It's clear that FICO is one of the most important areas in SAP--and finding answers can be difficult. This guide is helpful in assessing FICO skills and evaluating candidates for a job.

SAP S/4HANA Embedded Analytics SAP PRESS

The perfect reference for end-users (accounting clerks, sales reps, shipping and receiving clerks, human resources employees, etc.) who merely use SAP as a tool to get their job done. Much of the coverage is aimed at "immediate" material so that end-users can get back to work on their job functions with the SAP software. Chapters on navigation, integration with Microsoft Office, reporting, business process, and performing common tasks will jump start you into getting work done, and accomplishing more immediately.

SAP Treasury and Risk Management SAP Press

This work introduces the SAP R/3 financial accounting module and the principles of financial accounting alongside each other. It contains real-life case studies, practical hints, customizing hints, and illustrated examples from SAP's IDES training system. [Maximizing Cash Management with SAP ERP Financials](#) SAP Press

SAP Transaction Codes is a useful reference for end users of the SAP business software, as well as those implementing and/or maintaining the SAP application. The book lists approximately 3800 of the most frequently used transaction codes available in the SAP system. It will enable a user to quickly

identify the most popular T-codes within a functional module, such as finance, controlling, materials management, human resources, payroll, quality management, etc. Also, when the T-code is known, it can help identify the associated module. SAP Transaction Codes also contains three step-by-step procedures, which demonstrate how to execute a transaction using the T-code shortcut method, how to determine the menu tree when the T-code is known, and how to use the menu tree for executing a transaction. Features: • Includes approximately 3800 of the most frequently used transaction codes available in the SAP software system • Enables the user to quickly identify the most popular T-codes within a functional module, such as finance (SAP FI), controlling (SAP CO) materials management, human resources, payroll, quality management, etc. • Demonstrates how to execute a transaction using the T-code shortcut method, how to determine the menu tree when the T-code is known, and how to use the menu tree for executing a transaction • Covers the latest versions of SAP • Shows an alphabetical listing of T-codes along with their associated modules and the procedures for executing a transaction code either through the shortcut method or the menu

Financial Guarantee Contracts and Credit Insurance SAP PRESS

Every company implementing SAP ERP Financials has use for the Accounts Receivable (AR) component, but many never utilize it to its full capacity. This often leads to decreased return on investment and increased user fatigue. In this book, you'll find tools and strategies for avoiding this scenario by maximizing and enhancing your SAP ERP Financials Accounts Receivable implementation! Implementation and Configuration Get practical advice from an experienced SAP consultant on all of the major functionality in SAP ERP Financials Accounts Receivable, and learn how to implement it effectively. Technical Enhancements and Add-ons Learn how Authorization Objects, BTEs, BADIs, and BAPIs can be used to enhance and extend your AR implementation with a minimum of configuration and user training. Get Hands-on with Specific Functionality Understand the core Accounts Receivable functions like never before: dunning, AR transactions, revenue recognition, credit management, tax processing, and more are all covered in serious detail. Extend Your Return on Investment Go beyond the basics to extend your AR ROI with focused coverage of SAP Financial Supply Chain

Management, AR reporting, and Additional Billing. Expert Advice and Guidance Get answers to the tough questions about special issues and situations from a seasoned SAP consultant who has spent many years in the trenches on numerous SAP ERP Financials and AR implementations.
