**Agricultural Science for
the Caribbean** Hodder
Education

Cultivate an interest in
the agricultural sector
with a three-level
secondary course
designed specifically for
the Caribbean. - Explore
regional and global
practices and
developments in

agriculture. - Review
career options in an
increasingly lucrative and
essential sector. -
Enhance understanding of
the relevance of
agriculture with a project-
based approach to select
topics. - Prepare for study

at the CSEC level with a dedicated project-based chapter scalable to other topics and the SBA research at the CSEC level. - Consolidate learning with clear chapter objectives and end of chapter evaluation.

Agricultural Science

CHANGDER OUTLINE

Agricultural Science for the Caribbean is a well established and highly successful three year course for lower Secondary schools. The emphasis is on observation and practical activity, encouraging

students to develop a hands-on attitude to agriculture. Students are encouraged to find out more about agriculture local to their homes so that they can relate and apply their learning to individual experiences and environments.

 The General Science section covering Physics, Chemistry, Biology and Computer Science has taken an important dimension in most of the competitive examinations like SSC, CDS, NDA, Assistant Commandant,

CPO, UPSC and State Level PSC Exams and those lacking the basic General Science knowledge lag behind others in the long run. The present book will act as an Objective Question Bank for General Science. The book has been prepared keeping in mind the importance of the subject. This book has been divided into four sections namely Physics, Chemistry, Biology and Computer Science, each divided into number of chapters as per the syllabi of General Science section

asked in various competitive exams. The Physics section covers Motion, Force & Laws of Motion, Gravitation, Work, Energy & Power, Simple Harmonic Motion, Wave Motion, Light-Ray Optics, Current Electricity & Its Effects, Nuclear Physics, Semiconductor, Communication, etc whereas the Chemistry section has been divided into Atomic Structure, Chemical Reactions, Chemical Bonding, Solutions & Colloids, Energetics & Kinetics, Electrochemistry,

Metallurgy, Metals & Their Compounds, Flame & Fuel, Food Chemistry, etc. The Biology section in the book covers Biology & Its Branches, Cell: Structure & Functions, Cell Cycle & Cell Division, Plant Tissues, Animal Nutrition, Plant System, Reproduction in Organisms, Respiratory System, Excretory System, Reproductive System, Genetics, Biotechnology, Animal Husbandry, etc whereas the Computer Awareness section has been divided into Computer

Organisation & Memory, Data Representation, Software, Data Communication Networking and Internet & Computer Security. The chapters in the book contain more than 100 tables which will help in better summarization of the important information. Each chapter in the book contains ample number of objective questions ample number of objective questions including questions asked in previous years' exams which have been designed on the lines of

questions asked in various competitive examinations. With a collection of more than 5000 highly useful questions, the content covered in the book tries to simplify the complexities of some of the topics so that non-science students feel no difficulty while studying general science. Also hints and solutions to the difficult questions have been provided in the book. As the book thoroughly covers the General Science section asked in a number of competitive examinations,

it for sure will work as a preparation booster for various competitive examinations like UPSC & State Level PSCs Examinations, SSC, CDS, NDA, CISF and other general competitive & recruitment examinations. [Agricultural Science Book 3: A course for secondary schools in the Caribbean Third Edition](#) Oswaal Books The South African preoccupation with worker skills and skills acquisition is addressed and analyzed in this compilation of essays on

the multiple and shifting meanings of the word skill within the country.
