture of the American songbook from Irving Berlin to Elton John. Song of the Season paints a fresh picture for musical theatre students and fans alike, illustrating significant changes in the form through the music. Analyzed in an accessible and engaging way that doesn't rely on music theory knowledge, and including a link to playlist where all the 'songs of

the seasons' can be listened to, it is a must-have for those looking to expand their knowledge of the form and trace the social history of the American showtune.

The Seal Lullaby by Eric Whitacre is a delightful, deceptively simple setting in the form of a lullaby for mixed choir and accompaniment of Rudyard Kipling's poem 'The White Seal'. This full SATB (Soprano, Alto, Tenor, Bass) choral arrangement with Piano accompaniment is accurately transcribed and appears in great quality print, with easy part writing throughout, so that singing this emotive song is as easy as possible. When Eric Whitacre was commissioned to write music for an animated feature, he was so struck by the words of Kipling's lovely poem that he immediately sat down to write a calm and subtle yet musically interesting piece. Unfortunately, the song was not used, but was later commissioned by the Towne Singers, and we are pleased to offer you this Seal Lullaby sheet music.
