Originally published in 1960, The Dictionary of American Slang is widely regarded as the standard in its field. Expanded and completely updated, this third edition contains more than 19,000 terms of representing the variety and vigor of American slang, from the most widely acceptable to the taboo, and covering all periods of American history -- from the gypsies, soldiers, railroad workers and

cowboys of the 19th century to more modern spawning grounds such as the rock 'n' roll world, the corporate sector, African-Americans, gays and lesbians and many more. Intimately connected with the fringes of our culture and responding with vigilance to new developments in technology, slang is the fastest changing part of our language. This new edition considers the subcultures that have emerged in the wake of the past decade's technological and communication advances, including the advent of computer usage at home and in the workplace and the explosion of the Internet and the World Wide Web. With more than 2,000 new terms, the Lexicon of the '90s is recorded here in definitive detail. Like previous editions, this edition features pronunciation guides, word origins, examples of appropriate usage as well as a helpful highlighting system that lets you know which terms should be used with caution, and never in polite company. Both as important archive of the way America is really talking and a lot of fun to read, The Dictionary of American Slang will prove to be an invaluable companion in keeping up with the dauntingly jargon-filled, quickly evolving language of today.

The perfect stocking filler for anyone who imagines themselves flying a spitfire . . . Drop your visiting cards, put aside your beer-lever, stop being a half-pint hero and discover the gloriously funny slang which was part of everyday life in two world wars. Passion-killers: Airwomen's service knickers,

whether twilights (the lighter, summer-weight variety) or black-outs (the navy-blue winter-weights). A wise directive has purposely made them as unromantic in colour and in design as a wise directive could imagine. Thanks to the work of Eric Partridge in 1945, the hilarious slang of the Royal Air Force during the first two World Wars has been preserved for generations to come. While some phrases like 'chocks away!' have lasted to this day, others deserve to be rediscovered . . . Beer-lever: From pub-bars, meaning the 'Joystick' of an aircraft. Canteen cowboy: A ladies' man. Half-pint hero: A boaster. One who exemplifies the virtue of Dutch courage without having the trouble of going into action. Tin fish: A torpedo. " —The Washington Post A truly original book in every sense of the word, *The Dictionary of Obscure Sorrows* poetically defines emotions that we all feel but don't have the words to express—until now. Have you ever wondered about the lives of each person you pass on the street, realizing that everyone is the main character in their own story, each living a life as vivid and complex as your own? That feeling has a name: "sonder." Or maybe you've watched a thunderstorm roll in and felt a primal hunger for disaster, hoping it would shake up your life. That's called "lachesism." Or you were looking through old photos and felt a pang of nostalgia for a time you've never actually experienced. That's "anemoia." If you've never heard of these terms before, that's because they didn't exist until John Koenig set out to fill the gaps in our language of emotion. *The Dictionary of Obscure Sorrows* "creates beautiful new words that we need but do not yet have," says John Green, bestselling author of *The Fault in Our Stars*. By turns poignant, relatable, and mind-bending, the definitions include whimsical etymologies drawn from languages around the world, interspersed with otherworldly collages and lyrical essays that explore forgotten corners of the human condition—from "astrophe," the longing to explore beyond the planet Earth, to "zenosyne," the sense that time keeps getting faster. *The Dictionary of Obscure Sorrows* is for anyone who enjoys a shift in perspective, pondering the ineffable feelings that make up our lives.
