SAUL ALVAREZ

A MIDSUMMER-NIGHT'S DREAM Houghton Mifflin Harcourt

An acclaimed author has rewritten twelve of Shakespeare's plays in narrative form, retaining much of the original language, and thus the flavor of the bard's dramas.

The Mayor of Casterbridge BookCaps Study Guides

King Lear is a tragedy by Shakespeare, written about 1605 or 1606. Shakespeare based it on the legendary King Leir of the Britons, whose story is outlined in Geoffrey of Monmouth's pseudohistorical History of the Kings of Britain (written in about 1136). The play tells the tale of the aged King Lear who is passing on the control of his kingdom to his three daughters. He asks each of them to express their love for him, and the first two, Goneril and Regan do so effusively, saying they love him above all things. But his youngest daughter, Cordelia, is compelled to be truthful and says that she must reserve some love for her future husband. Lear, enraged, cuts her off without any inheritance. The secondary plot deals with the machinations of Edmund, the bastard son of the Earl of Gloucester, who manages to convince his father that his legitimate son Edgar is plotting against him. After Lear steps down from power, he finds that his elder daughters have no real respect or love for him, and treat him and his followers as a nuisance. They allow the raging Lear to wander out into a storm, hoping to be rid of him, and conspire with Edmund to overthrow the Earl of Gloucester. The play is a moving study of the perils of old age and the true meaning of filial love. It ends tragically with the deaths of both Cordelia and Lear—so tragically, in fact, that performances during the Restoration period sometimes substituted a happy ending. In modern times, though, King Lear is performed as written and generally regarded as one of Shakespeare's best plays. This Standard Ebooks edition is based on William George Clark and William Aldis Wright's 1887 Victoria edition, which is taken from the Globe edition. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

It's a comedy! It's a tragedy! It's...confusing! Shakespeare doesn't have to be confusing and hard to read. Let BookCaps help with this modern retelling. If you have struggled in the past reading Shakespeare, then BookCaps can help you out. This book is a modern translation of All's Well That Ends Well. The original text is also presented in the book, along with a comparable version of both text. We all need refreshers every now and then. Whether you are a student trying to cram for that big final, or someone just trying to understand a book more, BookCaps can help. We are a small, but growing company, and are adding titles every month. [Foul Is Fair](#) National Academies Press

In the morning I put on going-out makeup, and I go to Nailed It with a coffee so hot it burns my throat. The old lady gives me new nails and looks at the bruises on my neck and the scratches across my face, but she doesn't say anything. So I point at my hair, and I say, This color. You know what it's called? She shakes her head- No. I say, REVENGE. Jade Khanjara and her three best friends rule their glittering LA circle. They decide how the party ends - every night but one. The night four boys spike Jade's drink, lock her in a room and brutally attack her. The night they try to ruin her. But they chose the wrong girl. Certain that the boys will face no consequences, Jade and her friends take vengeance into their own hands. Now there's no mercy left, and Jade won't rest until she gets bloody satisfaction . . .

Measure For Measure Routledge

Why do we do the things we do? Over a decade in the making, this game-changing book is Robert Sapolsky's genre-shattering attempt to answer that question as fully as perhaps only he could, looking at it from every angle. Sapolsky's storytelling concept is delightful but it also has a powerful intrinsic logic: he starts by looking at the factors that bear on a person's reaction in the precise moment a behavior occurs, and then hops back in time from there, in stages, ultimately ending up at the deep history of our species and its genetic inheritance. And so the first category of explanation is the neurobiological one. What goes on in a person's brain a second before the behavior happens? Then he pulls out to a slightly larger field of vision, a little earlier in time: What sight, sound, or smell triggers the nervous system to

produce that behavior? And then, what hormones act hours to days earlier to change how responsive that individual is to the stimuli which trigger the nervous system? By now, he has increased our field of vision so that we are thinking about neurobiology and the sensory world of our environment and endocrinology in trying to explain what happened. Sapolsky keeps going--next to what features of the environment affected that person's brain, and then back to the childhood of the individual, and then to their genetic makeup. Finally, he expands the view to encompass factors larger than that one individual. How culture has shaped that individual's group, what ecological factors helped shape that culture, and on and on, back to evolutionary factors thousands and even millions of years old. The result is one of the most dazzling tours de horizon of the science of human behavior ever attempted, a majestic synthesis that harvests cutting-edge research across a range of disciplines to provide a subtle and nuanced perspective on why we ultimately do the things we do...for good and for ill. Sapolsky builds on this understanding to wrestle with some of our deepest and thorniest questions relating to tribalism and xenophobia, hierarchy and competition, morality and free will, and war and peace. Wise, humane, often very funny, Behave is a towering achievement, powerfully humanizing, and downright heroic in its own right.

