the tools necessary to save himself and his loved ones from an uncertain future. With the same quick wit and eye for cultural trends that marked *The Game*, *The Dirt*, and *How to Make Love Like a Porn Star*, *Emergency* traces Neil's white-knuckled journey through today's heart of darkness, as he sets out to move his life offshore, test his skills in the wild, and remake himself as a

gun-toting, plane-flying, government-defying survivor. It's a tale of paranoid fantasies and crippling doubts, of shady lawyers and dangerous cult leaders, of billionaire gun nuts and survivalist superheroes, of weirdos, heroes, and ordinary citizens going off the grid. It's one man's story of a dangerous world—and how to stay alive in it. Before the next disaster strikes, you're

going to want to read this book. And you'll want to do everything it suggests. Because tomorrow doesn't come with a guarantee...  
*The Uncomfortable Truth about How You Waste Time at Work* Rodale  
 Time is your most precious resource. You can't buy more. You can't make more. But you can make the most of the time you already have. This book shows you how to take back control

using five simple steps. It's not about doing more of being more productive. It's about respecting your time and teaching others to respect it too. Done right, The Diary Detox® will get you A DAY BACK EVERY WEEK. It will show you how to clear the noise from your diary - and your head - giving you much needed space to refocus on the things that actually matter in work and life. Ask yourself...WHA

T ARE YOU DOING? You might complete this book and think, "Well, isn't that obvious?". If so, good! Diary Detox® was designed to be incredibly simple but it's not easy and will take determination and commitment to yield results; that part is up to you. And because time is of the essence, everything has been distilled down to just over 100 pages. The Fear-

Fighter Manual Dey Street Books Why Racism Persists An Uncomfortable Truth Investigations into racism in America tend to be one-sided with an almost exclusive focus on those discriminated against. "Why Racism Persists. An Uncomfortable Truth," explores what has been virtually ignored: the causes and motivations for White racism. Beginning with its European

roots, Dr. Collier traces the evolution of racism and delves into factors that have sustained the system of White privilege and anti-Black racism in America. What his analysis unearths are new areas of dialogue about racism and how we might bring some solutions to this most difficult problem. Dr. Walter V. Collier was born and grew up in Brooklyn, New York and

currently lives on Martha's Vineyard in Massachusetts . He graduated from Brooklyn College with a B.A. degree in psychology, earned a M.A. also from Brooklyn College in social psychology and a doctorate in public policy analysis from New York University. For most of his professional career, he has worked as a research and strategic planning consultant for numerous organizations,

including the National Science Foundation, Princeton University, the American Cancer Society, Ford Foundation, Sigma Pi Phi, Howard University, the Interdenominational Theological Center, the Joint Center for Political and Economic Studies, and the University of New Mexico. He has authored many publications dealing with an array of subjects including health care,

criminal justice, education, racial discrimination, religious organizations, creationism, and diversity in science and engineering.

### **25 Lies**

Harper Collins  
When a parent singles out a child for special privileges and attention, that child is often unaware that the relationship is unhealthy—even incestuous. As adults, these children struggle to feel validated, because while they have not been directly

abused, they feel a sense of violation and crossed boundaries—usually done in the name of 'love' and 'caring.' The parent's love feels more confining than freeing, more demanding than giving, more intrusive than nurturing. Yet these children suffer from what psychologist Kenneth Adams calls The Silent Seduction—because there is nothing loving or caring about a close parent-child relationship

that services the needs of the parent rather than the child. In this revised and updated 20th anniversary edition of his groundbreaking book *Silently Seduced*, Dr. Adams explains how 'feeling close,' especially with the opposite-sex parent, is not the source of comfort the image suggests, especially when that child is cheated out of a childhood by being a parent's surrogate partner. He

offers a framework to understand this covert incest and its effect on sexuality, intimacy, and relationships, and how victims can begin the process of recovery.

