The groundbreaking National Book Award Finalist and Michael L. Printz Honor Book with more than 3.5 million copies sold, *Speak* is a bestselling modern classic about consent, healing, and finding your voice. "Speak up for yourself—we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big lie, part of the nonsense of high school. She is friendless, an outcast, because she busted an end-of-summer party by calling the cops. Now nobody will talk to her, let alone listen to her. As time passes, Melinda becomes increasingly isolated and practically stops talking altogether. Only her art class offers any solace, and it is through her work on an art project that she is finally able to face what really happened at that terrible party: she was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. Her healing process has just begun when she has another violent encounter with him. But this time Melinda fights back—and refuses to be silent. From Astrid Lindgren Memorial Award laureate Laurie Halse Anderson comes the extraordinary landmark novel that has spoken to millions of readers. Powerful and utterly unforgettable, *Speak* has been translated into 35 languages, was the basis for the major motion picture starring Kristen Stewart, and is now a stunning graphic novel adapted by Laurie Halse Anderson herself, with artwork from Eisner-Award winner Emily Carroll. Awards and Accolades for *Speak*: A New York Times Bestseller A National Book Award Finalist for Young People's Literature A Michael L. Printz Honor Book An Edgar Allan Poe Award Finalist A Los Angeles Times Book Prize Finalist A TIME Magazine Best YA Book of All Time A Cosmopolitan Magazine Best YA Books Everyone Should Read, Regardless of Age

Critical Race Theory Houghton Mifflin Harcourt

This Element explores Critical Race Theory (CRT) and its potential application to the field of public administration. It proposes specific areas within the field where a CRT framework would help to uncover and rectify structural and institutional racism. This is

paramount given the high priority that the field places on social equity, the third pillar of public administration. If there is a desire to achieve social equity and justice, systematic, structural racism needs to be addressed and confronted directly. The Black Lives Matter (BLM) movement is one example of the urgency and significance of applying theories from a variety of disciplines to the study of racism in public administration.
