How can I be the person I want to be when I'm stuck in a job I hate? How is it possible to stay present in an era of nearly constant distractions? Can I pick someone up at a bar or club and still call myself spiritual? This nitty-gritty guide to life for the spiritual-but-not-necessarily-religious uses Buddhist teachings to answer those burning questions and a host of others related to going out, relationships, work, and social action. Based on Lodro Rinzler's popular advice columns, Walk Like a

Buddha offers wisdom that can be applied to just the sort of dilemmas that tend to arise for anyone making even a modest attempt to walk like a Buddha—that is, to live with honesty, wisdom, and compassion in the face of whatever life surprises you with.

The Ten Original Practices for Enlightened Living Ulysses Press

The works of the Buddha can feel vast, and it is sometimes difficult for even longtime students to know where to look, especially since the Buddha never explicitly defined the framework behind his teachings. Designed to provide just such a framework, *In the Buddha's Words* is an anthology of the Buddha's works that has been specifically compiled by a celebrated scholar and translator. For easy

reference, the book is arrayed in ten thematic sections ranging from "The Human Condition" to "Mastering the Mind" to "The Planes of Realization." Each section comes with introductions, notes, and essays to help beginners and experts alike draw greater meaning from the Buddha's words. The book also features a general introduction by the author that fully lays out how and why he has arranged the Buddha's teachings in this volume. This thoughtful compilation is a valuable resource for both teachers and those who want to read the Buddha on their own.

I Can't Believe It's Not Buddha! Tuttle Publishing

A gripping portrait of modern Tibet told through the lives of its people, from the bestselling author of *Nothing to Envy* "A brilliantly reported and eye-opening work of narrative nonfiction."—The New York Times Book Review NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Parul Sehgal, The New York Times • The New York Times Book Review • The Washington Post • NPR • The Economist • Outside • Foreign Affairs Just as she did with North Korea, award-winning journalist Barbara Demick explores one of the most hidden corners of the world. She tells the story of a Tibetan town perched eleven thousand feet above sea level that is one of the most difficult places in all of China for foreigners to visit. Ngaba was one of the first places where the Tibetans and the Chinese Communists encountered one another. In the 1930s, Mao Zedong's Red Army fled into the Tibetan plateau to escape their adversaries in the Chinese Civil War. By the time the soldiers reached Ngaba, they were so hungry that they looted monasteries and ate religious statues made of flour and butter—to Tibetans, it was as if they were eating the Buddha. Their experiences would make Ngaba one of the engines of Tibetan resistance for decades to come, culminating in shocking acts of self-immolation. *Eat the Buddha* spans decades of modern Tibetan and Chinese history, as told through the private lives of Demick's subjects, among them a princess whose family is wiped out during the Cultural Revolution, a young Tibetan nomad who becomes radicalized in the storied monastery of Kirti, an upwardly mobile entrepreneur who falls in love with a Chinese woman, a poet and intellectual who risks everything to voice his resistance, and a Tibetan schoolgirl forced to choose at an early age between her family and the elusive lure of Chinese money. All of them face the same dilemma: Do they resist the Chinese, or do they join them? Do they adhere to Buddhist teachings of compassion and nonviolence, or do they fight? Illuminating a culture that has long been romanticized by Westerners as deeply spiritual and peaceful, Demick reveals what it is really like to be a Tibetan in the twenty-first century, trying to preserve one's culture, faith, and language against the depredations of a seemingly unstoppable, technologically all-seeing superpower. Her depiction is nuanced, unvarnished, and at times shocking.

Courier Dover Publications

"A provocative essay challenging the idea of Buddhist exceptionalism, from one of the world's most widely respected philosophers and writers on Buddhism and science. Buddhism has become a uniquely favored religion in our modern age. A burgeoning number of books extol the scientifically proven benefits of meditation and mindfulness for everything ranging from business to romance. There are conferences, courses, and celebrities promoting the notion that Buddhism is spirituality for the rational; compatible with cutting-edge science; indeed, "a science of the mind." In this provocative book, Evan Thompson argues that this representation of Buddhism is false. In lucid and entertaining prose, Thompson dives deep into both Western and Buddhist philosophy to explain how the goals of science and religion are fundamentally different. Efforts to seek their unification are wrongheaded and promote mistaken ideas of both. He suggests cosmopolitanism instead, a worldview with deep roots in both Eastern and Western traditions. Smart, sympathetic, and intellectually ambitious, this book is a must-read for anyone interested in Buddhism's place in our world today."--Provided by publisher.

