Happy Ever After From the Ground Up From a beloved master of crime fiction, Pale Gray for Guilt is one of many classic novels featuring Travis McGee, the hard-boiled detective who lives on a houseboat. Travis McGee's old football buddy Tush Bannon is resisting pressure to sell off his floundering motel and marina to a group of influential movers and shakers. Then he's found dead. For a big man, Tush was a pussycat: devoted to his wife and three kids and always optimistic about his business—even when things were at their worst. So even though his death is ruled a suicide, McGee suspects murder . . . and a vile conspiracy. "As a young

writer, all I ever wanted was to touch readers as powerfully as John D. MacDonald touched me.”—Dean Koontz
Tush Bannon was in the wrong spot at the wrong time. His measly plot of land just so happened to sit right in the middle of a rich parcel of five hundred riverfront acres that big-money real estate interests decided they simply must have. It didn't matter that Tush was a nice guy with a family, or that he never knew he was dealing with a criminal element. They squashed him like a bug and walked away, counting their change. But one thing they never counted on: the gentle giant had a not-so-gentle friend in Travis McGee. And now he's going to make them pay.

From the bestselling authors of *The Go-Giver*, *Go-Givers Sell More*, and *The Go-Giver Leader* comes another compelling parable about the paradox of getting ahead by placing other people's interests first. *The Go-Giver Influencer* is a story about two young, ambitious businesspeople: Gillian Waters, the chief buyer for Smith & Banks, a midsized company that operates a national chain of pet accessory stores; and Jackson Hill, the founder of Angels Clothed in Fur, a small but growing manufacturer of all-natural pet foods. Each has something the other wants. To Jackson, Smith & Banks represents the possibility of reaching more animals with his products—if he can negotiate terms and conditions that will protect his company's integrity. To Gillian, Angels Clothed in Fur could give her company a distinctive, uniquely high-quality line that will help them stand out from their competitors—if Angels Clothed in Fur can be persuaded to give them an exclusive.

At first, the negotiations are adversarial and frustrating. Then, coincidentally, Gillian and Jackson each encounter a mysterious yet kindly mentor. Over the next week, while neither one realizes the other is doing the same, both Gillian and Jackson learn the heart of both mentors' philosophies: *The Five Secrets of Genuine Influence*. The story ends in a way that surprises everyone—and with lessons we can all apply in our efforts to resolve conflicts and influence others.

A heart-swelling debut for fans of *The Silver Linings Playbook* and *The Curious Incident of the Dog in the Night-Time*. Sometimes life isn't as simple as heroes and villains. For Zelda, a twenty-one-year-old Viking enthusiast who lives with her older brother, Gert, life is best lived with some basic rules: 1. A smile means “thank you for doing something small that I liked.” 2. Fist bumps and dabs = respect. 3. Strange people are not appreciated in her home. 4. Tomatoes must go in the middle of the sandwich and not get the bread wet. 5. Sometimes the most important things don't fit on lists. But when Zelda finds out that Gert has resorted to some questionable—and dangerous—methods to make enough money to keep them afloat, Zelda decides to launch her own quest. Her

mission: to be legendary. It isn't long before Zelda finds herself in a battle that tests the reach of her heroism, her love for her brother, and the depth of her Viking strength. *When We Were Vikings* is an uplifting debut about an unlikely heroine whose journey will leave you wanting to embark on a quest of your own, because after all... We are all legends of our own making.

A Folktale from Uganda Dramatic Publishing

By Christmas 1915, the wild wave of enthusiasm that had sent men flocking to join up a few months earlier had begun to tail off, and though the Regulars of the original Expeditionary Force had suffered 90 percent casualties, most, particularly the soldiers themselves, still believed that 1915 would see the breaking of the deadlock. Their hopes were shattered on the bloody battlefields at Neuve Chapelle, at Ypres, at Loos, and far away on the shores of Gallipoli. Generals failed to understand the importance of heavy howitzers and machine guns, convinced that wars were won by the cavalry. They could not imagine a war in which

hundreds of advancing troops could be wiped out in minutes by machine-gun fire. As disillusionment began to set in and grim resolve replaced easy optimism, innocence was among the casualties in the trenches that ran through the Flanders swamps. The story of 1915 is stark, brutal, frank, sometimes painfully funny, always human. Above all, it is history from the ground up, told from the point of view of the men themselves. Never before has any writer collected so many firsthand accounts of the experiences of ordinary soldiers, through diaries, letters, and interviews with survivors--and it is the dogged heroism and sardonic humor of the soldiers that shine through the pages of Lyn Macdonald's epic narrative. *1915: The Death of Innocence* is a uniquely compelling blend of military history and poignant memories of the fighters who survived the ordeal.

Old MacDonald Had a Truck Beacon Press

Flora Isabel MacDonald – politician, humanitarian, adventurer, and role model for a generation of women – was known across Canada and beyond simply as Flora. In her memoir, co-authored by award-winning journalist and author Geoffrey Stevens, she tells her personal story for the very first time. *Flora!* describes her amazing journey from her childhood and her time at secretarial school in Cape Breton, through her years in backroom Progressive Conservative politics, to elected office and her appointment as Canada's first female minister of foreign affairs. Finally, she details her exceptional humanitarian work in India and in war-torn Africa and Afghanistan. Flora was driven by a lifelong conviction that there is nothing a woman cannot achieve in a world controlled by men, and she pursued this conviction in everything she did, carving a path for women in Parliament. She won international acclaim for bringing 60,000 Vietnamese refugees to Canada, and for engineering the rescue of six American hostages in Tehran in a top-secret

collaboration with the CIA known as the Canadian Caper. She exposed the inhumane treatment of inmates at Kingston's Prison for Women. She defied male chauvinists in the Progressive Conservative party by running for its leadership, and she introduced the Employment Equity Act to guarantee women equal access to federal jobs. Flora was brave. She was relentless. She was controversial. She was a force of nature. In her own words and drawing from interviews with those who knew her, *Flora!* grants us insight into this exceptional woman who changed the course of history.

Give Up, Gecko! Random House
 "The sun came out after the war and our world went Technicolor. Everyone had the same idea. Let's get married. Let's have kids. Let's be the ones who do it right." *The Way the Crow Flies*, the second novel by bestselling, award-winning author Ann-Marie MacDonald, is set on the Royal Canadian Air Force station of Centralia during the early

sixties. It is a time of optimism--infused with the excitement of the space race but overshadowed by the menace of the Cold War--filtered through the rich imagination and quick humour of eight-year-old Madeleine McCarthy and the idealism of her father, Jack, a career officer. Ann-Marie MacDonald said in a discussion with Oprah Winfrey about her first book, "a happy ending is when someone can walk out of the rubble and tell the story." Madeleine achieves her childhood dream of becoming a comedian, yet twenty years later she realises she cannot rest until she has renewed the quest for the truth, and confirmed how and why the child was murdered.. Publishers Weekly, in a starred review, called *The Way the Crow Flies* "absorbing, psychologically rich...a chronicle of innocence betrayed". With compassion and intelligence, and an unerring eye for the absurd as well as the confusions of childhood, , MacDonald evokes the confusion of being human and the necessity of coming to terms with our imperfections.
