Keanu Reeves' Guide to Kindness is an illustrated guide to how we can all spread a little more love. Including 50 simple acts, such as holding the door open for someone, donating clothes and

books to charity and smiling at a stranger, and accompanying illustrations featuring Keanu himself, this book implores us to be kind. Always. Over the past few years, tales of Keanu Reeves' kindness and generosity have taken over the internet. From giving away millions of his earnings from The Matrix to the trilogy's special effects and costume team, to graciously giving up his subway seat to a fellow passenger and respecting women's personal space when posing for photos with them, no act of kindness is too big or too small for this acting giant.

Born into a world of violence, Amphitrite has honed her capacity for bloodshed. As the most lethal of the Nereids, she's determined to return her father to the throne of Atlantis, even if it means marrying her greatest enemy. Atlantis' monstrous depths have always been rife with treachery, but since Poseidon seized the throne, tensions between the underwater factions have the kingdom on the brink of war. Knowing that trying to kill a god is futile, to protect her sisters and her people, Amphitrite weds the usurper king with the intent of returning her family to their rightful place. Yet nothing is what Amphitrite expects when she becomes Poseidon's queen, least of all her alluring new husband. Her duty is to her family, but

she can't resist the feelings of desire stirring within her. Faced with an impossible choice, Amphitrite must pick a side. Will she be the saviour or the ruin of Atlantis? Greek mythology infused with captivating romance and spellbinding magic, this addictive fantasy is perfect for fans of *A Court of Thorns and Roses* and *From Blood and Ash*. *Shadows in the Deep* is the first book in the *Realms of Lore* series.

"I had nightmares, flashbacks. I dissociated... Changes in self-perception and hallucinations-those are some of my other symptoms. You are poison, I chanted silently to myself. And your

poison is contagious." So begins Mac McClelland's powerful, unforgettable memoir, *Irritable Hearts*. When thirty-year-old, award-winning human rights journalist Mac McClelland left Haiti after reporting on the devastating earthquake of 2010, she never imagined how the assignment would irrevocably affect her own life. Back home in California, McClelland cannot stop reliving vivid scenes of violence. She is plagued by waking terrors, violent fantasies, and crippling emotional breakdowns. She can't sleep or stop crying. Her life in shambles, it becomes clear that she is suffering from Post-Traumatic Stress Disorder. Her bewilderment about this sudden loss of control is magnified by the intensity of her feelings for Nico, a French soldier she met in Port-au-Prince

and with whom she connected instantly and deeply. With inspiring fearlessness, McClelland tackles perhaps her most harrowing assignment to date: investigating the damage in her own mind and repairing her broken psyche. She begins to probe the depths of her illness, exploring our culture's history with PTSD, delving into the latest research by the country's top scientists and therapists, and spending time with veterans and their families. McClelland discovers she is far from alone: while we frequently associate PTSD with wartime combat, it is more often caused by other manner of trauma and can even be contagious-close proximity to those afflicted can trigger its symptoms. As she confronts the realities of her diagnosis, she opens up to the love that

seems to have found her at an inopportune moment. Irritable Hearts is a searing, personal medical mystery that unfolds at a breakneck pace. But it is also a romance. McClelland fights desperately to repair her heart so that she can give it to the kind, patient, and compassionate man with whom she wants to share a life. Vivid, suspenseful, tender, and intimate, Irritable Hearts is a remarkable exploration of vulnerability and resilience, control and acceptance. It is a riveting and hopeful story of survival, strength, and love.

 THIS IS A SHORT PREQUEL (50 PAGES)  
 TO MY UPCOMING ROMANTIC MYSTERY  
 SERIES: MURDER, WE WROTE WRITTEN  
 IN TANDEM Alex Green is the author of a  
 successful book series whose hero,

Logan, is every woman's dream. Ellie Adams is a romantic comedy author who has won the heart of her readers with her witty and funny heroines. When they both find themselves at an impasse, unable to meet their deadlines, Meg, their editor, comes up with an original idea: combine their strengths and dream up the romantic, adventurous couple all readers are bound to fall in love with. Only problem: Alex and Ellie aren't exactly fond of each other. She thinks Logan is a heartless hero; he finds her heroines unrealistic. Moreover, he riles her by teasing her about her inability to write an interesting love scene. If they don't want to lose their readership though, they'll have to put aside their differences, trust each other, and write their next book together. EXCERPT "Ellie

