Run away to the  
Metropolitan Museum  
of Art with E. L.  
Konigsburg’s beloved  
classic and Newbery  
Medal-winning novel  
From the Mixed-Up  
Files of Mrs. Basil E.  
Frankweiler. When  
Claudia decided to run  
away, she planned  
very carefully. She  
would be gone just  
long enough to teach  
her parents a lesson in  
Claudia appreciation.  
And she would go in  
comfort—she would live  
at the Metropolitan  
Museum of Art. She  
saved her money, and  
she invited her brother  
Jamie to go, mostly  
because he was a  
miser and would have

money. Claudia was a  
good organizer and  
Jamie had some ideas,  
too; so the two took up  
residence at the  
museum right on  
schedule. But once the  
fun of settling in was  
over, Claudia had two  
unexpected problems:  
She felt just the same,  
and she wanted to feel  
different; and she  
found a statue at the  
Museum so beautiful  
she could not go home  
until she had  
discovered its maker, a  
question that baffled  
the experts, too. The  
former owner of the  
statue was Mrs. Basil E.  
Frankweiler. Without  
her—well, without her,  
Claudia might never  
have found a way to go  
home.

Lukan narrative takes

its readers into God's story: how his salvation plan in Jesus began on the slopes of Judea and at the Sea of Galilee, ending on the hill of Calvary and the Mount of Olives, yet moving on and telling how the Spirit descended onto the Temple Mount empowering God's people, who then began to fulfill the given mandate in the presence of the Spirit. Yet, readers of Luke-Acts, throughout the centuries, have had a meandering journey as they have tried to understand the narrative's persuasion and Spirit-references. This book seeks to bring awareness to these challenges by some of the most respected Pentecostal biblical scholars and systematians. Here their vigorous labor

with the questions of hermeneutics and theology in relation to Lukan writings have come to fruition. These contributions have been collected as a Festschrift in honor and celebration of the career of Roger Stronstad, a Pentecostal biblical scholar whose contribution to Lukan studies have moved Pentecostal scholarship from shadows into daylight. The editor of this volume invites the readers of Lukan narrative to journey together on the road to Emmaus, as we continue to ponder the events in the past, the present, and the future.

scholar Craig Keener takes a probing look at the various evangelical understandings of the role of the Holy Spirit in the church. He explores topics such as spiritual gifts, the fruit of the Spirit, the Spirit's power for evangelism, and hearing God's voice. His desire is for Christians to "work for consensus, or at least for unity in God's work despite our differences on secondary matters." Employing a helpful narrative approach and an ample number of stories, Keener enters into constructive dialogue with Pentecostals, moderates, and cessationists, all the while attempting to learn from each viewpoint. He seeks to bridge the gap between cessationists

and Pentecostals/charismatics by urging all Christians to seek the Holy Spirit's empowerment. His irenic approach to this controversial issue has been endorsed by charismatics and non-charismatics alike. Sure to provoke helpful dialogue on a topic that has caused unfortunate divisions within the church, *Gift and Giver* will be a valuable addition to college and seminary courses on pneumatology. It will also be helpful to lay readers interested in a balanced discussion of spiritual gifts. This repackaged edition includes an updated preface and a substantive new afterword.

In her own singularly beautiful style, Newbery Medal winner Sharon Creech intricately weaves together two tales, one funny, one bittersweet, to create a heartwarming, compelling, and utterly moving story of love, loss, and the complexity of human emotion. Thirteen-year-old Salamanca Tree Hiddle, proud of her country roots and the "Indian-ness in her blood," travels from Ohio to Idaho with her eccentric grandparents. Along the way, she tells them of the story of Phoebe Winterbottom, who received mysterious messages, who met a "potential lunatic," and whose mother disappeared. As Sal entertains her

grandparents with Phoebe's outrageous story, her own story begins to unfold—the story of a thirteen-year-old girl whose only wish is to be reunited with her missing mother.

