Alongside burgeoning global business, which asserts its legality, ethics and social responsibility, there exists a dark side of shadow trades manifesting various shades of legitimacy. Not only do the latter's corrupt practices, dubious supply chains and other illicit operations run in tandem with global business, these borderless trades intersect with

economic structures and contribute to systems adopted by corporations, endorsed by neoliberal capitalism, that are often condoned by governments and unwittingly sustained by consumers. In a very real sense, all of us may be implicated in shadow trades through our work, consumption and citizenship. Even before we can begin to confront and constrain shadow trades, their business models first need to be identified and analysed in all their networked

complexity, interconnectivity with global business and embeddedness within the world economy.

Numerous hard questions need to be raised around enabling circumstances and responsibilities of stakeholders, as well as the winners and losers resulting from business globalisation and socio-economic inequities within and between countries. Providing background, evidence and analysis on select exemplars of shadow trades, this book provides

graduate students of business, plus scholars in the social sciences, together with practitioners and policymakers, consumer groups and civil society, with an indispensable resource for critical engagement. Only through knowledge gained by research and advocacy for transparency can we begin to shed light on this dark side of global business, enabling all of us to grapple with activism against and collaborative action

towards undermining all shadow trades. Amos Owen Thomas was a Docent / Reader in Marketing and International Business at Stockholm University until his recent retirement

Ginny Blackstone thought that the biggest adventure of her life was behind her. She spent last summer traveling around Europe, following the tasks her aunt Peg laid out in a series of letters before she died. When someone stole Ginny's

backpack—and the last little blue envelope inside—she resigned herself to never knowing how it was supposed to end. Months later, a mysterious boy contacts Ginny from London, saying he's found her bag. Finally, Ginny can finish what she started. But instead of ending her journey, the last letter starts a new adventure—one filled with old friends, new loves, and once-in-a-lifetime experiences. Ginny finds she must hold on to her wits . . . and her heart.

This time, there are no instructions.

A brilliant and penetrating look behind the scenes of modern American politics, *Primary Colors* is a funny, wise, and dramatic story with characters and events that resemble some familiar, real-life figures. When a former congressional aide becomes part of the staff of the governor of a small Southern state, he watches in horror, admiration, and

amazement, as the governor mixes calculation and sincerity in his not-so-above-board campaign for the presidency.

*The Year of Shadows*

A stunning, powerful debut novel set against the backdrop of the Cambodian War, perfect for fans of Chris Cleave and Chimamanda Ngozi Adichie For seven-year-old Raami, the shattering end of childhood begins with the footsteps of her father returning home in the early dawn hours bringing

details of the civil war that has overwhelmed the streets of Phnom Penh, Cambodia's capital. Soon the family's world of carefully guarded royal privilege is swept up in the chaos of revolution and forced exodus. Over the next four years, as she endures the deaths of family members, starvation, and brutal forced labour, Raami clings to the only remaining vestige of childhood - the mythical legends and poems told to her by her father. In a climate of systematic

violence where memory is sickness and justification for execution, Raami fights for her improbable survival. Displaying the author's extraordinary gift for language, In the Shadow of the Banyan is testament to the transcendent power of narrative and a brilliantly wrought tale of human resilience. 'In the Shadow of the Banyan is one of the most extraordinary and beautiful acts of storytelling I have ever encountered' Chris Cleave, author of *The Other Hand* 'Ratner is a

fearless writer, and the novel explores important themes such as power, the relationship between love and guilt, and class. Most remarkably, it depicts the lives of characters forced to live in extreme circumstances, and investigates how that changes them. To read *In the Shadow of the Banyan* is to be left with a profound sense of being witness to a tragedy of history' Guardian 'This is an extraordinary debut ... as beautiful as it is heartbreaking' Mail on Sunday

*The Deep State* Random House Books for Young Readers  
The eagerly awaited new novel from Canada's top crime-fiction writer. It's the May half-term school holiday, and the first warm day of the year has drawn a few children to the River Swain for a swim. When one boy chases another off the path that runs alongside Hindswell Woods, a glimpse of orange through the trees tempts them into the shadows. Moments later, their high spirits vanish in an

instant, for there, to their shock (and ghoulish fascination), they find a man in a brightly coloured shirt hanging from a branch by a rope around his neck. Alan Banks is in London with his new girlfriend when news of the kids' ghastly discovery reaches the police in Eastvale, so the case falls to Annie Cabbot. And she's mystified. Why would a successful set and costume designer, with a well-reviewed production of Othello currently playing, be in such despair that he

would take his own life? In *All the Colours of Darkness*, Peter Robinson has written an exceptionally gripping and intricately plotted story that delivers hard truths about jealousy and betrayal — and of the insidious, corrosive power of secrets. Once more, Robinson proves that he is one of the finest crime-fiction writers in the world.

In her weakest moment, Rory will find true

strength Grieving, shaken, and feeling very much alone, Rory's life as a member of the Shades of London has changed irrevocably. It's only been a matter of hours since Stephen was taken from her, possibly for ever. Her classmate Charlotte is still missing, kidnapped by the same people who tried to take Rory. Rory is no longer a schoolgirl haplessly involved in the dealings of a secret government unit. She is their weapon in a matter of life and death. With hardly a moment to think

for herself, Rory gets back to work. Charlotte must be found -- as must Stephen, if he is even out there. Lines must be drawn and forces rallied. Something is brewing under London, something bigger and much more dangerous than what has come before. The Shadow Cabinet holds the key to everything, and it is up to Rory to unravel its mysteries before time runs out...

