*3 Beautiful Rhyming Books for Children.
Pay 2 Books and Get 3 for Endless Fun
and Learning.* Tuttle Publishing

This book is a complete guide for people who want to learn the Korean language, starting from the very beginning, and learn the alphabet and the correct

sounds of vowels, consonants, and diphthongs. It was written for people who want an easy but systematic approach to the language. The writer is a non-native speaker who started learning the language from ZERO, just like you and spent years in Korea trying to reach a better level of proficiency in Korean. After a few weeks of study, you will study to recognize words, make sentences, and have simple (but

miraculous) conversations with other Korean speakers!

Public Information Milet Limited

Presents pictures of everyday items to teach the words in both languages.

The Fabulous Lost & Found and the Little Korean Mouse: Laugh as You Learn 50 Korean Words with this Korean Book for Kids. Bilingual Korean English Boo Tuttle Publishing

Freshly minted infantryman, twenty-year-old Wylie Cypher, arrives in war torn Korea in 1952. Every indication is that he has limited chances for survival. As an enemy bomber looms overhead, he prays that he can survive a sixteen-month tour of duty without, as his sergeant says, getting his ass shot off. Wylie is recruited to join the staff of a Division Public Information Office (PIO)

where he reports on many aspects of the conflict. He uses his infantry training in bloody combat, makes many colorful new friends, learns how to maneuver through the military system, finds love and loss, and grows up in the turmoil of combat and the war's aftermath.

Veterans have hailed the story as accurate, believable, touching, funny, and "the way it really was." The story is based on the author's experiences, careful historical research, and the 300 letters he sent his future wife from Korea. He touches on prisoner of war experiences on both sides of the DMZ, the armistice, realistic scenes of combat, the many United Nations forces engaged in the war, and poignant and funny aspects of military service. The second edition of the book includes recently

disclosed information, and scenes and observations drawn from the comments of many veteran readers. The book is dedicated to the dwindling number of men and women who risked their lives to preserve democracy in South Korea.

Duney Tuttle Publishing

"My First Book of Korean Words is a beautifully illustrated book that introduces young children to Korean language and culture through everyday words. The words profiled in this book are all commonly used in the Korean language and are both informative and fun for English-speaking children to learn. The goals of My First Book of Korean Words are multiple: to familiarize children with the sounds and structure of Korean speech, to introduce core elements of Korean culture, to illustrate

the ways in which languages differ in their treatment of everyday sounds and to show how, through cultural importation, a single word can be shared between languages. Both teachers and parents will welcome the book's cultural and linguistic notes, and appreciate how the book is organized in a familiar ABC structure. Each word is presented in Hangeul, as well as in its Romanized form. With the help of this book, we hope more children (and adults) will soon be a part of the nearly 80 million people worldwide that speak Korean!"

To Save the Children of Korea is the first book about the origins and history of international adoption. Although it has become a commonplace practice in the

United States, we know very little about how or why it began, or how or why it developed into the practice that we see today. Arissa Oh argues that international adoption began in the aftermath of the Korean War. First established as an emergency measure through which to evacuate mixed-race "GI babies," it became a mechanism through which the Korean government exported its unwanted children: the poor, the disabled, or those lacking Korean fathers. Focusing on the legal, social, and political systems at work, this book shows how the growth of Korean adoption from the 1950s to the 1980s occurred within the context of the neocolonial U.S.-Korea relationship, and was facilitated by crucial congruencies in American and Korean racial thought,

government policies, and nationalisms. It also argues that the international adoption industry played an important but unappreciated part in the so-called Korean "economic miracle." Korean adoption served as a kind of template as international adoption began, in the late 1960s, to expand to new sending and receiving countries. Ultimately, Oh demonstrates that although Korea was not the first place that Americans adopted from internationally, it was the place where organized, systematic international adoption was born.

My First Book of Japanese Words is a beautifully illustrated book that introduces young children to Japanese language and culture through everyday words. The words profiled in this book are all commonly used in the Japanese language and are both informative and fun for English-speaking children to learn. The goals of My First Book of Japanese Words are multiple: to familiarize children with the sounds and structure of Japanese speech; to introduce core elements of Japanese culture; to illustrate the ways in which languages differ in their treatment of everyday sounds; and to show how, through cultural importation, a single word can be shared between languages. Both teachers and parents will welcome

the book's cultural and linguistic notes, and appreciate how the book is organized in a familiar ABC structure. Each word is presented in Kanji (when applicable), Kana, and Romanized form (Romaji). With the help of this book, we hope more children (and adults) will soon be a part of the 125 million people worldwide that speak Japanese!

"Managerial styles are influenced by habit, familiarity, and workplace culture. It's no wonder that well-intentioned professionals doing their best to be good organizational leaders often repeat unhelpful supervisory practices experienced in their early careers, even if they disliked them at the time. In the DUH! Book of Management and Supervision, the author disagrees with many accepted leadership principles (unabashedly referring to them as myths) and makes new and different approaches easier to imagine. Her challenging and controversial concepts illustrated with poignant stories suggest common-sense and immediately applicable alternatives more suitable in

today's workplace"--Back cover.

