### **The Castle in the Pyrenees** Forever

Zom-Bis a radical new series about a zombie apocalypse, told in the first person by one of its victims. The series combines classic Shan action with a fiendishly twisting plot and hard-hitting and thought-provoking moral questions dealing with racism, abuse of power and more. As Darren says, "It's a big, sprawling, vicious tale... a grisly piece of escapism, and a barbed look at the world in which we live. Each book in the series is short, fast-paced and bloody. A high body-count is guaranteed!" Can you love a bullying racist thug if he's your father? How do you react when confronted with your darkest inner demons? What do you do

when zombies attack? B Smith is about to find out...

### **The Joy of Living and Dying in Peace** Headline

At its heart, mathematics is about numbers, our fundamental tools for understanding the world. In Professor Stewart's Incredible Numbers, Ian Stewart offers a delightful introduction to the numbers that surround us, from the common (Pi and 2) to the uncommon but no less consequential (1.059463 and 43,252,003,274,489,856,000). Along the way, Stewart takes us through prime numbers, cubic equations, the concept of zero, the possible positions on the Rubik's Cube, the role of numbers in human history, and beyond! An unfailingly genial guide, Stewart brings his characteristic wit and erudition to bear on these incredible numbers, offering an engaging primer on the principles and power of math.

In this exhilarating culinary novel, a woman's road trip through Indonesia becomes a discovery of friendship, self, and other rare delicacies. Aruna is an epidemiologist dedicated to food and avian politics. One is heaven, the other earth. The two passions blend in unexpected ways when Aruna is asked to research a handful of isolated bird flu cases reported across Indonesia. While it's put a crimp in her aunt's West Java farm, and made her own confit de canard highly questionable, the investigation does provide an irresistible opportunity. It's the perfect excuse to get away from corrupt and corrosive Jakarta and explore the spices of the far-flung regions of the islands with her three friends: a celebrity chef, a globe-trotting "foodist," and her coworker Farish. From Medan to Surabaya, Palembang to Pontianak, Aruna and her friends have their fill of local cuisine. With every delicious dish, she discovers there's so much more to food, politics, and friendship. Now, this liberating new perspective on her country--and on her life--will push her to pursue the things she's only dreamed of doing.

NEW YORK TIMES BESTSELLER • This on-point guide to growing up by Instagram sensation Mari Andrew features “achingly vulnerable and completely relatable watercolor illustrations about relationships, heartbreak and the struggles of urban life” (The Washington Post). In the journey toward adulthood, it is easy to find yourself treading the path of those who came before you; the path often appears straight and narrow, with a few bumps in the road and a little scenery to keep you inspired. But what if you don't want to walk a worn path? What if you want to wander? What if there is no map to guide you through the detours life throws your way? From creating a home in a new city to understanding the link between a good hair dryer and good self-esteem to dealing with the depths of heartache and loss, these tales of the twentysomething document a road less traveled—a road that sometimes is just the way you're meant to go. **The Mathematics of Uncertainty** Fleming H. Revell Company  
The true-life adventure of a Western woman who found happiness in Bali, then stayed on in Indonesia to help in the struggle for freedom. The great-granddaughter of a witch from the Isle of Man, the adopted daughter of a Balinese rajah, hostess of one of the most glamorous hotels in the Far East, a prisoner of the Japanese for two horror-packed years and, as Surabaya Sue, an ardent supporter of the Indonesian revolution, K'tut Tantri is well acquainted with the unexpected. Adventure and courage run strong in her blood. It was in a Hollywood movie theater that she first discovered Bali and knew it for the place where she belonged. She had hoped to live and paint there quietly among the island's simple people, but destiny, in the form of a stalled car and a delightful young prince, took a hand and revised her plans. She was formally adopted by the prince's father, and...though she came to know the peasants of the Balinese kampongs, she knew also, and intimately, the life of a Balinese palace with all its ritual and tradition. This world lasted for only a few years. With war come the Japanese, presumably as deliverers overthrowing Dutch rule but in reality as tyrants. K'tut Tantri stayed on to join the underground movement agitating for Indonesian independence, and was eventually captured, imprisoned, tortured. Then with the end of hostilities she chose once again to ally herself with the Indonesians—this time in their

resistance against the British and the returning Dutch. A friend of the leaders around Sukarno, she was instrumental in getting the Indonesian story to the outside world, and on several occasions she lent herself to enterprises requiring the combined talents of Mata Hari and T E. Lawrence. K'tut Tantri has an observant eye, an understanding knowledge, and she writes with spirit. Her story is a deeply moving personal drama and a vivid commentary on a period of crucial change in an ancient, romantic country.