Quotes from the Buddha are everywhere: on Facebook, Instagram, coffee mugs, posters. There's only one problem: the Buddha didn't actually say most of them. This humorous and informative book takes these fake Buddha quotes as a launching point for a discussion on what the Buddha really did say, and is a great entry point for those interested in learning more about Buddhism--what it is, and what it isn't. Bodhipaksa, a well-known Buddhist teacher and the founder of fakebuddhaquotes.com, takes a look at some of the quotes that are erroneously attributed to the Buddha, explains the ways in which these disagree (or sometimes agree) with Buddhist teachings, and offers some genuine examples of the Buddha's words. The perfect gift for the Buddhist in your life and an essential addition to any Buddhist library, *I Can't Believe It's Not Buddha!* is at once humorous and scholarly, and a timely antidote to the "fake news" that can surround some of the Buddha's teachings. Path of Compassion Macmillan
Buddha Can Improve Your Sports Performance and Life "No other person has had more influence on my thirty-six years of coaching than Jerry Lynch."—Missy Foote, Head women's lacrosse coach, Middlebury College #1

The Bodhisattva's Brain Shambhala Publications

Buddhism Plain and Simple offers a clear, straightforward treatise on Buddhism in general and on awareness in particular. When Buddha was asked to sum up his teaching in a single word, he said, "Awareness." The Buddha taught how to see directly into the nature of experience. His observations and insights are plain, practical, and down-to-earth, and they deal exclusively with the present.

Longtime teacher of Buddhism Steve Hagan presents the Buddha's uncluttered, original teachings in everyday, accessible language unencumbered by religious ritual, tradition, or belief.

The Heart of the Buddha's Teaching Palgrave Macmillan

Around 2500 years ago a thirty-five-year-old man named Siddhartha had a mystical insight under a peepul tree in north-eastern India; in a place now revered as Bodhgaya. Today; more than 300 million people across the globe consider themselves beneficiaries of Gautama Buddha's insight; and believe that it has irrevocably marked their spiritual commitment and identity. Who was this man who still remains such a vital figure for the modern-day questor? How did he arrive at the realization that 'suffering alone exists; but none who suffer; the

deed there is; but no doer thereof; Nirvana there is; but no one seeking it; the Path there is; but none who travel it'? The Book of Buddha traces the various stages of the spiritual journey undertaken by a man who started out as Siddhartha the Seeker; achieved understanding as Shakyamuni the Sage and attained supremacy as Tathagata the Master—finally reaching transcendence as Jina the Victor when he was transformed into the Buddha and became the Enlightened One. Combining personal insight with a deep understanding of Buddhist philosophy; Arundhati Subramaniam gives the reader a sensitive and revealing portrait of the Buddha and his role in shaping and transfiguring the course of history. In this passionate and deeply felt rendition of the Buddha's life she explores his enduring impact; and affirms that though he promised no quick-fix solution to life's problems; Buddhism has remained truly democratic because it holds out the promise of self-realization for all.

Gautama Buddha Ulysses Press
Jack Kornfield had gathered together the Buddha's best and most beautiful words and those of his countless disciples to create an enlightening, accessible and practical companion for those in search of the Buddha's path of happiness. The simple, but profound, verses and quotations in **BUDDHA'S LITTLE INSTRUCTION BOOK** explore the themes of individual awareness and kindness, wise relationships and the interconnection of all beings, and act as a reminder that anyone can live with the mindfulness and compassion of a Buddha. The section on the Art of Meditation includes easily followed meditations for sitting, walking, eating, loving kindness, forgiveness and compassion.