**An Uncomfortable Book About Relationships**

Harper Collins  
Does your church make you uncomfortable? It's easy to dream about the "perfect" church—a church that sings just the right songs set

to just the right music before the pastor preaches just the right sermon to a room filled with just the right mix of people who happen to agree with you on just about everything. Chances are your church doesn't quite look like that. But what if instead of searching for a church that makes us comfortable, we learned to love our church, even when it's challenging? What if some

of the discomfort that we often experience is actually good for us? This book is a call to embrace the uncomfortable aspects of Christian community, whether that means believing difficult truths, pursuing difficult holiness, or loving difficult people—all for the sake of the gospel, God's glory, and our joy. Sex, Love, Commitment, and the Puzzle of the Male Mind  
Crossway

Uncle Patrick died young. That's all Josh knows. When Josh and his mother go to stay with his grandmother for the summer, he assumes it's going to be the worst summer of his life. That is until he finds a hidden attic and a collection of strange drawings by his uncle, Patrick, who died suddenly in his teens. Patrick has no grave. His name is never spoken. As Josh explores his mother's home town

and follows Patrick's footsteps he begins to uncover the dark truth his family has hidden for forty years ... With the truth hidden between two summers decades apart, *Truth or Dare* by Celia Rees is a page-turning story of shame, secrets and the unbreakable bond of family. *An In Depth Study Into The Rhodesian Viscount Tragedies.* *Headline* For fans of *I'm*

*Not Dying with You Tonight*, this gripping YA novel digs into the historical and present-day effects of white supremacy and the depths of privilege. Shania never thinks much about being white. But after her beloved grandmother passes, she moves to the gentrifying town of Blue Rock and is thrust into Bard, the city's wealthiest private school. At Bard, race is both

invisible and hypervisible, and Shania's new friends are split on what they see. There's Catherine, the school's queen bee, who unexpectedly takes Shania under her wing. Then there's Prescott, the golden boy who seems perfect...except for the disturbing rumors about an altercation he had with a Black student who left the school. But Prescott isn't the only one with secrets. As Shania

grieves for the grandmother she idolized, she realizes her family roots stretch far back into Blue Rock's history. When the truth comes to light, Shania will have to make a choice and face the violence of her silence.

**Embracing Uncomfortable** House of Anansi From the New York Times bestselling author of *A Legacy of Spies*. "A novel that beckons us beyond any and all expectations."

—Jonathan Yardley, *The Washington Post* A counter-terrorist operation, code-named *Wildlife*, is being mounted on the British crown colony of Gibraltar. Its purpose: to capture and abduct a high-value jihadist arms buyer. Its authors: an ambitious Foreign Office Minister, a private defense contractor who is also his bosom friend, and a shady American CIA operative of the

evangelical far-right. So delicate is the operation that even the Minister's personal private secretary, Toby Bell, is not cleared for it. Three years later, a disgraced Special Forces Soldier delivers a message from the dead. Was Operation Wildlife the success it was cracked up to be—or a human tragedy that was ruthlessly covered up? Summoned by Sir Christopher "Kit" Probyn,

retired British diplomat, to his decaying Cornish manor house, and closely observed by Kit's daughter, Emily, Toby must choose between his conscience and duty to his Service. If the only thing necessary for the triumph of evil is that good men do nothing, how can he keep silent? *This Is Awkward* Harper Collins NO MORE GAMES. IT'S TIME FOR THE TRUTH. Neil Strauss made a name for himself

advocating freedom, sex and opportunity as the author of *The Game*. Then he met the woman who forced him to question everything. Neil's search for answers took him from Viagra-laden free-love orgies to sex addiction clinics, from cutting-edge science labs to modern-day harems, and, most terrifying of all, to his own mother. What he discovered changed everything he knew about

love, sex, relationships and, ultimately, himself. The Truth may have the same effect on you. The Conversation HarperCollins Don't waste your awkwardness. The most difficult subjects in our lives are also the ones that we find most uncomfortable to talk about: divorce, body image, sexuality, pornography, or depression. Our awkward silence reveals the gap that

exists between what we are and what we know we should be. But God loves those awkward moments, Sammy Rhodes argues, because they are precisely where we find connection with God and one another. In *This Is Awkward*, Rhodes talks directly, honestly, hilariously about the most painfully uncomfortable subjects in our lives. In chapters like "Parents Are a Gift (You Can't

Return Them)" and "The Porn in My Side," he boldly goes where most of us fear to tread, revealing that we can be liberated by the embrace of a God who knows the most shameful things about us and loves us all the same. Because nothing is too awkward for God. *This Book Will Save Your Life* Penguin NO MORE GAMES. IT'S TIME FOR THE TRUTH. Neil Strauss made a name for himself

advocating freedom, sex and opportunity as the author of The Game. Then he met the woman who forced him to question everything. Neil's search for answers took him from Viagra-laden free-love orgies to sex addiction clinics, from cutting-edge science labs to modern-day harems, and, most terrifying of all, to his own mother. What he discovered changed everything he knew about

love, sex, relationships and, ultimately, himself. The Truth may have the same effect on you.