The New York Times bestselling author of *The*

*Party Is Over* delivers a no-holds-barred exposé of who really wields power in Washington Every Four years, tempers are tested and marriages fray as Americans head to the polls to cast their votes. But does anyone really care what we think? Has our vaunted political system become one big, expensive, painfully scripted reality TV show? In this cringe-inducing expose of the sins and excesses of Beltwayland, a longtime Republican party insider argues that we have become an

oligarchy in form if not in name. Hooked on war, genuflecting to big donors, in thrall to discredited economic theories and utterly bereft of a moral compass, America's governing classes are selling their souls to entrenched interest while our bridges collapse, wages stagnate, and our water is increasingly undrinkable. Drawing on insights gleaned over three decades on Capitol Hill, much of it on the Budget Committee, Lofgren paints a gripping portrait

of the dismal swamp on the Potomac and the revolution it will take to reclaim our government and set us back on course.

Since the end of the nineteenth century, the Oakley family of Bamford, England, has lived in the shadow of tragedy. In 1889, Cora Oakley died by inhaling a poisonous gas in her sleep, and her husband William was put on trial for the murder. Although the case was dismissed, Oakley's

reputation was ruined, and he fled the country, never to be heard from again. Over a hundred years later, the only remaining members of the Oakley family are two elderly sisters living in Bamford, who exist in poverty in their rambling ancestral home, Fourways. Unable to maintain their mansion, the sisters have decided to sell the house and live comfortably on the proceeds. But a young Polish man named Jan appears, claiming to be William Oakley's great-

grandson and brandishing what he alleges is Oakley's will, which entitles him to half the profits from the sale. The sisters panic, knowing that, although Jan's claims don't stand up, a court case could drag on for years, and time is not on their side. When Jan is found dead, poisoned by the same substance used to kill his great-grandmother so many years ago, it seems that murder has returned to haunt the Oakley family once again, and Superintendent Markby

must unravel two mysteries, one from a hundred years ago, to find the killer. In *Shades of Murder*, Ann Granger has crafted another tough case for Mitchell and Markby.

When destiny calls, there's no fighting back. Kihrin grew up in the slums of Quur, a thief and a minstrel's son raised on tales of long-lost princes and magnificent quests. When he is claimed against his will as the missing son of a treasonous prince, Kihrin finds himself at the mercy of his new family's

ruthless power plays and political ambitions. Practically a prisoner, Kihrin discovers that being a long-lost prince is nothing like what the storybooks promised. The storybooks have lied about a lot of other things, too: dragons, demons, gods, prophecies, and how the hero always wins. Then again, maybe he isn't the hero after all. For Kihrin is not destined to save the world. He's destined to destroy it. Jenn Lyons begins the *Chorus of Dragons* series with *The*

Random House  
New York Times bestselling author  
Maureen Johnson's funny, heartbreaking, and utterly romantic tale gets a great new cover! Ginny Blackstone never thought she'd spend her summer vacation backpacking across Europe. But that was before she received

the first little blue envelope from Aunt Peg. This letter was different from Peg's usual letters for two reasons: 1. Peg had been dead for three months. 2. The letter included \$1000 cash for a passport and a plane ticket. Armed with instructions for how to retrieve twelve other letters Peg wrote—twelve letters that tell Ginny where she needs to go and what she needs to do when she gets there—Ginny quickly finds herself swept away in her first real adventure.

Traveling from London to Edinburgh to Amsterdam and beyond, Ginny begins to uncover stories from her aunt's past and discover who Peg really was. But the most surprising thing Ginny learns isn't about Peg . . . it's about herself. Everything about Ginny will change this summer, and it's all because of the 13 little blue envelopes. Look for the sequel, *The Last Little Blue Envelope!* [The Name of the Star](#) Harper Collins  
In this eagerly awaited addition to the dystopian

series begun with New York Times best-seller *Life As We Knew It*, Jon Evans is one of the lucky ones--until he realizes that escaping his safe haven may be the only way to truly survive. *Final Shadows* SAGE Grade 9 Up--Johnson begins this exceptional novel in a lightweight fashion but quickly segues into more serious issues that affect the three young women who make up the Bermudez Triangle. It is the summer before their senior year in Saratoga Springs, NY. At

first, organized, serious Nina has trouble adjusting to her leadership workshop at Stanford University. Although she desperately misses Avery and Mel, who are waitresses at a restaurant back home, she quickly falls head over heels for eco-warrior Steve, who has grown up in a commune on the West Coast--so different from Nina's secure middle-class experience. When she returns to New York, she immediately senses that Mel and Avery are keeping secrets and soon

discovers that they have become lovers. Rocked to the core, Nina wishes them happiness, but feels excluded and lonely, especially as her long-distance relationship

begins to deteriorate. As is typical for teens, the girls obsess ad nauseam over their romantic relationships. Yet this narrow focus lends authenticity to the narrative, and readers

become drawn into the characters' lives as they stumble toward adulthood, fall in and out of love, enlarge their circle of friends, and rethink their values.
