Refiguring the Archive at once expresses  
cutting-edge debates on 'the archive' in  
South Africa and internationally, and  
pushes the boundaries of those debates.  
It brings together prominent thinkers  
from a range of disciplines, mainly South  
Africans but a number from other  
countries. Traditionally archives have  
been seen as preserving memory and as  
holding the past. The contributors to this  
book question this orthodoxy, unfolding  
the ways in which archives construct,  
sanctify, and bury pasts. In his  
contribution, Jacques Derrida (an  
instantly recognisable name in

intellectual discourse worldwide) shows  
how remembering can never be  
separated from forgetting, and argues  
that the archive is about the future  
rather than the past. Collectively the  
contributors demonstrate the degree to  
which thinking about archives is  
embracing new realities and new  
possibilities. The book expresses a  
confidence in claiming for archival  
discourse previously unentered terrains.  
It serves as an early manual for a time  
that has already begun.

*The 1619 Project* Arthur a Levine

This vibrant history of London in the  
twentieth century reveals the city as a  
key site in the development of black  
internationalism and anticolonialism.  
Marc Matera shows the significant  
contributions of people of African  
descent to London's rich social and  
cultural history, masterfully weaving  
together the stories of many famous  
historical figures and presenting their  
quests for personal, professional, and  
political recognition against the  
backdrop of a declining British Empire. A  
groundbreaking work of intellectual  
history, *Black London* will appeal to  
scholars and students in a variety of  
areas, including postcolonial history, the  
history of the African diaspora, urban  
studies, cultural studies, British studies,  
world history, black studies, and feminist  
studies.

*Obscene Profits* UNC Press Books

Japan's lightning march across Asia  
during World War II was swift and brutal.  
Nation after nation fell to Japanese  
soldiers. How were the Japanese able to  
justify their occupation of so many Asian  
nations? And how did they find

supporters in countries they subdued and exploited? *Race War!* delves into submerged and forgotten history to reveal how European racism and colonialism were deftly exploited by the Japanese to create allies among formerly colonized people of color. Through interviews and original archival research on five continents, Gerald Horne shows how race played a key—and hitherto ignored—role in each phase of the war. During the conflict, the Japanese turned white racism on its head portraying the war as a defense against white domination in the Pacific. We learn about the reverse racial hierarchy practiced by the Japanese internment camps, in which whites were placed at the bottom of the totem pole, under the supervision of Chinese, Korean, and Indian guards—an embarrassing example of racial payback that was downplayed by the defeated Japanese and the humiliated Europeans and Euro-Americans. Focusing on the microcosmic example of Hong Kong but ranging from colonial India to New Zealand and the shores of the U.S., Gerald Horner radically retells the story of the war. From racist U.S. propaganda to Black Nationalist open support of Imperial Japan, information about the effect of race on U.S. and British policy is revealed for the first time. This revisionist account of the war draws connections between General Tojo, Malaysian freedom fighters, and Elijah Muhammed of the Nation of Islam and shows how white racism encouraged and enabled Japanese imperialism. In sum, Horne demonstrates that the retreat of white supremacy was not only driven by the impact of the Cold War and the energized militancy of Africans and African-Americans but by the impact of the Pacific War as well, as a chastened U.S. and U.K. moved vigorously after this

conflict to remove the conditions that made Japan's success possible.

*Community Organizing and the New Left in the 1960s* PublicAffairs

#1 NEW YORK TIMES BESTSELLER • A dramatic expansion of a groundbreaking work of journalism, *The 1619 Project: A New Origin Story* offers a profoundly revealing vision of the American past and present. ONE OF THE BEST BOOKS OF THE YEAR: The Washington Post, NPR, Esquire, Marie Claire, Electric Lit, Ms. magazine, Kirkus Reviews, Booklist In late August 1619, a ship arrived in the British colony of Virginia bearing a cargo of twenty to thirty enslaved people from Africa. Their arrival led to the barbaric and unprecedented system of American chattel slavery that would last for the next 250 years. This is sometimes referred to as the country's original sin, but it is more than that: It is the source of so much that still defines the United States. The New York Times Magazine's award-winning "1619 Project" issue reframed our understanding of American history by placing slavery and its continuing legacy at the center of our national narrative. This new book substantially expands on that work, weaving together eighteen essays that explore the legacy of slavery in present-day America with thirty-six poems and works of fiction that illuminate key moments of oppression, struggle, and resistance. The essays show how the inheritance of 1619 reaches into every part of contemporary American society, from politics, music, diet, traffic, and citizenship to capitalism, religion, and our democracy itself. This is a book that speaks directly to our current moment, contextualizing the systems of race and caste within which we operate today. It reveals long-glossed-over truths around our nation's founding and