**Things That Make White People Uncomfortable (Adapted for Young Adults)** New York Review of Books 'brilliantly written ... a genuinely important book' Jonathan Ross, The Jonathan Ross Show 'something we all need to be reading ... an absolutely brilliant book ... a great

read for all of us' Zoe Ball, BBC Radio 2 'an absolutely terrific book' Susanna Reid, Good Morning Britain '[John Barnes is] such a clear thinker ... well worth reading' Richard Madeley, Good Morning Britain 'this book feels uncomfortable, but important, too ... Passionate, confrontational stuff' The Observer An eloquent and thought-provoking book on racism and prejudice by the Liverpool and England

football legend John Barnes. John Barnes spent the first dozen years of his life in Jamaica before moving to the UK with his family in 1975. Six years later he was a professional footballer, distinguishing himself for Watford, Liverpool and England, and in the process becoming this country's most prominent black player. Barnes is now an articulate and captivating social commentator on a broad

range of issues, and in *The Uncomfortable Truth About Racism* he tackles head-on the issues surrounding prejudice with his trademark intelligence and authority. By vividly evoking his personal experiences, and holding a mirror to this country's past, present and future, Barnes provides a powerful and moving testimony. *The Uncomfortable Truth About Racism* will help to inform and advance

the global conversation around society's ongoing battle with the awful stain of prejudice.

### **Why Racism Persists** Text

*Publishing Exposes the uncomfortable truth about the nature of sin and how its crafty characteristics often seep into the cracks of our lives when we least expect it, discussing how the sins of pride, envy, anger, slothfulness, greed, gluttony, and lust have masked*

themselves in today's technology and culture. Original. **An Inconvenient Truth** Haymarket Books A FINANCIAL TIMES BEST BOOK OF THE YEAR \* An essential tool for individuals, organizations, and communities of all sizes to jump-start dialogue on racism and bias and to transform well-intentioned statements on diversity into concrete actions--from a leading

Harvard social psychologist. FINALIST FOR THE FINANCIAL TIMES AND MCKINSEY BUSINESS BOOK OF THE YEAR AWARD \* LONGLISTED FOR THE PORCHLIGHT BUSINESS BOOK AWARD "Livingston has made the important and challenging task of addressing systemic racism within an organization approachable and achievable."-- Alex Timm, co-founder and CEO, Root Insurance

Company How can I become part of the solution? In the wake of the social unrest of 2020 and growing calls for racial justice, many business leaders and ordinary citizens are asking that very question. This book provides a compass for all those seeking to begin the work of anti-racism. In The Conversation, Robert Livingston addresses three simple but profound questions: What is

racism? Why should everyone be more concerned about it? What can we do to eradicate it? For some, the existence of systemic racism against Black people is hard to accept because it violates the notion that the world is fair and just. But the rigid racial hierarchy created by slavery did not collapse after it was abolished, nor did it end with the civil rights era. Whether it's the

composition of a company's leadership team or the composition of one's neighborhood, these racial divides and disparities continue to show up in every facet of society. For Livingston, the difference between a solvable problem and a solved problem is knowledge, investment, and determination. And the goal of making organizations more diverse, equitable, and inclusive is within our

capability. Livingston's lifework is showing people how to turn difficult conversations about race into productive instances of real change. For decades he has translated science into practice for numerous organizations, including Airbnb, Deloitte, Microsoft, Under Armour, L'Oreal, and JPMorgan Chase. In *The Conversation*, Livingston distills this knowledge and

experience into an eye-opening immersion in the science of racism and bias. Drawing on examples from pop culture and his own life experience, Livingston, with clarity and wit, explores the root causes of racism, the factors that explain why some people care about it and others do not, and the most promising paths toward profound and sustainable progress, all while inviting readers to

challenge their assumptions. Social change requires social exchange. Founded on principles of psychology, sociology, management, and behavioral economics, *The Conversation* is a road map for uprooting entrenched biases and sharing candid, fact-based perspectives on race that will lead to increased awareness, empathy, and action. **The Truth**  
Thomas

