Art historians have been facing the challenge – even from before the advent of globalization – of writing for an international audience and translating their own work into a foreign language – whether forced by exile, voluntary migration, or simply in order to reach wider audiences. *Migrating Histories of Art* aims to study the biographical and academic impact of these self-translations, and how the adoption and processing of foreign-language texts and their corresponding methodologies have been fundamental to the disciplinary discourse of art history. While often creating distinctly "multifaceted" personal biographies and establishing an international disciplinary discourse, self-translation also fosters the creation of instances of linguistic and methodological hegemony.

Press of Mississippi Alfred Dreyfus saw himself caught in a phantasmagoria, a great complex enigma that needed to be solved, but all the clues seemed to be an hallucination, a will-o'-th'-wisp, or what George Sand called "orblutes". This book examines how Dreyfus and his wife found a powerful new kind of love through Jewish themes at the same time as they were forced to conceal their true identities. To see how Jewish Dreyfus was, the book explores his background in Alsatian culture, in the cosmopolitan Judaism of Paris, and in the customs of Mediterranean Jewry. A close reading of the Court Martial in Rennes shows Dreyfus as more than the "zinc puppet" he was called; the scenario emerging as a variation of horror fantasies popular in the fin de siècle. The book asks two questions: why did Dreyfus prefer Meissonier's paintings to the Impressionists and Post-Impressionists we admire so much; and, why, although he appreciated Zola's efforts on his behalf, did he not refer to his novels? *French Comedy on Screen* Houghton Mifflin Harcourt

the court ballet, comedy-ballet, opera, and opera-ballet, Georgia J. Cowart tells the long-neglected story of how the festive arts deployed an intricate network of subversive satire to undermine the rhetoric of sovereign authority.

A harrowing pathology of the soul, "Mad Shadows" centres on a family group: Patrice, the beautiful and narcissistic son; his ugly and malicious sister, Isabelle-Marie; and Louise, their vain and uncomprehending mother. These characters inhabit an amoral universe where beauty reflects no truth and love is an empty delusion. Each character is ultimately annihilated by their own obsessions. Acclaimed and reviled when it exploded on the Quebec literary scene in 1959, "Mad Shadows" initiated a new era in Quebec fiction.

A True Story of Vermeer, Nazis, and the Greatest Art Hoax of the Twentieth

Century Univ of California Press The Dictionary of Louisiana French (DLF) provides the richest inventory of French vocabulary in Louisiana and reflects precisely the speech of the period from 1930 to the present. This dictionary describes the current usage of French-speaking peoples in the five broad regions of South Louisiana: the coastal marshes, the banks of the Mississippi River, the central area, the north, and the western prairie. Data were collected during interviews from at least five persons in each of twenty-four areas in these regions. In addition to the data collected from fieldwork, the dictionary contains material compiled from existing lexical inventories, from texts published after 1930, and from archival recordings. The new authoritative resource, the DLF not only contains the largest number of words and expressions but also provides the most complete information available for each entry. Entries include the word in the conventional French spelling, the pronunciation (including attested variants), the

part of speech classification, the English equivalent, and the word's use in common phrases. The DLF features a wealth of illustrative examples derived from fieldwork and textual sources and identification of the parish where the entry was collected or the source from which it was compiled. An English-to-Louisiana French index enables readers to find out how particular notions would be expressed in la Louisiane .

Mr. Kiss and Tell New Canadian Library "The Sadomasochistic Homotext" is a work in which sadomasochism, homosexuality, the place of the father and the perversion of language intersect. In the texts discussed, a rebellious group seeks to usurp the authority of the father through the use of language. This book examines novels of Sade, Balzac and Proust. It reveals how marginal sexuality is related to the paradigm of Freud's 'primal horde': the law of the Father is constantly called into question, and literature becomes the locus for this challenge. *The Sadomasochistic Homotext* New York Review of Books Explorons ensemble la

fesse cachée du cul ! Manon, passionnée de sexologie et créatrice du compte Instagram @lecul_nu, s'est donné pour mission de libérer la parole autour du sexe grâce à ce livre. La pression autour de l'orgasme, la toxicité des protections menstruelles, le mythe de la virilité ou le désir après la ménopause : elle déconstruit les préjugés avec humour, précision, et de nombreuses anecdotes puisées dans l'histoire ou ancrées dans l'actualité. L'objectif n'est pas de dire quoi faire ou de définir ce qui est normal, mais d'ouvrir des pistes de réflexion sur notre vision du sexe, version XXI^e siècle : une sexualité plus réaliste et plus inclusive, qui en a ras le bol de devoir faire semblant, qui fait face à de nouvelles technologies, et qui se déconstruit pour mieux se reconstruire. *Beyond Descriptive Translation Studies* Cambridge Scholars Publishing In Framed, Judith Mayne, a respected critic whose reach extends from film, literature, and feminism to the culture at large, offers a sustained exploration of feminist approaches to film and mass culture, with a

particular focus on how contradiction informs feminism in productive and challenging ways. Accessible and engaging, *Framed* will be of interest to anyone who enjoys investigating women's roles in the creation of mass culture. -- from back cover.