construction—and the way that the legacy of slavery did not end with emancipation, but continues to shape contemporary American life. Featuring contributions from: Leslie Alexander • Michelle Alexander • Carol Anderson • Joshua Bennett • Reginald Dwayne Betts • Jamelle Bouie • Anthea Butler • Matthew Desmond • Rita Dove • Camille T. Dungy • Cornelius Eady • Eve L. Ewing • Nikky Finney • Vievee Francis • Yaa Gyasi • Forrest Hamer • Terrance Hayes • Kimberly Annece Henderson • Jeneen Interlandi • Honorée Fanonne Jeffers • Barry Jenkins • Tyehimba Jess • Martha S. Smith • Bryan Stevenson • Nafissa Thompson-Spires • Natasha Trethewey • Linda Villarosa • Jesmyn Ward

*Interracial Books for Children Bulletin*  
University of California Press

In *Uplift Cinema*, Allyson Nadia Field recovers the significant yet forgotten legacy of African American filmmaking in the 1910s. Like the racial uplift project, this cinema emphasized economic self-sufficiency, education, and respectability as the keys to African American progress. Field discusses films made at the Tuskegee and Hampton Institutes to promote education, as well as the controversial *The New Era*, which was an antiracist response to D. W. Griffith's *The Birth of a Nation*. She also shows how Black filmmakers in New York and

Chicago engaged with uplift through the promotion of Black modernity. Uplift cinema developed not just as a response to onscreen racism, but constituted an original engagement with the new medium that has had a deep and lasting significance for African American cinema. Although none of these films survived, Field's examination of archival film ephemera presents a method for studying lost films that opens up new frontiers for exploring early film culture.

**The Long Afterlife of Nikkei Wartime Incarceration** U of Nebraska Press

Poised on the edge of the United States and at the center of a wider Caribbean world, today's Miami is marketed as an international tourist hub that embraces gender and sexual difference. As Julio Capo Jr. shows in this fascinating history, Miami's transnational connections reveal that the city has been a queer borderland for over a century. In chronicling Miami's queer past from its 1896 founding through 1940, Capo shows the multifaceted ways gender and sexual renegades made the city their own. Drawing from a multilingual archive, Capo unearths the forgotten history of "fairyland," a marketing term crafted by boosters that held multiple meanings for different groups of people. In viewing Miami as a contested colonial space, he turns our attention to migrants and immigrants, tourism, and trade to and from the Caribbean--particularly the Bahamas, Cuba, and Haiti--to expand the geographic and methodological parameters of urban and queer history. Recovering the world of Miami's old saloons, brothels, immigration checkpoints, borders, nightclubs, bars, and cruising sites, Capo makes clear how critical gender and sexual transgression is to understanding the city and the broader region in all its fullness.

*The Catholic Library World* Springer  
Archives of Dispossession Recovering the  
Testimonios of Mexican American  
Herederas, 1848–1960 UNC Press Books  
General Catalogue of Printed Books

Psychology Press  
Sex sells. Already a ten-billion dollar  
business—and growing—most sex  
businesses require relatively low start-up  
costs and minimal equipment. No  
wonder retired porn stars, homemakers,  
college students, and entrepreneurs of  
every stripe are eager to jump on the  
smut band wagon. Following the money  
trail, or in this case, the telecom routes,  
the author reveals how some big phone  
companies are cashing in too. Obscene  
Profits offers a startling and entertaining  
new look at this very old business, and  
shows why pornography, in all of its  
variations—videos, magazines, phone-  
sex, spy cameras, etc.—is one of the  
most profitable and popular new careers  
to come out of the electronic age.