Nelson  
One of The New York Times Book Review's "10 Best Books of 2021"  
Shortlisted for the 2021 International Booker Prize A fictional examination of the lives of real-life scientists and thinkers whose discoveries resulted in moral consequences beyond their imagining. *When We Cease to Understand the World* is a book about the complicated links between

scientific and mathematical discovery, madness, and destruction. Fritz Haber, Alexander Grothendieck, Werner Heisenberg, Erwin Schrödinger—these are some of luminaries into whose troubled lives Benjamín Labatut thrusts the reader, showing us how they grappled with the most profound questions of existence. They have strokes of unparalleled genius, alienate

friends and lovers, descend into isolation and insanity. Some of their discoveries reshape human life for the better; others pave the way to chaos and unimaginable suffering. The lines are never clear. At a breakneck pace and with a wealth of disturbing detail, Labatut uses the imaginative resources of fiction to tell the stories of the scientists and mathematicians who expanded our

notions of the possible. *The Assault on Intelligence* Harper Collins Vince Ellison is America's most fearless truth teller. Agree or disagree with his thesis, open-minded readers must grapple with the persuasive power of his arguments, his mastery of facts, and his passionate love for mankind and our Creator. As a young man, Ellison began his career in the belly of the beast—as a prison guard working in the

worst cellblock imaginable—the one he one housing mass murderers, rapists, child molesters, and others who would never be released, and whose crimes would never be redeemed in this world. Vince Ellison saw the face of evil up close. He knows it like few of us ever could. And it was to his dismay and sadness that he has seen that same evil later in life. This time, not in the faces of hardened, incarcerated

criminals. But rather in the eyes of the leaders of the Democratic party. In this stunningly persuasive work, Vince marshals his own experience and couples it with a learned and original analysis to conclude that the leaders of America’s “progressive” party aren’t just wrong on their policy stances—they are deliberately and intently destructive. Ellison painstakingly dismantles the twenty-five

lies underlying Democratic policies and arguments, and provides readers with the tools they need to understand and refute these myths and deceptions. Finally, Ellison implores his fellow Americans and Christians to open their eyes to the damage being done to the nation’s heart and soul in the name of progressivism. Uncomfortable Flatiron Books: An Oprah Book The former vice-president

details the factors contributing to the growing climate crisis, describes changes to the environment caused by global warming, and discusses the shift in environmental policy that is needed to avert disaster. Emergency The TruthAn Uncomfortable Book About Relationships NO MORE GAMES. IT'S TIME FOR THE TRUTH. Neil Strauss made a name for himself advocating freedom, sex

and opportunity as the author of The Game. Then he met the woman who forced him to question everything. Neil's search for answers took him from Viagra-laden free-love orgies to sex addiction clinics, from cutting-edge science labs to modern-day harems, and, most terrifying of all, to his own mother. What he discovered changed everything he knew about love, sex, relationships

and, ultimately, himself. The Truth may have the same effect on you. The TruthAn Uncomfortable Book About Relationships This is not a journey that was undertaken for journalistic purposes. It is a painfully honest account of a life crisis that was forced on me by my own behavior and its consequences . "As such, it requires sharing a lot of things I'm not proud of—and a few

things I feel like I should regret a whole lot more than I actually do. Because, unfortunately, I am not the hero in this tale. I am the villain." So begins Neil Strauss's long-awaited follow-up to *The Game*, the funny and slyly instructive work of immersive journalism that jump-started the international "seduction community" and made Strauss a household name—revere d or

notorious—among single men and women alike. In *The Truth*, Strauss takes on his greatest challenge yet: *Relationships*. And in this wild and highly entertaining ride, he explores the questions that men and women are asking themselves every day: Is it natural to be faithful to one person for life? Do alternatives to monogamy lead to better relationships and greater happiness?

What draws us to the partners we choose? Can we keep passion and romance from fading over time? His quest for answers takes him from Viagra-laden free-love orgies to sex addiction clinics, from cutting-edge science labs to modern-day harems, and, most terrifying of all, to his own mother. What he discovered changed everything he knew about love, sex, relationships, and,

ultimately, Truth just may members of  
 himself. have the the opposite
