 The book consists of three sermons or speeches delivered to the Israelites by Moses on the plains of Moab, shortly before they enter the Promised Land. The first sermon recapitulates the forty years of wilderness wanderings which have led to this moment, and ends with an exhortation to observe the law (or teachings), later referred to as the Law of Moses; the second reminds the Israelites of the need for exclusive allegiance to one God and observance of the laws (or teachings) he has given them, on which their possession of the land depends; and the third offers the comfort that even should Israel prove unfaithful and so lose the land, with repentance all can be restored.[2]

 No Old Testament book has exerted a greater influence on the

formation of both Jewish and Christian thought and practice than Deuteronomy. When we read Deuteronomy today, we hear Moses address us as a future generation of the covenant people of God. In this BST volume, Raymond Brown guides Christians to hear and appreciate the timeless relevance of this ancient message.

This volume describes the emergence of written communication in Deuteronomy, and carefully examines the poetics of powerful analogy: Deuteronomy is a book that tells of the birth of a book - Moses' Torah book.

Craigie's study on the Book of Deuteronomy is part of The New International Commentary on the Old Testament. Like its companion series on the New Testament, this commentary devotes considerable care to achieving a balance between technical information and homiletic-devotional interpretation.

Isaiah in the New Testament brings together a set of specially commissioned studies by authors who are experts in their field. Beginning with an introductory chapter on the use of Isaiah in the Dead Sea Scrolls and Second Temple literature, contributors go on to discuss each of the New Testament books that contain

quotations from Isaiah: Matthew, Mark, (Q), Luke-Acts, John, Romans and Galatians, 1 and 2 Corinthians, Hebrews, 1 Peter and Revelation. Together they provide an overview of the status, role and function of Isaiah in the first century, considering the Greek and Hebrew manuscript traditions and offering insights into the various hermeneutical stances of the New Testament authors and the development of New Testament theology. The volume includes contributions from Darrell Hannah, Morna Hooker, Christopher Tuckett, Richard Beaton, Bart Koet, Catrin Williams, J. Ross Wagner, Florian Wilk, Cecil McCullough, Steve Moyise and David Mathewson.

This book on Deuteronomy seeks to place before a broad audience of students and lay readers one of the important books among the first five books (together called the Pentateuch) in the Hebrew Bible or Old Testament. It lifts up major themes in the book, one of the most prominent being Moses as prophet par excellence. Deuteronomy is the Old Testament's major book on law and covenant, re-presenting the Ten Commandments given to Israel at Mount Horeb (also known as Sinai). But the book is more concerned to present the Deuteronomistic Code (in chapters 12-26) taught to Israel in the plains of Moab, just before Moses dies and Israel is to cross the Jordan River into Canaan. The writer of Deuteronomy is not Moses, as stated in the Jewish Talmud, but most likely a Levitical priest in the late eighth or early seventh century BC who assumes the persona of Moses in Judahite worship. Two old poems, the Song of Moses (32:1-43) and the Blessing of Moses (chapter 33), appear in a final supplement to the book, which then closes with an account of Moses's death and burial in Moab.

Like the book of Romans in the New Testament, the book of Deuteronomy provides the most systematic and sustained presentation of theology in the Old Testament. And like the Gospel of John, it represents mature theological reflection on God's great acts of salvation, in this case associated with the exodus of Israel from Egypt. Unfortunately, for many Christians, Deuteronomy is a dead book, either because its contents are unknown or because its message is misunderstood. The essays in this collection arise from a larger project driven by a passion to recover for Christians the life-giving message of the Old Testament in general and the gospel according to Moses in particular. The "meditations" cover a wide range of topics, from explorations into the meaning of specific texts to considerations of the ethical and homiletical relevance of the book for Christians today.

Deuteronomy in the New Testament brings together a set of specially commissioned studies by authors who are experts in the field. After an introductory chapter on the use of Deuteronomy in the second temple literature, each of the New Testament books that contain quotations from Deuteronomy are discussed: Matthew, Mark, Luke-Acts, John, Romans & Galatians, 1 & 2 Corinthians, Hebrews, the Pastoral Epistles and Revelation. The book provides an overview of the status, role and function of Deuteronomy in the first century. It considers the Greek and Hebrew manuscript traditions and offers insights into the various hermeneutical stances of the New Testament authors and the development of New Testament theology.