Adams, the author of my heart," I hear a familiar voice and I meet Alex's gaze, who's helping himself to a glass of iced tea. He's the last person I expected to see and, honestly, I could have done without this surprise. "Alex Green, the author so full of himself he thinks he can be rude because he has a beautiful smile. I could say I'm happy to see you again, but I'd be lying. I imagine you won't be staying long, I'm sure you have other engagements." "Charming as always! Thank you for noticing that I have a nice smile, though. Coming from you it's more than I would have dared hope." "Flattery won't get you anywhere," I retort with a tight smile. My sister who has just entered looks at him with wide eyes. "Alex Green. I love your books!" she exclaims. "It's been a long

time since I asked Meg to introduce us--I can't believe I'm finally meeting you." "Thank you." He holds out his hand to shake hers, and Meg, who's coming in at this moment, gives everyone a hug while she's making the introductions. "I would have never guessed it," he says after hearing that Sophie and I are sisters. "What exactly does that mean?" My sister gives me an intrigued look, surprised by my cold tone. "Sophie seems to have all the qualities that you're missing, such as being polite and admiring me," he finishes with a smile. Sophie laughs heartily, but I'm not ready to let him get the upper hand. "Because Sophie didn't see you acting like an expert in romantic comedies while you tried to demolish my work." I'm exaggerating, I know, but so what? I

won't let him manipulate everyone around me. "I bet Sophie would have no trouble in challenging herself." "Excuse me, challenging myself? It's not because you didn't like a scene I wrote that I'm going to start questioning myself. Following the advice of a man who writes heartless characters isn't my priority." "Heartless?" he repeats in a mocking tone. "Tell me exactly what's bothering you. Women sing the praises of Logan; they think he embodies the perfect man." "Please. Get down from your pedestal. He's a walking cliché, and none of my heroines would ever want him in her life."

It's spring in Ivyland . . . Debut novelist Miles Klee takes a landscape of drugs, decay, loss and, perhaps, hope, and manages to make the ensemble wryly funny: something only a few notable contemporaries such as Jeff Vandermeer and Michael Chabon have been able to do. Post-urban New Jersey is instantly recognizable in this interlinked series of short vignettes. . . . and Lev's living room is puddles of water and sun, and a bunch of those furry caterpillars are hauling themselves from surface to surface. Populated by a bumbling, murderous citizenry of corrupt cops, innocents, ravenous addicts, lovesick geniuses, and cynical adventurers, Ivyland operates in the shadow of a giant pharmaceutical corporation that thrives on people's weaknesses . . . and

may have an even more sinister agenda. It's our world, only a bit more extreme, and lovingly, precisely depicted with the adept skills native to a master of dark humor.

From Speed's "What would you do?" to Point Break's "If you want the ultimate, you've got to be willing to pay the ultimate price," Keanu Reeves's movies are consistently built around philosophical questions that challenge viewers at the same time they're being entertained. What Would Keanu Do? examines everyday challenges faced by readers and helps solve those same problems by applying the philosophical lessons espoused by Reeves (or one of his films). From John Wick and Toy Story 4 to Dangerous Liaisons, The Matrix and

everything in between, this humorous yet helpful book provides all of the insight and guidance you'll ever need. And remember: As noted in the immortal lyrics of Kansas - and dramatically delivered by one Ted "Theodore" Logan - "All we are is dust in the wind." *Animorphia Sea and Sky* Museum of Contemporary Art, San Diego

Code Word Safe is a catalogue published on the occasion of the exhibition of the same title at Fellows of Contemporary Art in Los Angeles on view from October 19 - December 6 2019. Artists in the exhibition include: Oscar David Alvarez, Alexandra Grant, Kyla Hansen, David Karwan, Erica Ryan Stallones and Josh Paul Thomas all of whom use text, symbols, graphics and body movements to subvert and to invent pathways of

seeing and experiencing language. Code Word Safe is an exhibition of artists using text, symbols, body expressions, codes, and audio sequences to mutate, disguise, confuse or emphasize communication through visual or sound language. Code Word Safe brings together six Los Angeles based artists who use text, symbols and mixed media in their art works and performances to communicate social, political and personal messages that are spoken, painted, sewn and graphically produced. The title, Code Word Safe, relates to the idea that art can manifest in physical, mental and public spaces offering safe means for viewers to learn and enrich their lives powerfully and constructively. Under the study of semantics, the sub category pragmatics

identifies words and language understood through context. The artists in *Code Word Safe* use pragmatics in different forms to fracture creative and new paradigms of communicating through visual and spoken revelations. [Ivyland](#) Princeton University Press

