Rapid Review of Clinical Medicine for MRCP Part 2 Oxford Specialty Training: Rev

This book is a must for all MRCP candidates. Together with the two companion volumes, the book provides a comprehensive guide to the written paper MRCP syllabus. Volume 2 contains 60 case histories essential for preparation for the case history component of the exam. These encompass the full range of general medical problems encountered in hospital practice. Familiarity with the contents of this book will ensure that all candidates stand the best chance of passing the exam first time!

Get Through MRCPC Part 2: Data Interpretation Questions, second edition Oxford University Press, USA

The MRCP Part 2 Examination is increasingly orientated around evidence-based medicine, up-to-date patient management and current guidelines.

This is a move away from the esoteric questions seen in the past and it makes a more useful exam. This book combines the three sections of the exam; case histories, data interpretations and photographic material, to give candidates all round practice.

MRCP 2 CRC Press

Helps to practice your exam technique to gain valuable confidence in your ability to pass the MRCP Part 1 examination. This book includes: 4 practice

papers with 100 questions, clinical scenarios, and teaching notes to focus revision.

Get Through MRCP Part 2: 450 Best of Fives, 2nd edition PasTest Ltd

Best of Five MCQs for the MRCP Part 1 Volume 2 Churchill Livingstone

Medicine for MRCP provides a comprehensive review of the material that you need to pass the MRCP Parts 1 and 2 written papers. The twenty-seven chapters mapped out to the RCP syllabus, cover all areas from molecular medicine and genetics, through to medical law and ethics. Written by specialist contributors and educational experts, the content is carefully crafted to build your understanding for both papers. Each chapter begins with the basic science required for Part 1, before covering clinical medicine for Part 1, Part 2 and the PACES examinations. To ensure effective revision, material is presented in short sections with bullet lists, tables, and boxes. Over 150 drawings and photos illustrate key principles and clinical topics making them easier to retain. References to evidence-based protocols and directions to further reading allow for deeper understanding. Candidates can review their progress via the 180 end-of chapter self-assessment questions. Drawing on the authors' expertise, Medicine for MRCP is the ideal companion for the MRCP as well as a useful reference guide for practicing medical doctors.

Neurology for Mrcp Wiley-Blackwell

This book is the essential revision guide for neurology in the Membership of the Royal College of Physicians (MRCP). Neurology has been rated as the most difficult subject in MRCP examinations and there has been no concise and easy-to-use revision guide to help candidates through the exams until now. Neurology for MRCP is written by two experienced neurologists who have taught both the written (Part 1 and Part 2) and clinical (PACES) sections of the exam. This pioneering new book will also be useful for medical students sitting for their final examinations and for doctors who are preparing for the PLAB examination.

Mnemonics for MRCP PasTest Ltd

Here's an essential revision tool for the MRCP exam. The second book in this three-book series, written by renowned experts, offers fully detailed answers and helps to prepare students in data interpretation of laboratory or other results (such as ECGs) by implementing practical case histories.

Get Through Radiology for MRCP CRC Press

This book provides MRCP candidates with over 100 illustrated questions and explanatory answers, in the style of the new exam. Cases and the subsequent discussion points have been carefully selected to optimise learning and revision. The main author, Dr Huw Beynon, has now taught a generation of doctors. His books are renowned amongst MRCP candidates for providing carefully chosen, challenging and stimulating material. The second author, Dr Luke Gompels, has taken the MRCP examination recently enough to be familiar with its pitfalls, thus ensuring that these pearls of wisdom will be passed on to yet more candidates hungry for MRCP success. · A thorough and up-to-date collection of illustrated 'best of five' questions · Aimed at MRCP Part 2 (written) exam · Detailed explanatory answers - useful for revision of specific topics · Full colour illustrations throughout - to show clinical features · All questions in the new 'best of five' format · Larger, more attractive page size · Attractive new format: clear style and colourful presentation

MRCP 1 Pocket Book American Bar Association

Part of MRCP 1 Pocket Book series, this book features questions and answers providing essential practice for the MRCP Part 1 exam.

MRCP Part 2 JP Medical Ltd

"Structured in the same way as the MRCP part 2 written exam, the two volumes of this self-assessment book together contain over 270 questions based on clinical scenarios which address the more difficult aspects of the medical curriculum. Chapters are divided by clinical specialties. Volume 1 includes: cardiology, dermatology, endocrinology and metabolic medicine, gastroenterology, haematology, and infectious diseases. Volume 2 includes: neurology and ophthalmology, oncology and palliative care, psychiatry and clinical pharmacology, nephrology, respiratory medicine and rheumatology. The first section of each chapter contains a clinical scenario followed by a multiple-choice, 'best-of-five', question written in the style of the MRCP exam. The second section of each chapter contains the answer, a concise and clear explanation of the reasoning behind the given answer being correct, as well as a comprehensive tutorial on the subject matter which uses high-quality diagrams and tables to help readers absorb and retain information quickly and orderly. References for further reading are also then given for those interested in a broader review"--
