JOSIAH SANTIAGO

Logic Or, the Right Use of Reason, in the Inquiry After Ruth
Kessinger Publishing

The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. The Age of Enlightenment profoundly enriched religious and philosophical understanding and continues to influence present-day thinking. Works collected here include masterpieces by David Hume, Immanuel Kant, and Jean-Jacques Rousseau, as well as religious sermons and moral debates on the issues of the day, such as the slave trade. The Age of Reason saw conflict between Protestantism and Catholicism transformed into one between faith and logic -- a debate that continues in the twenty-first century. ++++ The below data was compiled from various identification fields in the bibliographic record of this title. This data is provided as an additional tool in helping to insure edition identification: ++++ British Library T109658 Edinburgh: printed for J. Dickson, and J. and J. Fairbairn, 1792. viii,326p.; 12°

Logic Logic, Or, The Right Use of Reason in the Inquiry After Truth with a Variety of Rules to Guard Against Error in the Affairs

of Religion and Human Life, as Well as in the Sciences

Christians who seek a return to the clear-mindedness which characterized the church of previous generations will certainly welcome the return of this great text of logic by Isaac Watts.

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Logic Or the Right Use of Reason in the Inquiry After Truth Nabu Press

This Is A New Release Of The Original 1825 Edition.

Logic: or, The right use of reason in the enquiry after truth
Sagwan Press

This is a reproduction of the original artefact. Generally these books are created from careful scans of the original. This allows us to preserve the book accurately and present it in the way the author intended. Since the original versions are generally quite old, there may occasionally be certain imperfections within these

reproductions. We're happy to make these classics available again for future generations to enjoy!

Logick Gale Ecco, Print Editions

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

Logic; or, The right use of reason, in the inquiry after truth, etc

Excerpt from Logic or the Right Use of Reason in the Inquiry After Truth: With a Variety of Rules to Guard Against Error in the Affairs of Religion and Human Life, as Well as in the Sciences It is evident enough, from all these things, that our reason needs the assistance of art in our inquiries after truth or duty and, without some skill and diligence, forming our judgments aright, we shall be led into frequent mistakes, both in matters of science, and in matters of practice, and some of these mistakes may prove fatal too. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged

copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
