From Here to Eternity: Traveling the World to Find the Good Death Legare Street Press

In 2014, New York-based photographer Darin Mickey (born 1974) began documenting a handful of record shops in New York, New Jersey and Pennsylvania--independently run stores that opened primarily in the 1960s, '70s and '80s, many of which are now on their last legs, or have recently been shuttered. These stores are the alphabetized havens for the musical successes of a few and the forgotten failures of many. Shot from the perspective of a middle-aged man restlessly clinging to his youth and the hope of finding that elusive artifact to make anxiety subside and keep the reaper at bay, *Death Takes a Holiday* shows us a community of beautiful recluses brought together by obsession, compulsion and a pure, undying love of music.

"[This] is one of the great crime mysteries of modern times. It took an author of Caitlin Rother's caliber to bring it into sharp focus. A riveting read." —Gregg Olsen, #1 New York Times bestselling author "I got a girl, hung herself in the guest house." The call came on the morning of July 13, 2011, from the historic Spreckels Mansion, a lavish beachfront property in Coronado, California, owned by pharmaceutical tycoon and multimillionaire Jonah Shacknai. When authorities arrived, they found the naked body of Jonah's girlfriend, Rebecca Zahau, gagged, her ankles tied and her wrists bound behind her. Jonah's brother, Adam, claimed to have found Rebecca hanging by a rope from the second-floor balcony. On a bedroom door in black paint were the cryptic words: SHE SAVED HIM CAN YOU SAVE HER. Was this scrawled message a suicide note or a killer's taunt? Rebecca's death came two days after Jonah's six-year-old son, Max, took a devastating fall while in Rebecca's care. Authorities deemed Rebecca's death a suicide resulting from her guilt. But who would stage either a suicide or a murder in such a bizarre, elaborate way? Award-winning investigative journalist Caitlin Rother weaves stunning new details into a personal yet objective examination of the sensational case. She explores its many layers—including the civil suit in which a jury found Adam Shacknai responsible for Rebecca's death, and the San Diego County Sheriff's Department bombshell decision to reconfirm its original findings. As compelling as it is troubling, this controversial real-life mystery is a classic American tragedy that evokes the same haunting fascination as the JonBenet Ramsey and O.J. Simpson cases. "Rother's meticulous journalism shines through in this authoritative account of the Rebecca Zahau death incident. If you think you know this case, think again. And read this book." —Katherine Ramsland, professor of forensic psychology and author of *The Psychology of Death Investigations* *Murder, She Wrote: Murder Never Takes a Holiday* Penguin However, the essays in this volume also suggest that there is something ironic and unsettling about the immense popularity of a holiday whose main images are of death, evil, and the grotesque. *Halloween and Other Festivals of Death and Life* is a unique contribution that questions our concepts of religiosity and spirituality while contributing to our understanding of Halloween as a rich and diverse reflection of our society's past, present, and future identity.

the 2017 Andrew Carnegie Medal for Excellence in Non Fiction On an average day in America, seven children and teens will be shot dead. In *Another Day in the Death of America*, award-winning journalist Gary Younge tells the stories of the lives lost during one such day. It could have been any day, but he chose November 23, 2013. Black, white, and Latino, aged nine to nineteen, they fell at sleepovers, on street corners, in stairwells, and on their own doorsteps. From the rural Midwest to the barrios of Texas, the narrative crisscrosses the country over a period of twenty-four hours to reveal the full human stories behind the gun-violence statistics and the brief mentions in local papers of lives lost. This powerful and moving work puts a human face—a child's face—on the "collateral damage" of gun deaths across the country. This is not a book about gun control, but about what happens in a country where it does not exist. What emerges in these pages is a searing and urgent portrait of youth, family, and firearms in America today.

NATIONAL BESTSELLER • NATIONAL BOOK AWARD FINALIST • An "extraordinary ... profoundly moving" history (The New York Times Book Review) of the American Civil War that reveals the ways that death on such a scale changed not only individual lives but the life of the nation. An estimated 750,000 soldiers lost their lives in the American Civil War. An equivalent proportion of today's population would be seven and a half million. In *This Republic of Suffering*, Drew Gilpin Faust describes how the survivors managed on a practical level and how a deeply religious culture struggled to reconcile the unprecedented carnage with its belief in a benevolent God. Throughout, the voices of soldiers and their families, of statesmen, generals, preachers, poets, surgeons, nurses, northerners and southerners come together to give us a vivid understanding of the Civil War's most fundamental and widely shared reality. With a new introduction by the author, and a new foreword by Mike Mullen, 17th Chairman of the Joint Chiefs of Staff.

THE NEW YORK TIMES BESTSELLER "My favorite kind of whodunit, kept me guessing all the way through, and reminiscent of Agatha Christie at her best -- with an extra dose of acid." -- Alex Michaelides, author of the #1 New York Times bestseller *The Silent Patient* Everyone's invited...everyone's a suspect... During

the languid days of the Christmas break, a group of thirtysomething friends from Oxford meet to welcome in the New Year together, a tradition they began as students ten years ago. For this vacation, they've chosen an idyllic and isolated estate in the Scottish Highlands—the perfect place to get away and unwind by themselves. The trip begins innocently enough: admiring the stunning if foreboding scenery, champagne in front of a crackling fire, and reminiscences about the past. But after a decade, the weight of secret resentments has grown too heavy for the group's tenuous nostalgia to bear. Amid the boisterous revelry of New Year's Eve, the cord holding them together snaps, just as a historic blizzard seals the lodge off from the outside world. Two days later, on New Year's Day, one of them is dead. . . and another of them did it. Keep your friends close, the old adage says. But how close is too close? DON'T BE LEFT OUT. JOIN THE PARTY NOW.