The After You Read activities check students' comprehension and extend their learning. Students are asked to give thoughtful consideration of the text through creative and evaluative short-answer questions and journal prompts. Also included are writing tasks, graphic organizers, comprehension quiz, test prep, word search, and crossword to further develop students' critical thinking and writing skills, and analysis of the text. About the Novel: The Giver is a

Newbery Medal winning story about a child named Jonas who lives in a futuristic society in which everything is managed and controlled, eliminating hatred, hunger, war, love, families and personal decisions. When Jonas is assigned the task of becoming the next Receiver of Memory, the Giver transmits memories of a past world where hatred, war and love existed, revealing the truth to the young boy. Jonas soon realizes the horrors of his "perfect" society. Through the memories imparted to him from the Giver, Jonas also learns of an alternative, better world. The Giver and Jonas come to the realization that for the good of the community, these

memories must be transferred to the entire community. In order to do this, Jonas and the Giver must leave — the Giver through death, and Jonas through escape. All of our content is aligned to your State Standards and are written to Bloom's Taxonomy.

What difference does the Spirit make in the life of Jesus and in our lives? Answering that question without doing away with the divine dignity of Christ has been a challenge in the distant and recent past. But this need not be the case. The current work is a contribution to the growing field of Spirit Christology, which seeks to enrich the classic Logos Christology of the ecumenical Councils with a Spirit-oriented trajectory. Sanchez tests the productivity of a Spirit Christology as a theological lens for assessing the main events of Jesus' life and mission, accounts of

the atonement, the significance of the incarnation, the concepts of person and relation, and models of the Trinity. Seeing Christ as the privileged locus of the Spirit also has implications for the church's life in the Spirit. Sanchez shows how a Spirit Christology fosters Christian practices such as proclamation, prayer, and sanctification. Among the highlights of this work the reader will note the author's assessment of early church fathers' readings of the place of the Spirit in the anointing of Jesus, a constructive proposal towards the complementarity of Logos and Spirit Christologies, ecumenical engagement with

various theological traditions in the East and the West, and the first constructive assessment of the field informed by the Lutheran tradition. *Study Guide* Wipf and Stock Publishers

The revolutionary literary vision that sowed the seeds of

Objectivism, Ayn Rand's groundbreaking philosophy, and brought her immediate worldwide acclaim. This modern classic is the story of intransigent young architect Howard Roark, whose integrity was as unyielding as granite...of Dominique Francon, the exquisitely beautiful woman who loved Roark passionately, but married his worst enemy...and of the fanatic denunciation unleashed by an enraged society against a great creator. As fresh today as it was then, Rand's provocative novel presents one of the most challenging ideas in all of fiction—that man's ego is the fountainhead of human progress... "A writer of great power. She has a

subtle and ingenious mind and the capacity of writing brilliantly, beautifully, bitterly...This is the only novel of ideas written by an American woman that I can recall."—The New York Times

There is no lake at Camp Green Lake. But there are an awful lot of holes. It doesn't take long for Stanley to realize there's more

than character improvement going on at Camp Green Lake. The boys are digging holes because the warden is looking for something. But what could be buried under a dried-up lake? Jesus told his disciples that He would send them "another Comforter" like himself, to remain with them forever and teach them all things. But before the Comforter could come, Jesus had to go away. Why? Because it was God's plan to make Christ the Giver of the Holy Spirit in order to indwell and

empower His Church throughout the Church Age. The author draws from Scripture, personal experience, and insights from psychology and medical science to construct a cogent theory of how Spirit Baptism works, where the indwelling Spirit resides in the believer, and what the believer can expect, along with practical advice on how to receive the Baptism in the Holy Spirit and to manifest Gifts of the Spirit.

How can the things we do and say in Church impact our lives and shape the decisions we make on a daily basis? What kind of life is implied for people who

believe the things that Christians believe? Faithful Living attempts to think through these questions and considers the formational impact worship can have on Christian ethics, and therefore on the lives of Christian disciples. It focuses on one of the Church's regular practices, reciting the Nicene Creed, and offers an ethical commentary on the Creed's key ideas and themes, challenging Christians from all traditions to think through their faith in order to live faith-fully before God. In so doing, it seeks to hold Christian belief and practice (what are often more formally called doctrine and practice) together. Each chapter

addresses one clause from the Creed, attending to its theological meaning, before turning to the ethical implications associated with it. Topics include community, food, politics, disability, suffering, hope, discernment, and catechesis.

Within Europe the private international law rules have been harmonized to a very large extent by legislation adopted at

EU level and case-law on the interpretation of this legislation. Recent developments include the entry into operation of revised versions of the Brussels I Regulation on civil jurisdiction and judgments and the Regulation on insolvency proceedings, as well as numerous decisions of the European Court and the English courts. The new edition of this authoritative work takes account of recent developments at both EU and UK levels.