The Fight for Interracial Marriage One  
World

One method of American territory  
expansion in the U.S.-Mexico  
borderlands was the denial of property  
rights to Mexican landowners, which led  
to dispossession. Many historical  
accounts overlook this colonial impact  
on Indigenous and Mexican peoples, and  
existing studies that do tackle this  
subject tend to privilege the male  
experience. Here, Karen R. Roybal  
recenters the focus of dispossession on  
women, arguing that gender, sometimes  
more than race, dictated legal concepts  
of property ownership and individual  
autonomy. Drawing on a diverse source  
base—legal land records, personal  
letters, and literature—Roybal locates  
voices of Mexican American women in  
the Southwest to show how they fought  
against the erasure of their rights, both

as women and as landowners. Woven  
throughout Roybal's analysis are these  
women's testimonios—their stories  
focusing on inheritance, property rights,  
and shifts in power. Roybal positions  
these testimonios as an alternate  
archive that illustrates the myriad ways  
in which multiple layers of  
dispossession—and the changes of  
property ownership in Mexican  
law—affected the formation of Mexicana  
identity.

*The Bicentennial of the United States of  
America* Duke University Press

The Long Afterlife of Nikkei Wartime  
Incarceration reexamines the history of  
imprisonment of U.S. and Canadian  
citizens of Japanese descent during  
World War II. Karen M. Inouye explores  
how historical events can linger in  
individual and collective memory and  
then crystallize in powerful moments of  
political engagement. Drawing on  
interviews and untapped archival  
materials—regarding politicians Norman  
Mineta and Warren Furutani, sociologist  
Tamotsu Shibutani, and Canadian  
activists Art Miki and Mary Kitagawa,  
among others—Inouye considers the  
experiences of former wartime prisoners  
and their on-going involvement in large-  
scale educational and legislative efforts.  
While many consider wartime  
imprisonment an isolated historical  
moment, Inouye shows how  
imprisonment and the suspension of  
rights have continued to impact political  
discourse and public policies in both the  
United States and Canada long after  
their supposed political and legal  
reversal. In particular, she attends to  
how activist groups can use the  
persistence of memory to engage  
empathetically with people across often  
profound cultural and political divides.  
This book addresses the mechanisms by

which injustice can transform both its victims and its perpetrators, detailing the dangers of suspending rights during times of crisis as well as the opportunities for more empathetic agency.

### **The Mixed-Race Movement in America** Routledge

'A comprehensive, well-written and beautifully organized book on publishing articles in the humanities and social sciences that will help its readers write forward with a first-rate guide as good company.' - Joan Bolker, author of *Writing Your Dissertation in Fifteen Minutes a Day* 'Humorous, direct, authentic ... a seamless weave of experience, anecdote, and research.' - Kathleen McHugh, professor and director of the UCLA Center for the Study of Women Wendy Laura Belcher's *Writing Your Journal Article in Twelve Weeks: A Guide to Academic Publishing Success* is a revolutionary approach to enabling academic authors to overcome their anxieties and produce the publications that are essential to succeeding in their fields. Each week, readers learn a particular feature of strong articles and work on revising theirs accordingly. At the end of twelve weeks, they send their article to a journal. This invaluable resource is the only guide that focuses specifically on publishing humanities and social science journal articles.

*The Making of Hawaii's Interracial Labor Movement* Springer Science & Business Media

Imperial Leather chronicles the dangerous liaisons between gender, race and class that shaped British imperialism and its bloody dismantling. Spanning the century between Victorian Britain and the current struggle for power in South Africa, the book takes up the complex relationships between race and

sexuality, fetishism and money, gender and violence, domesticity and the imperial market, and the gendering of nationalism within the zones of imperial and anti-imperial power.

**The Publishers Weekly** Archives of Dispossession Recovering the Testimonios of Mexican American Herederos, 1848-1960

A tribute to the brave example of the Loving family describes how they were arrested in mid-20th-century Virginia for violating laws against interracial marriage and argued their case all the way to the Supreme Court, prompting a landmark civil rights triumph.