Buddha New York, Ronald
"A wealth of inspiration and practical tips for enjoying the Kingdom of God, the Pure Land of the Buddha, now." —Thich Nhat Hanh, bestselling author of *Peace Is Every Step* "For newcomers to Buddhism (and non-Buddhists interested in universal wisdom!) and 'old hands' at practice . . . [Das] promises nothing less than a liberated life, freed from angst over the tyranny of time, though the practice of loving presence." —Sylvia Boorstein, author of *Happiness Is An Inside Job* Internationally renowned meditation scholar Lama Surya Das delivers a penetrating and practical guide to discovering the power of living fully in the now. In the tradition of the Dalai Lama's *The Art of Happiness* and Noah Levine's *Heart of the Revolution*, *Buddha Standard Time* is a roadmap to discovering your own

inner kingdom of awareness, patience, and love.

What Would Buddha Do? Shambhala Publications

Third Palestine: A Regional Study in Byzantine Urbanization, unlocks the mystery of civilization in the Negev Desert of Israel in antiquity. What was the reason for the development of towns and cities in this arid zone, and why did its residents construct magnificent churches and edifices, are questions that this work seeks to answer. How did the inhabitants of this civilization work and live, and why did they achieve wealth and prosperity, are issues which chart the course of the book. Professor Gutwein, who has spent over a decade in the Middle East, interprets the remains of Christian churches and towns in this region, all the while focusing upon the historical documents and sources to analyze these questions. The land of the region, its historical geography, and provincial framework, are all investigated; while original maps, charts, and illustrations guide the reader through sites history has long forgotten. The urban framework of the province the Romans called Third Palestine is clearly illuminated in this work, and town sites and urban architecture are analyzed in depth. *Third Palestine* investigates the commercial role of the myriad cities and towns in the region by detailing the pilgrim trade, and the lucrative trade in spices. In addition, the military importance of the province is not neglected by the author, who uncovers remains of frontier defense, roads, and garrisons. With a list of 36 figures, and 11 tables, *Third Palestine* brings to light an important, yet previously neglected ancient civilization.

The Extraordinary Life of

Maharajapati Berrett-Koehler Publishers
From one of America's most brilliant writers, a New York Times bestselling journey through psychology, philosophy, and lots of meditation to show how Buddhism holds the key to moral clarity and enduring happiness. At the heart of Buddhism is a simple claim: The reason we suffer—and the reason we make other people suffer—is that we don't see the world clearly. At the heart of Buddhist meditative practice is a radical promise: We can learn to see the world, including ourselves, more clearly and so gain a deep and morally valid happiness. In this "sublime" (*The New Yorker*), pathbreaking book, Robert Wright shows how taking this promise seriously can change your life—how it can loosen the grip of anxiety, regret, and hatred, and how it can deepen your appreciation of beauty and of other

people. He also shows why this transformation works, drawing on the latest in neuroscience and psychology, and armed with an acute understanding of human evolution. This book is the culmination of a personal journey that began with Wright's landmark book on evolutionary psychology, *The Moral Animal*, and deepened as he immersed himself in meditative practice and conversed with some of the world's most skilled meditators. The result is a story that is "provocative, informative and...deeply rewarding" (*The New York Times Book Review*), and as entertaining as it is illuminating. Written with the wit, clarity, and grace for which Wright is famous, *Why Buddhism Is True* lays the foundation for a spiritual life in a secular age and shows how, in a time of technological distraction and social division, we can save ourselves from ourselves, both as individuals and as a species.

What the Buddha Taught Algonquin Books

This easy-to-understand overview of the basics of Buddhism is an invaluable resource for the new or seasoned practitioner. This user's guide to Buddhist basics takes the most commonly asked questions—beginning with "What is the essence of the Buddha's teachings?"—and provides simple answers in plain English. Thubten Chodron's responses to the questions that always seem to arise among people approaching Buddhism make this an exceptionally complete and accessible introduction—as well as a manual for living a more peaceful, mindful, and satisfying life. *Buddhism for Beginners* is an ideal first book on the subject for anyone, but it's also a wonderful resource for seasoned students, since the question-and-answer format makes it easy to find just the topic you're looking for, such as:

- What is the goal of the Buddhist path?
- What is karma?
- If all phenomena are empty, does that mean nothing exists?
- How can we deal with fear?
- How do I establish a regular meditation practice?
- What are the qualities I should look for in a teacher?
- What is Buddha-nature?
- Why can't we remember our past lives?

