The bestselling author of *The Millionaire Next Door* reveals easy ways to build real wealth. With well over two million of his books sold, and huge praise from many media outlets, Dr. Thomas J. Stanley is a recognized and highly respected authority on how the wealthy act and think. Now, in *Stop Acting Rich?* and *Start Living Like a Millionaire*, he details how the less affluent have fallen into the elite luxury brand trap that keeps them from acquiring wealth and details how to get out of it by emulating the working rich as opposed to the super elite. Puts wealth in perspective and

shows you how to live rich without spending more. Details why we spend lavishly and how to stop this destructive cycle. Discusses how being "rich" means more than just big houses and luxury cars. A defensive strategy for tough times, *Stop Acting Rich* shows readers how to live a rich, happy life through accumulating more wealth and using it to achieve the type of financial freedom that will create true happiness and fulfillment.

Lemon-Aid guides steer the confused and anxious buyer through the economic

meltdown unlike any other car-and-truck books on the market. U.S. automakers are suddenly awash in profits, and South Koreans and Europeans have gained market shares, while Honda, Nissan, and Toyota have curtailed production following the 2011 tsunami in Japan. Shortages of Japanese new cars and supplier disruptions will likely push used car prices through the roof well into 2012, so what should a savvy buyer do? The all-new Lemon-Aid Used Cars and Trucks 2012-2013 has the answers, including: More vehicles rated, with some redesigned models that don't perform as well as previous iterations downrated. More roof crash-worthiness ratings along with an expanded cross-border shopping guide. A revised

summary of safety- and performance-related defects that are likely to affect rated models. More helpful websites listed in the appendix as well as an updated list of the best and worst "beaters" on the market. More "secret" warranties taken from automaker internal service bulletins and memos than ever.
