"Breathtaking. . . chillingly beautiful, like postcards from Eden. . . Van Booy's stories are somehow like paintings the characters walk out of, and keep walking." -Los Angeles Times In his critically-acclaimed

debut collection of short stories, *The Secret Lives of People in Love*, Simon Van Booy explores the sway of fate and power of memory on the lives of lonely and vulnerable people. With the same spare, economical prose that he brought to his subsequent collection, *Love Begins in Winter*, winner of the 2009 Frank O'Connor Short Story Award, Van Booy creates a profoundly humane and somber resonance with the assured hand of "a first-rate

storyteller" (*Newsday*). *The Secret Lives of People in Love* announces the arrival of a major new voice in fiction.

During the 1950s and early 1960s Flannery O'Connor wrote more than a hundred book reviews for two Catholic diocesan newspapers in Georgia. This full collection of these reviews nearly doubles the number that have appeared in print elsewhere and represents a significant

body of primary materials from the O'Connor canon. We find in the reviews the same personality so vividly apparent in her fiction and her lectures--the unique voice of the artist that is one clear sign of genius. Her spare precision, her humor, her extraordinary ability to permit readers to see deeply into complex and obscure truths--all are present in these reviews and letters.

The poems in Joseph Stroud's sixth book, *Everything That Rises*, explore living in a mortal world, the passage of time, aging, the experience of loss, the power of memory, and the redemptive possibilities of poetry. The book is sequenced into six sections, each distinctive in theme and style. It includes a variety of forms, from six-line lyrics, prose poems, slender vertical poems, odes, homages, reveries, and longer narrative, ruminative works. One section presents translations from Virgil, Catullus, Tu Fu, Pablo Neruda, and poems from the ancient Sanskrit and Tamil. Wide-ranging in subject, setting, and literary and cultural allusion, Stroud's poems move quietly, reverently across the earth and through time with a keen

observation and wonder at the world's luminous presence.

At his wit's end with his son's grief over the death of his mother a year earlier, Sheppard invites a troubled youth, Rufus, into their home. Contemptuous of Sheppard, Rufus resists the man's attempts to improve him, but the extent—and consequences—of Rufus's disdain for Sheppard become clear only in Rufus's dealings with Sheppard's son, Norton. American author Flannery O'Connor is known for her portrayal of flawed characters and their inevitable spiritual transformation. "The Lame Shall Enter First" is a haunting story of a flawed man unable to connect with and comfort his grieving son. Everything that Rises Tor Books

Flannery O'Connor, the renowned short-

story writer, lived and fought a tumultuous battle with lupus erythematosus most of her adult life. In her last five years, she sought insightful and helpful sources to alleviate her struggle with the disease. Among these sources were the ideas and thoughts of a Jesuit-paleontologist-mystic by the name of Pierre Teilhard de Chardin, an individual who opened doors of witness to the secular world and attracted suspicious questioning from his Catholic superiors. Like a moth drawn to a flame, Flannery O'Connor, a devoted Thomist, increasingly admired the ideas of Teilhard de Chardin to the point that she incorporated his ideas into her last six short stories in the collection *Everything That Rises Must Converge*. This book adds significantly to the neglected study of Teilhard de Chardin's influence in the later literary development of Flannery O'Connor. This book would be a valuable asset to students and scholars focusing on American literature, Southern literature, twentieth-century Southern female writers, and Flannery O'Connor.

This study explores the dualities that inform the entire body of Flannery O'Connor's fiction. From the almost unredeemable world of *Wise Blood* to the climactic moments of revelation that infuse *The Violent Bear It Away* and *Everything That Rises Must Converge*, O'Connor's novels and stories wrestle with extremes of faith and reason, acceptance and revolt; they arch between cool narrative and explosive action, between a sacramental vision and a primary intuition of reality.