Coleridge's Essays and Lectures on Shakespeare and Some Other Old Poets and Dramatists Publications Division (India), New Delhi The Shakespearean Originals Series takes as its point of departure the question: "What is it that we read Shakespeare?" The answer may seem self-evident: we read the words that Shakespeare wrote. But do we? In the case of all the major editions of Shakespeare available in the market, the fact of the matter is that many of the words that we read in an edition of, say, Hamlet, never appeared in the text as it was printed during or shortly after Shakespeare's own lifetime. They are the interpretations and interpolations of a series of editors who have been systematically changing Shakespeare's text from the eighteenth century onwards. This volume offers the text of

Measure for Measure, as printed in the 1623 First Folio.

King Lear. the Tempest Standard Ebooks

The Tempest is a comedy written by William Shakespeare. It is generally dated to 1610-11 and accepted as the last play written solely by him, although some scholars have argued for an earlier dating. While listed as a comedy in its initial publication in the

First Folio of 1623, many modern editors have relabelled the play a romance

Is This a Dagger Which I See Before Me? Courier Dover Publications

An example of Poe's melancholic and morbid poetic pieces, "A Dream Within a Dream" is a poem that pitifully mourns the passing of time. The poet's own life, teeming with depression, alcoholism, and misery, cannot but exemplify the subject matter and tone of the poem. The constant dilution of reality and fantasy is detrimental to the poetic speaker's ability to hold reality in his hands. The quiet contemplation of the speaker is contrasted with the thunderous passing of time that waits for no man. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1845), "The Black Cat" (1843), and "The Gold-Bug" (1843).

The Life and Death of a Man of Character Hogarth

A notorious rake feigns impotence to trick his way into the intimate company of married ladies in this comic masterpiece, which offers an enduring combination of cynicism, satire, and farce.

Translation, Interpretation, and Performance Spectra

Katerina is stifled by her loveless marriage to a bitter man twice her age, whose family are cold and unforgiving. When she embarks on a passionate affair with a young worker on her husband's estate, a force is unleashed inside her, so powerful that she will stop at nothing to get what she wants. Leskov's wrote the novella in the Kiev university's punishment room. He described how his hair stood on end as he worked on it alone in that cold place and swore he would never describe such horrors again. It was published in Dostoyevsky's Epoch magazine in 1865 and is a picture of almost unrelieved wickedness and passion. Ignored at first by contemporaries it is now regarded as a masterpiece.

All's Well That Ends Well in Plain and Simple English (a Modern Translation and the Original Version) Litres

From the Booker Prize winning author of Amsterdam, a brilliant new novel. On the hottest day of the summer of 1935, thirteen-year-old Briony Tallis sees her sister Cecilia strip off her clothes and plunge into the fountain in the garden of their country house. Watching her is Robbie Turner, son of the Tallis's cleaning lady, whose education has been subsidized by Cecilia's and Briony's father, and who, like Cecilia, has recently come down from Cambridge. By day's end, their lives will be changed - irrevocably. Robbie and Cecilia will have crossed a boundary they had not imagined at its start. And Briony will have witnessed mysteries, seen an unspeakable word, and committed a crime for which she will spend the rest of her life trying to atone... Brilliant and utterly enthralling in its depiction of love and war and class and childhood and England, *An Atonement* is a profound - and profoundly moving - exploration of shame and forgiveness, of atonement and of the possibility of absolution.

Tales from Shakespeare Cambridge University Press

'And when I shall die, Take him and cut him out in little stars.' This collection of Shakespeare's soliloquies, including both old favourites and lesser-known pieces, shows him at his dazzling best. One of 46 new books in the bestselling Little Black Classics series, to celebrate the first ever Penguin Classic in 1946. Each book gives readers a taste of the Classics' huge range and diversity, with works from around the world and across the centuries - including fables, decadence, heartbreak, tall tales, satire, ghosts, battles and elephants.

Hamlet is a tragedy by William Shakespeare, believed to have been written between 1599 and 1601. The play, set in Denmark, recounts how Prince Hamlet exacts revenge on his uncle Claudius, who has murdered Hamlet's father, the King, and then taken the throne and married Hamlet's mother. The play vividly charts the course of real and feigned madness—from overwhelming grief to seething rage—and explores themes of treachery, revenge, incest, and moral corruption.