The poignant, "powerful" (The Boston Globe) look at how to appreciate life from an extraordinary professor who teaches about death: "Poetic passages and assorted revelations you'll likely not forget" (Chicago Tribune). Why does a college course on death have a three-year waiting list? When nurse Norma Bowe decided to teach a course on death at a college in New Jersey, she never expected it to be popular. But year after year students crowd into her classroom, and the reason is clear: Norma's "death class" is really about how to make the most of what poet Mary Oliver famously called our "one wild and precious life." Under the guise of discussions about last wills and last breaths and visits to cemeteries and crematoriums, Norma teaches her students to find grace in one another. In *The Death Class*, award-winning journalist Erika Hayasaki followed Norma for more than four years, showing how she steers four extraordinary students from their tormented families and neighborhoods toward happiness: she rescues one young woman from her suicidal mother, helps a young man manage his schizophrenic brother, and inspires another to leave his gang life behind. Through this unorthodox class on death, Norma helps kids who are barely hanging on to understand not only the value of their own lives, but also the secret of fulfillment: to throw yourself into helping others. Hayasaki's expert reporting and literary prose bring Norma's wisdom out of the classroom, transforming it into an inspiring lesson for all. In the end, Norma's very own life—and how she lives it—is the lecture that sticks. "Readers will come away struck by Bowe's compassion—and by the unexpectedly life-affirming messages of courage that spring from her students' harrowing experiences" (Entertainment Weekly).

A stunning account of life behind bars at the federal penitentiary in Leavenworth, Kansas, where the nation's hardest criminals do hard time. "A page-turner, as compelling and evocative as the finest novel. The best book on prison I've ever read."—Jonathan Kellerman The most dreaded facility in the prison system because of its fierce population, Leavenworth is governed by ruthless clans competing for dominance. Among the "star" players in these pages: Carl Cletus Bowles, the sexual predator with a talent for murder; Dallas Scott, a gang member who has spent almost thirty of his forty-two years behind bars; indomitable Warden Robert Matthews, who put his shoulder against his prison's grim reality; Thomas Silverstein, a sociopath confined in "no human contact" status since 1983; "tough cop" guard Eddie Geouge, the only officer in the penitentiary with the authority to sentence an inmate to "the Hole"; and William Post, a bank robber with a criminal record going back to when he was eight years old—and known as the "Catman" for his devoted care of the cats who live inside the prison walls. Pete Earley, celebrated reporter and author of *Family of Spies*, all but lived for nearly two years inside the primordial world of Leavenworth, where he conducted hundreds of interviews. Out of this unique, extraordinary access comes the riveting story of what life is actually like in the oldest maximum-security prison in the country. Praise for *The Hot House* "Reporting at its very finest."—Los Angeles Times "The book is a large act of courage, its subject an important one, and . . . Earley does it justice."—The Washington Post Book World "[A] riveting, fiercely un sentimental book . . . To [Earley's] credit, he does not

romanticize the keepers or the criminals. His cool and concise prose style serves him well. . . . This is a gutsy book."—Chicago Tribune "Harrowing . . . an exceptional work of journalism."—Detroit Free Press "If you're going to read any book about prison, *The Hot House* is the one. . . . It is the most realistic, unbuffed account of prison anywhere in print."—Kansas City Star "A superb piece of reporting."—Tom Clancy

The Man Who Died Titan Books (US, CA)

One of the most famous literary works of the 20th century, the novella "Death in Venice" embodies themes that preoccupied Thomas Mann (1875-1955) in much of his work; the duality of art and life, the presence of death and disintegration in the midst of existence, the connection between love and suffering, and the conflict between the artist and his inner self. Mann's handling of these concerns in this story of a middle-aged German writer, torn by his passion for a Polish youth met on holiday in Venice, resulted in a work of great psychological intensity and tragic power.

Death Takes a Holiday at Pemberley The Monacelli Press, LLC WINNER OF THE NATIONAL BOOK AWARD FOR FICTION ONE OF THE NEW YORK TIMES'S 100 BEST BOOKS OF THE 21ST CENTURY NOW A MAJOR MOTION PICTURE STARRING NAOMI WATTS "A beautiful book . . . a world of insight into death, grief, art, and love." —Wall Street Journal "A penetrating, moving meditation on loss, comfort, memory . . . Nunez has a wry, withering wit." —NPR "Dry, allusive and charming . . . the comedy here writes itself." —The New York Times The New York Times bestselling story of love, friendship, grief, healing, and the magical bond between a woman and her dog. When a woman unexpectedly loses her lifelong best friend and mentor, she finds herself burdened with the unwanted dog he has left behind. Her own battle against grief is intensified by the mute suffering of the dog, a huge Great Dane traumatized by the inexplicable disappearance of its master, and by the threat of eviction: dogs are prohibited in her apartment building. While others worry that grief has made her a victim of magical thinking, the woman refuses to be separated from the dog except for brief periods of time. Isolated from the rest of the world, increasingly obsessed with the dog's care, determined to read its mind and fathom its heart, she comes dangerously close to unraveling. But while troubles abound, rich and surprising rewards lie in store for both of them. Elegiac and searching, *The Friend* is both a meditation on loss and a celebration of human-canine devotion.