The Expansion Univ. of Queensland Press
Designed by the Language Research Institute of Seoul National University, this textbook comprises three volumes, with 25 lessons in each volume. Each lesson is made up of Vocabulary, Pronunciation, Main Text, Grammar, and Exercise sections. The content is easy and interesting as well as educational, and reflects the phonological and grammatical characteristics of Korean. It also introduces aspects of Korean culture in a natural and unaffected way. Above all, the books enable you to study alone, without the aid of a teacher or classroom environment.

An ABC Rhyming Book Stanford University Press
My First Book of Chinese Words

introduces young children to basic words and concepts in the Chinese language through colorful rhymes and beautiful imagery. It is a book that parents and young children will enjoy reading together. The Chinese words in the book are all common, everyday items, and the rhymes are informative and fun for children. The goal of My First Book of Chinese Words is to familiarize children with the basic sounds and written characters of Chinese, to introduce core concepts of Chinese culture and to illustrate the ways in which Chinese sounds differ from English ones. Teachers and parents will welcome the cultural notes at the back of the book and appreciate how the book is organized using a familiar ABC structure. Each word is presented in Chinese

characters (both Simplified and Traditional) as well as Romanized Pinyin for easy pronunciation. With the help of this book, we hope more children (and adults) will soon join the more than one billion people worldwide who speak Chinese!

My First Book of Chinese Words Hollym International

If you have ever tried to learn another

language, you know that learning it can be an extremely intimidating endeavor. Spanish Now! teaches you the essentials of learning conversation Spanish including:-Proper Grammar-Sentence Structure-Masculine and Feminine Conjugation-Essential Nouns, Verbs and Adjectives-Real Practice Examples! You may feel self-conscious about sounding wrong and not knowing it until someone else laughs or you are corrected. It takes time. You won't be a fluent speaker over night, but Spanish Now! teaches you what you need to know to begin conversing in a few weeks or less! And Most people who are native speakers are actually happy to have the chance to talk in their native language, especially if you are a novice and indicate that you are trying to learn the language. When it

comes to learning Spanish, you are already almost half way there because their language structure is extremely similar to English (with a couple of notable exceptions) and so many Spanish words and phrases have crept into everyday usage in the U.S. The biggest challenge with Spanish is vocabulary. Spanish Now! tackles vocabulary and takes you through the essentials you will need to have a solid Spanish-speaking foundation. Also, Since Spanish is one of the Romance languages, it's pronounced and sounds very different from English. Practicing out loud and watching supplemental videos is encouraged with this book to get the full understanding. Once you get the basics down you will find that having basic discussions is far less intimidating

than it initially seems. Spanish Now! gives you the basic guidelines that will help you learn conversational Spanish to speak with anyone. Regardless of the nation a native Spanish speaker is from (ie. Mexico, Argentina, or Spain), you will be able to feel confident that you have the basics to converse in the Spanish language. Buy Spanish Now! and learn Spanish in a few weeks or less!

Imagine a class of disenchanting, turned-off teens, mostly males. Then imagine those same students feeling poorly about themselves - feeling they are dumb because they have not been told it takes time to learn a second language. Imagine adults passing through their lives and finally one sticks around to show them they are loved. They are safe. They are good. Just imagine.

 A New York Times Top Ten Book of the Year and National Book Award finalist, *Pachinko* is an "extraordinary epic" of four generations of a poor Korean immigrant family as they fight to control their destiny in 20th-century Japan (San Francisco Chronicle). NEW YORK TIMES NOTABLE BOOK OF 2017 * A USA TODAY TOP TEN OF 2017 * JULY PICK FOR THE PBS NEWS HOUR-NEW YORK TIMES BOOK CLUB NOW READ THIS * FINALIST FOR THE 2018 DAYTON LITERARY PEACE PRIZE* WINNER OF THE MEDICI BOOK CLUB PRIZE Roxane Gay's Favorite Book of 2017, Washington Post NEW YORK TIMES BESTSELLER * #1 BOSTON GLOBE BESTSELLER * USA TODAY BESTSELLER * WALL STREET JOURNAL BESTSELLER * WASHINGTON POST BESTSELLER "There

could only be a few winners, and a lot of losers. And yet we played on, because we had hope that we might be the lucky ones." In the early 1900s, teenaged Sunja, the adored daughter of a crippled fisherman, falls for a wealthy stranger at the seashore near her home in Korea. He promises her the world, but when she discovers she is pregnant--and that her lover is married--she refuses to be bought. Instead, she accepts an offer of marriage from a gentle, sickly minister passing through on his way to Japan. But her decision to abandon her home, and to reject her son's powerful father, sets off a dramatic saga that will echo down through the generations. Richly told and profoundly moving, Pachinko is a story of love, sacrifice, ambition, and loyalty.

From bustling street markets to the halls of Japan's finest universities to the pachinko parlors of the criminal underworld, Lee's complex and passionate characters--strong, stubborn women, devoted sisters and sons, fathers shaken by moral crisis--survive and thrive against the indifferent arc of history. *Includes reading group guide* My First Book of Korean Words Capstone A little mouse has lost something precious, but can only speak Korean.
