### **First Words Book**

Usborne Pub Limited  
An illustrated introduction to ethnology.

[The Usborne Internet-linked Encyclopedia of World History](#) Priddy Books US

An internet-linked history of the Earth from its origins in the Big Bang right up to the dawn of the new millennium.

[The Usborne Internet-linked Encyclopedia of World Geography with Complete World Atlas](#) Encyclopedias

This reference work covers the most important dates in world history from 9000BC up to the early 21st century. Containing over 2500 dates, it gives an

overview of the major events of world history in chronological order.

[Encyclopedia of World History](#) Usborne Pub Limited

This new edition introduces young readers to the wonders of the past. Filled with historical information, from the first people, farmers, cities and civilisations all the way to the World Wars and the modern day, this text answers such questions as 'what were the pyramids for?' and 'who lived in the Forbidden City?'

[The Usborne Living World Encyclopedia](#) Edc Pub

A fantastic new edition of this bright and lively encyclopedia, introducing young readers to the world around them, from what's out in space to what can be found at the bottom of the sea. Simple text, amazing photographs, detailed illustrations and a selection of exciting recommended websites make each of the topics easy to understand.

[Complete Book of the Human Body](#) Usborne Pub Limited

First Published in 2000. Routledge is an imprint of Taylor & Francis, an informa company.

[The World as You've Never Seen It Before](#) Our

World

Provides information on astronomy, including telescopes, space travel, and the solar system.

[Little Book of the Human Body](#) Penguin

A fact-packed, illustrated introduction to the human body and how it works.

Full of extraordinary photographs plus activities and experiments to try, it explores everything from allergies to brain waves, from x-rays to zits.

[The Usborne Little Encyclopedia of Space](#) Look Inside

Discusses the world's oceans, the animals that live in them, and the threats they face from overfishing, pollution, and global warming.

**Our World** Usborne Books

Lift the flaps to discover where different animals make their homes, up high in trees, down deep under the ground, or under the sea in a coral reef. Find out how animals in the freezing cold Arctic keep themselves warm, and those in scorching deserts stay cool. It's also surprising to learn how many animals live inside your cosy home with you... An interactive yet informative book about where different animals live. With over 80 flaps,

children can discover how different animals make, build or seek out their homes. Investigates lots of different habitats and animal types, including insects such as bees, wasps and ants. Ideal for school studies and fun to dip into for pleasure.

*All About Diversity*

Elsevier

Our World Usborne Books

*The Usborne Internet-linked Encyclopedia of Planet Earth* Usborne Books

Provides information on telescopes, space travel, the planets of the solar system, stars, and related topics, and offers Internet addresses for further research.

*Encyclopedia of the World's Biomes* Penguin

This is a must-have encyclopedia with over 1500 amazing photographs, illustrations and diagrams. Topics covered include animals and plants, how the human body works, history, cultures, science, technology, space, and our world.

*Encyclopedia of Dinosaurs & Prehistoric Life* Penguin

Simple, yet informative text combines with extraordinary

photographs, maps, animal facts and classification charts.

**The Usborne Internet-linked Science**

**Encyclopedia** Usborne Pub Limited

Trees are amazing, and this first picture book is the perfect introduction for kids keen to learn more about them. In a supersized lightweight format, the book can be read on the floor, held up by a teacher or parent to show and share with a group, and enjoyed by all children whether alone or with others. Thematic spreads introduce incredible trees of all kinds, including lots of the most popular and well-known varieties that children might recognize, as well as intriguing and unusual species to find out about. Beautiful large illustrations by expert natural history artists are full of detail, and there is a bonus at the back of the book with an entire pictorial forest of even more trees to explore!

*The Usborne First Encyclopedia of Animals* Routledge

Explore our wonderful world in this big book of

exciting information, fascinating photographs, and colourful illustrations. Help your child learn all about the world with My First Encyclopedia by Priddy Books...

*How Science Shapes Our World* Armadillo

Amazing photographs and illustrations with lively text to explain the amazing human body.

**Encyclopedia of the Ancient World** Usborne Pub Limited

The latest addition to Christine Pym's feelings titles in the this popular First Questions & Answers series, using the wonderful world of bugs to explore the importance of kindness. This beautiful book explores how to be kind and why kindness is so important. It's not just about being kind to others, it's about being kind to ourselves, kind to nature and kind to our planet too. Delightful examples from Christine Pym's bug world give plenty to talk about and be inspired by.

*First Encyclopedia of History* Usborne Books

Introduces major topics in the sciences, and suggests related activities.