[A List of Authors, Titles, and Subjects of Multi-media Materials in the Dance Collection of the Performing Arts Research Center of the New York Public Library](#) BoD - Books on Demand

This book explores the overlooked history of racial mixing in Britain during the course of the twentieth century, a period in which there was considerable and influential public debate on the meanings and implications of intimately crossing racial boundaries. Based on research that formed the foundations of the British television series *Mixed Britannia*, the authors draw on a range of firsthand accounts and archival material to compare 'official' accounts of racial mixing and mixedness with those told by mixed race people, couples and families themselves. *Mixed Race Britain in The Twentieth Century* shows that alongside the more familiarly recognised experiences of social bigotry and racial prejudice there can also be glimpsed constant threads of tolerance, acceptance, inclusion and 'ordinariness'. It presents a more complex and multifaceted history of mixed race Britain than is typically assumed, one that adds to the growing picture of the

longstanding diversity and difference that is, and always has been, an ordinary and everyday feature of British life.

*Reworking Race* American Students Organize

The creed of the United States National Student Association (USNSA) is: A world where there are differences without hate...This is our desire. In this illustrated anthology/sourcebook produced by the USNSA Anthology Project, its editorial director and 90 authors from the GI bill generation that founded the USNSA in 1947, chronicle its formation a

*Ten-year Supplement, 1956-1965*

Government Printing Office

From the time of its emergence in the United States in 1852, the Young Men's Christian Association excluded blacks from membership in white branches but encouraged them to form their own associations and to join the Christian brotherhood on "separate but equal" terms. Nina Mjagkij's book, the first comprehensive study of African Americans in the YMCA, is a compelling account of hope and success in the face of adversity. African American men, faced with emasculation through lynchings, disenfranchisement, race riots, and Jim Crow laws, hoped that separate YMCAs would provide the opportunity to exercise their manhood and joined in large numbers, particularly members of the educated elite. Although separate black YMCAs were the product of discrimination and segregation, to African Americans they symbolized the power of racial solidarity, representing a "light in the darkness" of racism. By the early twentieth century there existed a network of black-controlled associations that increasingly challenged the YMCA to end segregation. But not until World War II did the organization, in response to

growing protest, pass a resolution urging white associations to end Jim Crowism. Using previously untapped sources, Nina Mjagkij traces the YMCA's changing racial policies and practices and examines the evolution of African American associations and their leadership from slavery to desegregation. Here is a vivid and moving portrayal of African Americans struggling to build black-controlled institutions in their search for cultural self-determination. *Light in the Darkness* uncovers an important aspect of the struggle for racial advancement and makes a significant contribution to our understanding of the African American experience.

*The Cambridge Companion to African American Women's Literature* JHU Press

"Books geographically focused on the midwestern and eastern states dominate the study of Mennonites in America. The intriguing history of Mennonites in the American West remains untold. In *From Digging Gold to Saving Souls*, Brian Froese introduces readers for the first time to the California Mennonite experience. Although a few Mennonites did dig for gold in the 1850s, the real story of Mennonites in California begins in the 1890s with westward migrations for fertile soil and healthy sunshine. By the mid-twentieth century, the Mennonite story in California had developed into an interesting tale of religious conservatives--traditional agrarians--finding their way in an increasingly urban and religiously pluralistic California. Some California Mennonites negotiated new identities by endorsing conservative evangelicalism; some found them in reclamations of sixteenth-century Anabaptists. Still other Mennonites found meaningful religious experience by engaging in social action

and justice even when these actions appeared in "secular" forms. These emerging identities--Evangelical, Anabaptist, and secular--covered a broad spectrum, yet represented a selective retaining and discarding of Mennonite religious practices and expressions. From Digging Gold to Saving Souls touches on such topics as migration, pluralism, race, gender, pacifism, institutional construction, education, and

labor conflict, all of which defined the experience of Mennonites of California. Brian Froese shows how this experience was a rich, complex, and deliberate move into modern society. In From Digging Gold to Saving Souls, he introduces readers to a dynamic people who did not simply become modern, but who chose to modernize on their own terms"--