To go “beyond” the work of a leading intellectual is rarely an unambiguous tribute. However, when Gideon Toury founded *Descriptive Translation Studies* as a research-based discipline, he laid down precisely that intellectual challenge: not just to describe translation, but to explain it through reference to wider relations. That call offers at once a common base, an open and multidirectional ambition, and many good reasons for unambiguous tribute. The authors brought together in this volume include key players in Translation Studies who have responded to Toury's challenge in one way or another. Their diverse contributions address issues such as the sociology of translators, contemporary changes in intercultural relations, the fundamental problem of defining

translations, the nature of explanation, and case studies including pseudotranslation in Renaissance Italy, Sherlock Holmes in Turkey, and the coffee-and-sugar economy in Brazil. All acknowledge Translation Studies as a research-based space for conceptual coherence and creativity; all seek to explain as well as describe. In this sense, we believe that Toury's call has been answered beyond expectations.

Ugliness or unsightliness is much more than a quality or property of an individual's appearance—it has long functioned as a social category that demarcates access to social, cultural, and political spaces and capital. The editors of and authors in this collection harness intersectional and interdisciplinary approaches in order to

examine ugliness as a political category that is deployed to uphold established notions of worth and entitlement. On the *Politics of Ugliness* identifies and challenges the harmful effects that labels and feelings of ugliness have on individuals and the socio-political order. It explores ugliness in relation to the intersectional processes of racialization, colonization and settler colonialism, gender-making, ableism, heteronormativity, and fatphobia. On the *Politics of Ugliness* asks that we fight against visual injustice and imagine new ways of seeing.

This groundbreaking book focuses on Alfred Dreyfus the man, with emphasis placed on his own writings, including his recently published prison workbooks and his letters to his wife Lucie. Through close reading of these documents, a much more sensitive, intellectual, and Jewish man is revealed than was previously suspected. He and Lucie, through their family connections and mutual loyalty, were interested in and supported the artistic, scientific, philosophical and historical movements that formed their Parisian milieu. But as an Alsatian Jew, Alfred was also critical of many aspects of technological and ideological developments, making his mentality one of skepticism as well as idealism. Norman Simms addresses the way Dreyfus perceived the world, challenged many of its assumptions and contextualized it in the

style of a rabbinical midrash, a process that created what Alfred called a “phantasmagoria” of the Affair that bears his name, and also interprets the man, his milieu and his mentality in the style of a midrash, a creative, transformative reading.

A Bilingual New York Review Books Original Vivant Denon's No Tomorrow is one of the masterpieces of eighteenth-century French libertine literature, a book to set beside Choderlos de Laclos' Les Liaisons dangereuses, except that where Laclos' icy novel tells of hellish depravity, Denon's ravishing novella is a paradisaic diversion. This tale of seduction is itself a seduction, with a plot that could be said to slowly unveil itself before arriving at last at an unexpected consummation.

Summoned by Madame de T—— to her country house, the young hero of Denon's novella is taken on a tour of the grounds, only the beginning of a night that not only will be full of unanticipated delights but will give rise to unforeseen, perhaps unanswerable, questions. Lydia Davis's definitive

translation of Denon's slim masterpiece is accompanied by the French text. Peter Brooks's illuminating introduction explores the mysteries of No Tomorrow's original publication and the subtleties of Denon's ethics of pleasure. Faber Stories Duke University Press

Now in paperback, an award-winning look at French salons and the women who presided over them In the seventeenth and eighteenth centuries, between the reign of Louis XIII and the Revolution, French aristocratic society developed an art of living based on a refined code of good manners. Conversation, which began as a way of passing time, eventually became the central ritual of social life. In the salons, freed from the rigidity of court life, it was women who dictated the rules and presided over exchanges among socialites, writers, theologians, and

statesmen. They contributed decisively to the development of the modern French language, new literary forms, and debates over philosophical and scientific ideas. With a cast of characters both famous and unknown, ranging from the Marquise de Rambouillet to Madame de Sta'l, and including figures like Ninon de Lenclos, the Marquise de Sevigne, and Madame de Lafayette, as well as Pascal, La Rochefoucauld, Diderot, and Voltaire, Benedetta Craveri traces the history of this worldly society that carried the art of sociability to its supreme perfection—and ultimately helped bring on the Revolution that swept it all away.

Self-Translations of a Discipline Faber Stories Revolutionary Paris and the Market for Netherlandish Art restores attention to the aesthetic, intellectual, and economic link between two key periods in the history of art: the "Golden Age" of Dutch and Flemish painting and that of the French Revolution.