Buddha's Little Instruction Book Rider

"Enlightenment meets *On the Road* in this witty, insightful novel." —*The Boston Sunday Globe* When his sister tricks him

into taking her guru on a trip to their childhood home, Otto Ringling, a confirmed skeptic, is not amused. Six days on the road with an enigmatic holy man who answers every question with a riddle is not what he'd planned. But in an effort to westernize his passenger—and amuse himself—he decides to show the monk some "American fun" along the way. From a chocolate factory in Hershey to a bowling alley in South Bend, from a Cubs game at Wrigley field to his family farm near Bismarck, Otto is given the remarkable opportunity to see his world—and more important, his life—through someone else's eyes. Gradually, skepticism yields to amazement as he realizes that his companion might just be the real thing. In Roland Merullo's masterful hands, Otto tells his story with all the wonder, bemusement, and wry humor of a man who unwittingly finds what he's missing in the most unexpected place.

Sleep Better in Seven Weeks with Mindfulness Meditation Parallax Press

Deepak Chopra brings the Buddha back to life in this gripping *New York Times* bestselling novel about the young prince who abandoned his inheritance to discover his true calling. This iconic journey changed the world forever, and the truths revealed continue to influence every corner of the globe today. A young man in line for the throne is trapped in his father's kingdom and yearns for the outside world. Betrayed by those closest to him, Siddhartha abandons his palace and princely title. Face-to-face with his demons, he becomes a wandering monk and embarks on a spiritual fast that carries him to the brink of death. Ultimately recognizing his inability to conquer his body and mind by sheer will, Siddhartha transcends his physical pain and achieves enlightenment. Although we recognize Buddha today as an icon of peace and serenity, his life story was a tumultuous and spellbinding affair filled with love and sex, murder and loss, struggle and surrender. From the rocky terrain of the material world to the summit of the spiritual one, Buddha captivates and inspires—ultimately leading us closer to understanding the true nature of life and ourselves.

Buddha Simon and Schuster

A practical guide to the Buddha's

teachings unlocks the mysteries of Buddhist philosophy and practice, challenging orthodoxy and offering inspiration to readers. Reprint.

Buddha Is as Buddha Does Harmony

The words and example of Gautama (often known by the title, "Buddha") have affected billions of people. But what do we really know about him? While there is much we cannot say for certain about the historical Gautama, this persuasive new biography provides the fullest and most plausible account yet. Weaving ancient sources and modern understanding into a compelling narrative, Gautama Buddha places his birth around 484 BCE, his Enlightenment in 449 BCE and his death in 404 BCE, a century later than the traditional dates. Vishvapani Blomfield examines Gautama's words and impact to shed fresh light on his culture, his spiritual search and the experiences and teachings that led his followers, to call him "The Awakened One." Placing Gautama in a credible historical setting without assuming that he was really just an ordinary person, this book draws on the myths and legends that surround him to illuminate the significance of his life. It traces Gautama's investigations of consciousness, his strikingly original view of life and his development of new forms of religious community and practice. This insightful and thought-provoking biography will appeal to anyone interested in history and religion, and in the Buddha as a thinker, spiritual teacher and a seminal cultural figure. Gautama Buddha is a gripping account of one of history's most powerful personalities.

Buddhism Naturalized Penguin

A national bestseller and acclaimed guide to Buddhism for beginners and practitioners alike. In this simple but important volume, Stephen Batchelor reminds us that the Buddha was not a mystic who claimed privileged, esoteric knowledge of the universe, but a man who challenged us to understand the nature of anguish, let go of its origins, and bring into being a way of life that is available to us all. The concepts and practices of Buddhism, says Batchelor, are not something to believe in but something to do—and as he explains clearly and compellingly, it is a practice that we can engage in, regardless of our background or beliefs, as we live every day on the path to spiritual enlightenment.