Ritual in Deuteronomy explores the symbolic world of Deuteronomy's ritual covenant and curses through a lens of religious studies and anthropology, drawing on previously unexamined Mesopotamian material. This book focuses on the ritual material in Deuteronomy including commands regarding sacrifice, prayer objects, and especially the dramatic ritual enactment of the covenant including curses. The book's most unique feature is an entirely new comparative study of Deut 27-30 with two ritual texts from Mesopotamia. No studies to date have undertaken a comparison of Deut 27-30 with ancient Near Eastern ritual texts outside of the treaty oath tradition. This fresh comparison illuminates how the ritual life of ancient Israel shaped the literary form of Deuteronomy and concludes that the performance of oaths was a social strategy, addressing contemporary anxieties and reinforcing systems of cultural power. This book offers a fascinating comparative study which will be of interest to undergraduate and graduate students in biblical studies, classical Hebrew, theology, and ancient Near Eastern studies. The book's more technical aspects will also appeal to scholars of the Pentateuch, Deuteronomy, Biblical Law, Ancient Near Eastern History, Mesopotamian Studies, and Classics.

Second Timothy 3:16-17 tells us that all Scripture "is useful for teaching, rebuking, correcting and training in righteousness, so that the man of God may be thoroughly equipped for every good work." Deuteronomy is one of the four Old Testament books most quoted in the New Testament. It is essentially a series of sermons Moses gave to the people of Israel before he died. This Navigator study explores Moses' teachings and how they can apply to our lives today. • 13 lessons • Includes study aids and discussion questions.

In this commentary Ian Cairns presents Deuteronomy as a slowly evolving, complex composite -- as legal code, as treaty text or covenant, as Moses' farewell speech, and as the final volume of the Pentateuch. Despite Deuteronomy's structural complexity, however, Cairns shows how the theme "Word and Presence" permeates the entire book: God is the living Presence who can be encountered and known through his word addressed to each generation in turn. This commentary is unique in its emphasis on the theology of Deuteronomy (e.g., law as "humane instruction") as well as in its modern applications and illustrations from non-Western cultures. Does the Old Testament have an optimistic outlook for the people of God, ancient Israel, or is it pessimistic? The strands of

optimism and pessimism seem to be juxtaposed throughout. In this study of Deuteronomy, a linchpin book within the Old Testament, the so-called tensions between optimism and pessimism are shown to cohere theologically. Despite the faithlessness of Israel, Yahweh's faithfulness to his promises results in the triumph of grace.

The studies in this collection, reflecting recent developments in feminist exegesis in Europe and the United States, comprise three 'revisits': the first, to Exodus and Moses, includes Susanne Scholz on a literary feminist reading of Exodus, Harold Washington on Exodus and Zora Neale Hurston's 'Moses, Man of the Mountain', Ilona Rashkow on 'Oedipus Wrecked: Moses and God's Rod', and 'Divine Puppeteer: Yahweh of Exodus' by Cheryl Kirk-Duggan. The second revisit, to Miriam, comprises 'Miriam' by Phyllis Silverman Kramer, 'Miriam Re-Imagined, and Imaginary Women of Exodus in Musical Settings' by Helen Leneman, Alice Bach, 'Dreaming of Miriam's Well' and Irmtraud Fischer on 'The Authority of Miriam'. The third revisit is to Daughters, where Tal Ilan writes on the daughters of Zelophehad and Leila Bronner on 'Serah and the Exodus'.

This milestone commentary by Jack Lundbom is intended for any and all readers who want to better know and understand the key Pentateuchal book of Deuteronomy, which has had a huge influence on both Judaism and Christianity over the centuries. For Jews Deuteronomy contains the Decalogue and the Shema -- Hear, O Israel, the Lord our God is one (6:4) -- supplemented by a code of primal legislation. Deuteronomy is much cited in the New Testament and has come to occupy an important place in the life and doctrine of the Christian church. It lifts up important wisdom themes such as humane treatment and benevolence to the poor and needy and is rich in theology, calling repeatedly on Israel to reject other gods and worship the Lord alone as holy. Besides drawing on language, archaeology, and comparative Near Eastern material, Lundbom's commentary employs rhetorical criticism in explicating the biblical text. Lundbom also cites later Jewish interpretation of the book of Deuteronomy and makes numerous New Testament connections. An appendix contains all citations of Deuteronomy in the New Testament.
