This beautifully written, classic book teaches about those things that belong to all Catholics: the Mass, the sacraments, the seasons of the church's year. Discussion questions and helpful quotations from a variety of sources involve the individual reader, the classroom or a study group in a lively dialogue.

The New Testament shows the early Church as having both stable institutions and dynamic growth in charismatic ministries. In the twenty-first century, although many historically-determined inessentials have changed, the Church's structure remains fundamentally the same. This study looks at New Testament ministries (Eph 4:11-12), Baptism in the Holy Spirit, and the history of the gift of tongues from the Acts of the Apostles

through to the charismatics of our time, to see how these elements contribute to the fast-paced, global phenomenon we call the “pentecostalization” of modern Christianity. Our research shows that much of what appears to be novel in current ecclesial movements is the fruit of charisms that have been poured out from the beginning. The disciples of Christ are still bringing “out of his treasure what is new and old.”

Roman Catholic church music in England served the needs of a vigorous, vibrant and multi-faceted community that grew from about 70,000 to 1.7 million people during the long nineteenth century. Contemporary literature of all kinds abounds, along with numerous collections of sheet music, some running to hundreds, occasionally even thousands, of separate pieces, many of which have since been forgotten. Apart from compositions in the latest Classical Viennese styles and their successors, much of the music performed constituted a revival or imitation of older musical genres, especially plainchant and Renaissance Polyphony. Furthermore, many pieces that had originally been intended to be performed by professional musicians for the benefit of privileged royal, aristocratic or high ecclesiastical elites were repackaged for rendition by amateurs before largely working or lower middle class congregations, many of them Irish. However, outside Catholic circles, little attention has been paid to this subject. Consequently, the achievements and widespread popularity of many composers (such as Joseph Egbert Turner, Henry George Nixon or John Richardson) within the English Catholic community

have passed largely unnoticed. Worse still, much of the evidence is rapidly disappearing, partly because it no longer seems relevant to the needs of the modern Catholic Church in England. This book provides a framework of the main aspects of Catholic church music in this period, showing how and why it developed in the way it did. Dr Muir sets the music in its historical, liturgical and legal context, pointing to the ways in which the music itself can be used as evidence to throw light on the changing character of English Catholicism. As a result the book will appeal not only to scholars and students working in the field, but also to church musicians, liturgists, historians, ecclesiastics and other interested Catholic and non-Catholic parties.

A Rich Source of Blessing Oxford University Press

In the summer of 1966, one year after the conclusion of the Second Vatican Council, a group of nineteen Roman Catholic priests met clandestinely in a church hall in a suburb of Pittsburgh to discuss forming an independent group of ordained clergy. Fearful that meeting publicly might be viewed as a threat to the authority of the local bishop, thus potentially risking sanctioning from him, they used numbers, not names, when circulating the minutes of the first two meetings. Once the word spread among the local clergy that such a group was meeting, and they realized there was widespread interest, they went public and invited all of Pittsburgh's Catholic clergy, including the bishop, to their third meeting. They chose a name, the Association of Pittsburgh Priests (APP), and the group was launched. Shortly after forming, and with interest from among over two-hundred clergy, APP began advocating for major church renewal and involvement in any number of social justice issues.

Regarding church renewal, they grounded themselves in the documents of Vatican II, most especially *Gaudium et Spes*, *Church in the Modern World*, and soon lobbied for optional celibacy and married priesthood, women's ordination, lay empowerment, including the promotion of the early church notion of the priesthood and prophethood of all believers. To this day, APP remains a force for change in the church and in society, ever true to its initial intuition to fully implement the renewal of church and society called for by the bishops at Vatican II.

Examining the role of music in the liturgical life of the Church, Deacon Edward Schaefer seeks to promote a more dynamic balance between the expressive and formative qualities of liturgical music. He examines the structure of the Mass both before and after the Second Vatican Council, offering a brief overview of the history and development of liturgical music from the eighth century Carolingian Renaissance to the contemporary implementation of the reforms of the Second Vatican Council. Concluding with a thoughtful analysis of the current state of liturgical music, Deacon Schaefer provides a variety of musical examples which are easily accessed online or via the downloadable e-book.

The perfect gift! A specially priced, beautifully designed hardcover edition of *The Joy of the Gospel* with a foreword by Robert Barron and an afterword by James Martin, SJ. "The joy of the gospel fills the hearts and lives of all who encounter Jesus... In this Exhortation I wish to encourage the Christian faithful to embark upon a new chapter of evangelization marked by this joy, while pointing out new paths for the Church's journey in years to come." – Pope Francis This special edition of Pope Francis's popular message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he emphasizes the importance of service to God and all his creation. Advocating for "the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned," the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis demonstrates how to develop a more personal relationship with Jesus Christ, "to recognize the

traces of God's Spirit in events great and small." Profound in its insight, yet warm and accessible in its tone, *The Joy of the Gospel* is a call to action to live a life motivated by divine love and, in turn, to experience heaven on earth. Includes a foreword by Robert Barron, author of *Catholicism: A Journey to the Heart of the Faith* and James Martin, SJ, author of *Jesus: A Pilgrimage*