This collection shows Flannery O'Connor's extraordinary versatility and expertise as a practitioner of the essayistic form. The book opens with "The King of the Birds", her famous account of raising peacocks. There are three essays on regional writing, two on teaching literature, and four on the writer and religion. Essays such as "The Nature and Aim of Fiction" and "Writing Short Stories" are gems, and their value to the contemporary reader -- and writer -- is inestimable. Copyright © Libri GmbH. The Secret Lives of People in Love Farrar, Straus and Giroux

The landscape of American literature was fundamentally changed when Flannery O'Connor stepped onto the scene with her first published book, *Wise Blood*, in 1952. Her fierce, sometimes comic novels and stories reflected the darkly funny, vibrant, and theologically sophisticated woman who wrote them. Brad Gooch brings to life O'Connor's significant friendships -- with Robert Lowell, Elizabeth Hardwick, Walker Percy, and James Dickey among others -- and her deeply felt convictions, as expressed in her communications with Thomas Merton, Elizabeth Bishop, and Betty Hester. Hester was famously known as "A" in O'Connor's collected letters, *The Habit of Being*, and a large cache of correspondence to her from O'Connor was made available to scholars, including Brad Gooch, in 2006. O'Connor's capacity to live fully -- despite the chronic disease that eventually confined her to her mother's farm in Georgia -- is illuminated in this engaging and authoritative biography. Praise for Flannery: "Flannery O'Connor,

one of the best American writers of short fiction, has found her ideal biographer in Brad Gooch. With elegance and fairness, Gooch deals with the sensitive areas of race and religion in O'Connor's life. He also takes us back to those heady days after the war when O'Connor studied creative writing at Iowa. There is much that is new in this book, but, more important, everything is presented in a strong, clear light."-Edmund White "This splendid biography gives us no saint or martyr but the story of a gifted and complicated woman, bent on making the best of the difficult hand fate has dealt her, whether it is with grit and humor or with an abiding desire to make palpable to readers the terrible mystery of God's grace."-Frances Kiernan, author of *Seeing Mary Plain: A Life of Mary McCarthy* "A good biographer is hard to find. Brad Gooch is not merely good-he is extraordinary. Blessed with the eye and ear of a novelist, he has composed the life that admirers of the fierce and hilarious Georgia genius have long been hoping for."-Joel Conarroe, President Emeritus, John Simon Guggenheim Foundation

When Tom Shiftlet arrives on a farm owned by an old woman and her deaf daughter, he is at first only interested in finding a place to stay in exchange for work. However, when the old woman offers her daughter Lucynell to him in marriage, along with a sum of money, he accepts, though his intentions towards the girl remain unclear. Similar in theme and style to many of other Flannery O'Connor's short stories, "The Life You Save My Be Your Own" was originally published in O'Connor's short story collection, *A Good Man Is Hard to Find*. Flannery O'Connor was working on *Everything That Rises Must Converge* at the time of her death. This collection is an

exquisite legacy from a genius of the American short story, in which she scrutinizes territory familiar to her readers: race, faith, and morality. The stories encompass the comic and the tragic, the beautiful and the grotesque; each carries her highly individual stamp and could have been written by no one else.

The good news of Jesus Christ is a subversive gospel, and following Jesus is a subversive act. Exploring the theological aesthetic of American author Flannery O'Connor, Michael Bruner argues that her fiction reveals what discipleship to Jesus Christ entails by subverting the traditional understandings of beauty, truth, and goodness.

The Strange Birds of Flannery

O'Connor Wyatt North Publishing, LLC
In 1963, Martin Luther King, Jr. delivered his famous 'I Have a Dream' speech.

Thirty years later his son registered the words 'I Have a Dream' as a trademark and successfully blocked attempts to reproduce these four words. Unlike the Gettysburg Address and other famous speeches, 'I Have a Dream' is now private property, even though some the speech is comprised of words written by Thomas Jefferson, a man who very much believed that the corporate land grab of knowledge was at odds with the development of civil society. Exploring the complex intersection between creativity and commerce, Hyde raises the question of how our shared store of art and knowledge might be made compatible with our desire to copyright everything, and questions whether the fruits of creative labour can - or should - be privately owned, especially in the digital age. 'In what sense,' he writes, 'can someone own, and therefore control other people's access to, a work of fiction or a public speech or the ideas behind a drug?' Moving deftly between

literary analysis, history and biography (from Benjamin Franklin's reluctance to patent his inventions to Bob Dylan's admission that his early method of songwriting was largely comprised of 'rearranging verses to old blues ballads, adding an original line here or there... slapping a title on it'), *Common As Air* is a stirring call-to-arms about how we might concretely legislate for a cultural commons that would simultaneously allow for financial reward and protection from monopoly. Rigorous, informative and riveting, this is a book for anyone who is interested in the creative process.