Blondell Cummings: Dance as Moving

Pictures is the first monograph dedicated to the pivotal work of African American choreographer and video artist Blondell Cummings. The book accompanies an exhibition of the same name co-organized by the Getty Research Institute and Art + Practice, on view at Art + Practice in Los Angeles from September 18, 2021 through February 19, 2022. A foundational figure in dance, Cummings bridged postmodern dance experimentation and Black cultural traditions. Through her unique movement vocabulary, which she called "moving pictures," Cummings combined the visual imagery of photography and the kinetic energy of movement in order to explore the emotional details of daily rituals and the intimacy of Black home life. In her most well-known work

Chicken Soup (1981), Cummings remembered the family kitchen as a basis for her choreography; the dance was designated an American Masterpiece by the National Endowment for the Arts in 2006. This book draws from Cummings's personal archive and includes performance ephemera and numerous images from digitized recordings of Cummings's performances and dance films; newly commissioned essays by Samada Aranke, Thomas F. DeFrantz, and Tara Aisha Willis; remembrances by Marjani Forté-Saunders, Ishmael Houston-Jones, Meredith Monk, Elizabeth Streb, Edisa Weeks, and Jawole Willa Jo Zollar; a 1995 interview with Cummings by Veta Goler; and transcripts from Cummings's appearances at Jacob's Pillow and the

Wexner Center for the Arts. Bringing together reprints, an extended biography, a chronology of her work, rarely seen documentation, and new research, this book begins to contextualize Cummings's practice at the intersection of dance, moving image, and art histories.

The former owner/proprietor of the beloved appetizing store on Manhattan's Lower East Side tells the delightful, mouthwatering story of an immigrant family's journey from a pushcart in 1907 to "New York's most hallowed shrine to the miracle of caviar, smoked salmon, ethereal herring, and silken chopped

liver" (The New York Times Magazine). When Joel Russ started peddling herring from a barrel shortly after his arrival in America from Poland, he could not have imagined that he was giving birth to a gastronomic legend. Here is the story of this "Louvre of lox" (The Sunday Times, London): its humble beginnings, the struggle to keep it going during the Great Depression, the food rationing of World War II, the passing of the torch to the next generation as the flight from the Lower East Side was beginning, the heartbreaking years of neighborhood blight, and the almost miraculous renaissance of an area from which hundreds of other family-owned stores had fled. Filled with delightful anecdotes about how a ferociously hardworking family turned a passion for selling

perfectly smoked and pickled fish into an institution with a devoted national clientele, Mark Russ Federman's reminiscences combine a heartwarming and triumphant immigrant saga with a panoramic history of twentieth-century New York, a meditation on the creation and selling of gourmet food by a family that has mastered this art, and an enchanting behind-the-scenes look at four generations of people who are just a little bit crazy on the subject of fish. Dutch artist Maaïke Schoorel (1973) belongs to a new generation of painters whose work references the mythical history of painting from the Netherlands. The subjects of her paintings seem at

once recognizable and elusive and are drawn from familiar experiences and everyday encounters. She uses photographic source material as a way of beginning her paintings that are, in turn, rooted in the art-historical genres of landscape, portrait and still life.<sup>00</sup>The monograph 'Vera Icon' is a major overview of her work since her graduation from the Royal College of Art (London) in 2002. In collaboration with graphic designer Goda Budvytyt, the book illustrates finished paintings alongside moments of inspiration that all relate back to the cities Schoorel has lived and worked in: London, New York, Rome, Berlin and Amsterdam.<sup>00</sup>Contributions by leading art critics, curators and artists dissect the personal experience of looking at her

work, the artistic tradition in which it is steeped, as well as the relationship with photography, to complement a book that offers both an appraisal of Schoorel's work as well as an artistic experience in and of itself.

**For Your Consideration: Keanu Reeves** University of Toronto Press  
What exactly is a shadow? Is it light tracing an object or the shape a body

throws when it comes between a light source and a surface? Is it a metaphor for the intimate, darker side of a persons nature, the unconscious side of ones self, where daemons and secrets are kept hidden or repressed? Is it an allegorical place or state of being, somewhere between darkness and light, living and dying? Or is it a state of illusion, like Platos cave? Is it a verb that means to follow or accompany, or even to spy on? *Shadows*, a new collaborative series by Alexandra Grant and Keanu Reeves, explores the real and symbolic nature of the shadow as image and figure of speech. Grants photographs capture Reeves shadow at times as a silhouette and at others as traces of light as he and the camera move together. In transforming the images into color and

reversing light for dark, Grant has made the shadows themselves the source of light. Reeves texts, written in tandem with the creation of the images, give

voice to the multiple manifestations of the shadow: as a projected figure, a place of concealed emotion, and an invocation to shadow play.
